

VILLAGE OF GERMANTOWN
N112 W17001 MEQUON ROAD
GERMANTOWN, WI 53022

MEETING: **PUBLIC SAFETY COMMITTEE**

DATE AND TIME: **MONDAY, November 5, 2018** **5:30 p.m.**

LOCATION: **VILLAGE HALL BOARD ROOM**
N112 W17001 MEQUON ROAD

- I. **CALL TO ORDER:** This meeting has been given public notice in accordance with Wisconsin Statutes, Section 19.83 and 19.84 in such form that will apprise the general public and news media of subject matter that is intended for discussion and action.
- II. **ROLL CALL:** Chairperson Hughes, Trustees Warren, Wing and Myers.
- III. **PUBLIC COMMENT:** *Please be advised per State Statute Section 19.84(2), information will be received from the public. It is the policy of this municipality that there be a three-minute time period, per person, with time extensions per the Chief Presiding Officer's discretion; be further advised that there may be limited discussion on the information received. However, NO ACTION will be taken under public comments.*
- IV. **APPROVAL OF MINUTES:** October 1, 2018 Regular Meeting.
- V. **REPORTS:**
 - A. Police Department.
 1. Monthly.
 - B. Fire Department.
 1. Monthly.
 - C. Overtime Reports.
 1. Police Department.
 2. Fire Department.
 - D. Policy Updates.
 1. Police Department:
 - a. None.
 2. Fire Department:
 - a. None.
- VI. **UNFINISHED BUSINESS:**
 - A. Stop Sign Request at the Intersection of Catskill Lane, Meadow Drive, and Meadow Court.
- VII. **NEW BUSINESS:**
 - A. Operator's Licenses: Daniel Moran, , Jessica Maney, Marcus Lanter, Tammy Menos, Rebecca Waldron, [Recommended Approval]
 - B. Operator License: Jazmine Dickerson [Recommended Denial]

- C. New Class “B” Fermented Malt Beverage and “Class B” Liquor License for Mama Mia’s N112W16344 Mequon Road, Jude Barbieri Agent.
- D. New Class “B” Fermented Malt Beverage and “Class B” Liquor License for The Precinct, W16N11629 Church Street, Jodi Janisse – Kanzenbach Agent.
- E. Resolution 81-2018, Amendment to Fee Schedule for Ambulance and EMT Services.
- F. Resolution 82-2018, Resolution Approving the Upgrade from AEMT to Paramedic for Ambulance and EMT Services.
- G. Animal Fancier License for January 1, 2019 – December 31, 2019.
 - 1. Mary Best, W181N12506 Fond du Lac Avenue.
 - 2. Kathleen Henning, Arnold Henning, N116 W12899 Elm Lane.
 - 3. Clint Murray, Lisa Murray, N63 W15022 Windsong Circle East.
 - 4. Phil Secker, W167 N10532 Bridle Path.
 - 5. Maureen Shaughnessy, W168N11318 Western Avenue.
 - 6. Paul Smith, W140N13629 Country Aire Drive.
 - 7. Cheryl Suckow, W217N9797 White Horse Drive.

VIII. **NEXT MEETING:** Set December 2018 Meeting Date and Time.

IX. **ADJOURNMENT:**

UPON REASONABLE NOTICE, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. For additional information or to request this service please contact the Village Clerk at (262)250-4740 at least 2 days prior to the meeting.

NOTICE is given that a majority of the Village Board may attend this meeting to gather information about an agenda item over which they have decision making responsibility. This may constitute a meeting of the Village Board per State ex rel. Badke v. Greendale Village Board, even though the Village Board will not take formal action at this meeting.

MEETING MINUTES
PUBLIC SAFETY COMMITTEE MEETING
OCTOBER 1, 2018
GERMANTOWN VILLAGE HALL BOARD ROOM

CALL: The meeting was called to order at 5:30 p.m. by Chairman Hughes.

