**VILLAGE OF GERMANTOWN
PARK & RECREATION COMMISSION MINUTES
February 17, 2021**

CALL TO ORDER: The meeting was called to order at 5:30 p.m. by Chair Coulthurst.

ROLL CALL: Chair Coulthurst, Commissioners Trustee Rep. Hudson, Depies, School Board Rep. Borden and Leukert. Absent and excused was Commissioner Knop. Absent and unexcused was Commissioner Stapelman. Also present were Director Schroeder and Secretary Lemke.

APPROVAL OF MINUTES: *Motion by Borden and seconded by Hudson to approve the minutes from January 20, 2020 as presented. Motion unanimously carried.*

PUBLIC INPUT: None

CORRESPONDENCE: None

OLD BUSINESS:

FIREMEN'S PARK SHELTER PROJECT: The contractor has installed the wooden roof trusses, plywood roof sheathing, and fabric underlayment. The pre-cast panel installer removed all the "deadmen" and support bracing on January 29th. The week of February 1st-4th, the contractor enclosed the multi-purpose room with plywood and plastic with WE Energies turning on the gas on February 5th. The temporary heating of this area will allow the contractor to continue working in the winter conditions. The concrete block for the multi-purpose room walls has been delivered to the site.

Commissioner Borden asked Director Schroeder to look at what the facility operating costs are to maintain the facility daily/monthly when the facility is not being used. The village needs to recoup the money that is being paid for heat and lighting.

NEW BUSINESS:

COMPREHENSIVE OUTDOOR RECREATION PLAN 2020-2025 – REVIEW & DISCUSSION O PRIORITIZATION OF CORP GOALS & OBJECTIVES AND CIP PROJECT RECOMMENDATIONS: Included in the meeting packets is the preliminary final draft of the Comprehensive Outdoor Recreation Plan (CORP) 2020-2025. Staff has reviewed Chapters 1-4, with text revisions sent to GRAEF on the Village Profile, Park & Open Space Inventory, Parks & Facility Analysis, Programming & Budget Analysis, Goals & Objectives, and Service Level Analysis. GRAEF staff will be making these final text revisions to the plan for the March commission meeting:

On January 25th, staff made the initial presentation to the Plan Commission. Following review and approval of the CORP by the Park & Recreation Commission, staff and GRAEF will bring the plan back to the Plan Commission for review. There are two remaining plan work items – 1.) Chapter 5 – Review & Approval of the CORP Goals & Objectives, and 2.) Chapter 6 – Capital Improvement Plan – Review & Approval of the 5-Year CIP.

The goal is to finalize the plan over the next couple months for approval by the Village Board in May/June 2021.

The next 2050 Comprehensive Plan Public Meeting is scheduled for March 22nd. This meeting will be virtual.

Questions arose as to why the village has Wilderness Park, the value, if any, to the residents if you cannot access it nor use it as a park. There is not an access point to the property as you would have to gain access from the land around that is owned by MMSD.

Borden stated the Village should sell Wilderness Park and make an offer to purchase the land around Friedenfeld Park from Bob Aiken.

Page 19, the Bicycle & Pedestrian Connections map needs to be updated and corrected.

Page 27, the Service Area Diagram – added were potential future park/shared open space.

- Quarry near Mt. Brooke subdivision East of Appleton Avenue
- Open space East of Schoen Laufen Park
- Open space across from Kinderberg Park in Preserve Parkway
- Ponds and lands adjacent to the industrial park (Washington Street)
- Holy Hill Road, lands East of the deadend

Pages 57-62, Goals & Objectives – the “P” identify the Village’s priorities.

Page 68, Accomplished projects –

Kinderberg Park

- Remove “Flattened and reduced the size of the ice rink.
- Remove “Removed the plants and shrubs at Lincoln Court entrance.
- Add the standing seam metal shelter roof.

Schoen Laufen Park

- Add the standing seam metal shelter roof.

Page 74, Grant Opportunities – this page was added since the January meeting discussion.

Director Schroeder discussed amenities desired by residents during the community engagement process.

Discussion on the Village roads were brought up as to how and when the Village plans to resurface them. This would be the best time to construct adjacent pathways/trails.

The Commission brought up “Beer Gardens” in Germantown. What are residents looking for in a “Beer Garden”? The Recreation Department currently does have a Beer Garden in the summer in conjunction with “Music at the Pavilion”. It was mentioned that Dheinsville Park would be a perfect location to have a Beer Garden in the Summer.

Director Schroeder distributed a summary report listing the following:

- Top themes and park & recreation amenities desired by residents during the community engagement events (2019 Comprehensive Plan Survey, Park Planning Workshop and Stakeholder meeting.
- Facility upgrades made to existing parks in recent years.
- Capital project list & draft CIP budget for 2021-2025.

The commission’s assignment for the March meeting is to review this information so the 5-year CIP can be developed & approval at the March meeting for inclusion in Chapter 6 of the CORP.

It was agreed that the 5-year CIP will include project priorities for each year without cost figures attached. This is due to one great deal of variables associated with deferring actual project costs especially with the land acquisition projects.

GERMANTOWN CRUSHERZ SOFTBALL FIELD USE AGREEMENT: Included in the meeting packets is the affiliate agreement for 2021 – 2022. Following review and recommendation by the Park & Recreation Commission, this agreement will be sent to the Village Board for approval. ***Motion by Depies, seconded by Leukert to approve the Germantown Crusherz Softball Field Use Agreement as presented. Motion unanimously carried.***

VILLAGE BOARD REPORT: Hudson stated the board meeting on February 1st was goals for the Village Administrator. The February 5th meeting was regards to AppleWorks having events at their facility. The Village Board voted against the proposal. The new audio-visual equipment for the board room was put on hold until further information can be provided.

SCHOOL BOARD REPORT: Borden stated that COVID numbers are down in the district. School enrollment numbers are down as well due to COVID. The board is updating the district policies and guidelines. The high school environmental group will be working on the gazebo at the school as well as replacing the roof on the storage building located on River Lane and Mequon Road. The district is applying for a “full virtual school” grant in hopes of getting students back that have left the district.

DIRECTOR’S REPORT:

FIREMEN’S PARK SHELTER PROJECT: The contractor has installed the wooden roof trusses, plywood roof sheathing, and fabric underlayment. The pre-cast panel installer removed all the “deadmen” and support bracing on January 29th. The week of February 1st-4th, the contractor enclosed the multi-purpose room with plywood and plastic with WE Energies turning on the gas on February 5th. The temporary heating of this area will allow the contractor to continue working in the winter conditions. The concrete block for the multi-purpose room walls has been delivered to the site.

COMPREHENSIVE OUTDOOR RECREATION PLAN UPDATE: Included in the meeting packets is the preliminary final