ROLL CALL: Chairman Hughes, Trustee Warren, Trustee Wing were present. Trustee Myers arrived at 5:35 p.m.

Also present were Police Chief Hoell, Interim Fire Chief Delain, Clerk Boldrey, Engineer Nitschke.

PUBLIC COMMENT: James Siebers of N140 W18170 Cedar Lane was present and stated he had some items he would like the Public Safety Committee to look at which include:

- Review speed limits on Division, would like to see speed limit reduced to 45 mph north of Rockfield Road
- Lack of speed enforcement on Cedar Lane which has 40 mph speed limit
- Speed limit on Maple Road between Rockfield and Cedar Lane should be reduced to 40 mph due to numerous residential driveways
- Intersection in Dheinsville should be re-stripped on Maple, both northbound & southbound
- Requested the Village work with the State to make 145 safer
- Referred to other concerns with Maple Road which are detailed on the paperwork Mr. Siebers forwarded to committee members
- Maple Road and Freistadt Road intersection – he is requesting that the Village fix this dangerous intersection which is used daily by high school students by reducing traffic speeds on Freistadt, and by changing the northbound and southbound traffic lanes on Maple at Freistadt from 4 lanes to 2 lanes. He added that the Village is already spending money on the construction at Mequon Road and Country Aire, so they can also dedicate some funds to the intersection of Freistadt and Maple.
- Provided stop sign literature to the committee which illustrates the purpose of stop signs, he advised that the intersection at Freistadt and Maple falls under the guidelines

Trustee Myers arrived at this time, 5:35 p.m.

Robert Ruelle of W188 N12489 Maple Road was present and stated he lives near the intersection of Freistadt and Maple and agrees with Mr. Siebers that the intersection is dangerous. He referred to past accidents where blind spots due to hills caused the crashes, and stated he felt a 4-way stop with elevated stop signs would create a safer intersection. Mr. Ruelle also felt that traffic in this area has increased significantly which adds to the problems.

APPROVAL OF MINUTES: a motion was made by Wing, seconded by Warren, to approve the minutes of the September 17, 2018 Public Safety Committee meeting. Motion carried unanimously.

POLICE DEPARTMENT MONTHLY REPORT: Hoell reported on the following:

- Police response to a burglary-in-progress call which resulted in a pursuit, suspects were in a stolen vehicle and crashed in Menomonee Falls, taken into custody were 3 juveniles
- Thank you note from a village resident where an officer had left a card after finding the resident's garage door open
- Monthly report overall shows no unusual numbers

FIRE DEPARTMENT MONTHLY REPORT: Delain reported on the following:

- Live fire training on Mequon Road, included in the training were personnel from Menomonee Falls, Mequon and Jackson
- Fire Safety Fair will be held on Saturday, October 6th from 10 a.m. – 2 p.m.
- Warren questioned how the live fire training was publicized, Delain advised they placed notifications on Facebook, the Village website, the Journal Sentinel, and notified immediate neighbors
- Hughes asked if Station 1 is now empty, Delain advised except for a few stored items they have moved out

OVERTIME REPORTS:

Police Department – Hoell advised the numbers are tracking better than normal, likely due to the department being fully staffed

Fire Department – Delain advised their numbers are also tracking well

POLICY UPDATES FOR POLICE & FIRE DEPARTMENT:

Police Department – none

Fire Department – none

UNFINISHED BUSINESS

STOP SIGN REQUEST AT INTERSECTION OF CATSKILL LANE, MEADOW DRIVE AND MEADOW COURT: Myers advised he would like this item held over until next month's meeting as he was waiting for some follow-up information.

STOP SIGN REQUEST AT INTERSECTION OF MAPLE ROAD AND FREISTADT ROAD: Engineer Nitschke provided a summary report and the traffic impact study from 2015 on this intersection. He advised he would like to cover a couple items prior to discussing his recommendations.

- Residents in the area have concerns with traffic speed. On page 6 of the report "Existing Traffic Analysis" where Level Of Service (LOS) conditions are discussed, speed plays a factor on Freistadt and lowers the LOS to F on northbound left-turn lanes from Maple onto Freistadt, and southbound Maple onto Freistadt during AM hours

- Pointed out that the general idea of the Levels Of Service is how quickly and safely drivers are going to move through an intersection, with the longer people have to wait, the lower the LOS (referred to LOS table on page 5 of the study) LOS F means at least a 50 second delay at stop sign
- Five interim safety improvements that were listed in the study on page 7
 1. Reduce travel lanes on Freistadt to two lanes (this was done) and reduce traffic speed from 45 to 40
 2. Grading the terrace along north side of Freistadt east of Maple (not done)
 3. Install flashing intersection warning signs (not done), regular intersection warning signs are on Freistadt
 4. Install radar speed feedback signs (not done)
 5. Increase police presence
- Engineering's conclusion for the intersection is that they feel the report is accurate and adequate, the report's conclusion calls for interim safety improvements and a traffic signal at some point on Freistadt which they are recommending. They are also recommending that this conclusion is brought to the Public Works Committee since they are setting the 10-year capital plan for roadway/intersection improvements and can budget accordingly.
- Engineering is also recommending in the interim to upgrade the signage and would recommend high reflective signs and flashing signs for both stop signs and "Dangerous Intersection Ahead" signs

Discussion followed with Wing questioning whether the Engineering Department is advocating a 4-way stop at that intersection until traffic signals are installed, Nitschke advised they are not recommending a 4-way stop but are recommending upgrades to the Dangerous Intersection Ahead signs, purchasing radar enforced speed limit signs for Freistadt, and upgrading stop signs on Maple. Wing responded that his concern is that the cost of traffic signals would cause the project to be postponed for a number of years. Nitschke advised that the 4-way stop was not a part of the study and he had concerns that a 4-way stop would not improve safety at that intersection. Wing questioned why when this study was done, a 4-way stop was not addressed at all, Nitschke surmised that it may have been due to the cost of implementing signage poles for a 4-way, he added that if traffic signals are planned for the future the poles could be engineered for signs that would eventually transition to lights due to the profile of this intersection.

Myers advised he would be in favor of a 4-way stop at this intersection and added that when the RFP was put out for this study, it would have listed the specifications to be included in the study.

Mr. Siebers addressed the committee and advised he requested information from the US DOT Federal Highway Administration which includes information on when it is appropriate to use overhead poles and encouraged committee members to review the paperwork. He also referred to a brochure he provided to the committee which addresses the purpose of a stop sign which includes stating a 4-way multiway stop control should be

installed when a traffic signal is going to be installed and intersection needs a temporary solution to control traffic.

Warren spoke of his concerns as a professional engineer regarding a 4-way stop at that intersection which he said is not a quick fix to the problems there. He felt that the implementation of a 4-way stop could create a dangerous situation with traffic on Freistadt not anticipating the stop sign, and indicated he agrees with Nitschke's recommendations thus far. He added that the best fix would be to lower the profile of the roadway to improve visibility and install signals. He asked Hoell if the police department has increased surveillance in the area, Hoell advised that officers are aware of the issues with this intersection and patrol the area. Warren also asked about the radar feedback signs and their effectiveness, Hoell stated they are effective and drivers react accordingly when their speeds are displayed on these types of signs.

Additional comments included:

- Nitschke clarified that putting a 4-way stop at the intersection would not necessarily make it more unsafe but 4-way stops at those type of intersections can have more tragic crashes due to the higher speeds involved
- Hughes asked for cost estimates for the recommended updates
- Nitschke estimated \$15,000 for signs but will look for better numbers
- Wing asked for cost estimate for a 4-way stop, Nitschke stated he would be meeting with the state and could get some numbers

A motion was made by Myers, seconded by Wing, to put in a 4-way stop at the intersection of Maple and Freistadt with flashing stop signs. Motion failed 1 – 3 with Myers voting aye, Hughes, Warren and Wing voting nay.

A motion was made by Warren, seconded by Myers, to forward this item to the Public Works November meeting with a recommendation to make the following improvements at the intersection of Maple and Freistadt: LED flashing light upgrades to the existing stop signs; put up radar speed limit feedback signs; upgrade the "Dangerous Intersection" signs to high reflectivity; upgrade both speed limit signs. Motion carried unanimously.

OPERATOR LICENSES: Marie Chilicki, Peggy Olson, Taylor Rappold [Recommended Approval]: a motion was made by Myers, seconded by Warren to forward the applications for Operator Licenses as presented to Village Board with a recommendation of approval. Hoell and Delain advised there were no objections from the police and fire departments. Motion carried unanimously.

NEW CLASS B FERMENTED MALT BEVERAGE AND CLASS B LIQUOR LICENSE FOR JP W I LLC, JAY & PETE'S D/B/A, JASON OTTO AGENT, W207 N10466 APPLETON AVE: a motion was made by Wing, seconded by Warren, to forward this license application to Village Board with a recommendation of approval. Hoell and

Delain advised there were no objections from the police and fire departments. Motion carried unanimously.

NEXT MEETING: Hughes advised the November meeting would be held on Monday, November 5, 2018 at the Village Hall Boardroom at 5:30 p.m.

ADJOURNMENT: There being no further business, the meeting was adjourned at 6:32 p.m.

Recorded by,

Julie L. Barth
Secretary

COMMITTEE AGENDA ITEM

REQUEST FORM

I, Trustee DENNIS MYERS hereby request that the following item(s) be placed on the next agenda of the SAFETY Committee, for consideration and action:

ITEM REQUESTED:

STOP SIGNS ALL (4) CORNERS AT
CAT KILL LN, MEADOW DR., MEADOW
CT.

DISCUSSION/REASON:

(1) BAD VISION CROSSING FROM
MEADOW DR. LEFT OR RIGHT
(2) SPEEDING ON CATKILL LN.

1) SEE ATTACHED
MAP

2) LETTER

Dated this 4 day of SEPT., 20 18

Dennis Myers
Signature of Trustee

Intersection of Catskill La. and Meadow Dr.

jhch14@sbcglobal.net [jhch14@sbcglobal.net]

Sent: Sunday, August 05, 2018 10:25 AM

To: Dennis Myers

Trustee Myers,

Per your request, here again is the reason for my concern about the intersection of Catskill La. and Meadow Dr.

Completing a left turn from Meadow Drive to Catskill Lane is difficult and dangerous due to obstructed views both east and west.

Vehicles must pull deep into intersection to obtain a full view. The situation is exacerbated when vehicles are parked on the south side of Catskill.

I'm encouraged that you share my concern.

Thank you for your representation

James Hull

Engineering Department Memorandum

**To : Larry Ratayczak, Public Works Director
Steve Kreklow, Village Administrator**

From : Eric Nitschke, Village Engineer

Date : October 26, 2018

Re : Trustee Myers' request to Safety Committee

Gentlemen,

Trustee Myers has requested that the Safety Committee review a resident request to place 4-way stop signs at the intersection of Catskill Lane, Meadow Drive and Meadow Court. After a review of the request which included site investigation, I would provide the following comments:

- 1) Village municipal code states in Chapter 17.6(2)(g), "The space formed by any 2 existing or proposed intersection street or alley right-of-way lines (property lines) and a line joining points on such lines located a minimum of 15 feet from their intersection."
- 2) Village municipal code goes on to state in Chapter 17.6(5)(a), "No person shall maintain, plant, or permit to remain on any private premises situated at the intersection of 2 or more streets or alleys in the Village any hedge, tree, shrub, or other like obstruction within the vision corner of any street or alley intersection, which may obstruct the view of the operator of any motor vehicle approaching such intersection, to the extent that such operator is unable to observe other vehicles or pedestrians approaching or crossing said intersection. Any such hedge, tree, shrub, sign or other like obstruction is hereby declared to be a public nuisance. Specifically, it must be 2 ½ feet and 10 feet above the mean curb grades within the triangular space formed by vision corner."
- 3) After a field visit, it became very apparent that the vision corner on the southeast quadrant of the intersection is significantly compromised.
- 4) Trustee Myers also stated that a pine tree located to the west, in front of N111W16205 Catskill Lane, was contributing to the lack of vision. However, after a map and field review, it was determined the tree is 200 feet from the intersection. At 25 MPH under dry conditions, average stopping distance of a vehicle is 30 feet. Under snowy conditions, the average stopping distance is 70 feet. Based on the line of sight distance and stopping distance, it is not recommended that any trimming be done to the pine tree in question.
- 5) It appears the general policy along Catskill Lane, which is almost one mile long, is to utilize yield signs at various intersections. There are four-way stop signs at the intersections of Catskill and Legend and Catskill and Hudson. No other stop signs are located on Catskill.

Based on these findings, it is my recommendation that the Highway Department work with the property owner to clear the vision corner on the southeast side of the intersection of Catskill Lane and Meadow Drive. No other work is recommended at this time.

RESOLUTION NO. 81 – 2018

AMENDMENT TO FEE SCHEDULE FOR AMUBLANCE AND EMT SERVICES

WHEREAS, the Village of Germantown having previously set a fee schedule for ambulance and EMT services by the Village of Germantown Fire Department on December 4, 2017, and,

WHEREAS, the current Non-Transport fee for service wasn't applicable until the 5th call out, and due to the cost of responding and possible onsite treatment performed during a call for service even without a transport to a medical facility, a standard fee plus the cost of supplies is warranted with the first response, and

WHEREAS, the amount \$200 plus supplies and procedures is recommended as a Non-Transport fee for any such call, and

NOW THEREFORE BE IT RESOLVED by the Village Board of Germantown, Washington County, Wisconsin do hereby replace the existing fee schedule with the fee schedule attached to this resolution, which shall henceforth be used and shall constitute the fees for ambulance and EMT services until amended or rescinded by further resolution of the Village Board.

RESOLUTION NO. 82 – 2018

UPGRADE FROM AEMT TO PARAMEDIC FOR AMUBLANCE AND EMT SERVICES

WHEREAS, the Village of Germantown Fire Department is the primary emergency medical services provider for the Village of Germantown, and,

WHEREAS, The Germantown Fire Department is currently licensed to operate up to the Advanced Emergency Medical Technician level, and

WHEREAS, The Germantown Fire Department desires the support of the Village of Germantown Village Board to upgrade Emergency Medical Service to the Paramedic level.

NOW THEREFORE BE IT RESOLVED by the Village Board of Germantown, Washington County, Wisconsin do hereby support the Germantown Fire Department's application to increase its' Emergency Medical Service from Advanced Emergency Medical Technician to the Paramedic level.

Zoning of Property: _____

Zoning Limitations for Animal Fancier Licenses

(Chapter 12.16 of the Municipal Code.)

Animal Fancier Permits may be granted in the following zoning districts:

- 1) A-1 and A-2 Districts
- 2) Rs-1 through Rs-4 Single-Family Residential Districts
- 3) Rs-5 Residential District, provided the residential lot is a minimum of 15,000 square feet in area, and the permit shall restrict the animal fancier to only small breed dogs, as classified by the American Kennel Club
- 4) B-3 General Business District, provided that the property is used solely as a residence and the minimum lot size is 20,000 square feet. If installing a structure or fence, applicant must contact the Community Development Department to discuss possible permit requirements.
- 5) Dog Houses, kennels or dog runs, located in any single-family or 2-family residential district, shall have a minimum side yard and rear yard setback of 15 feet.
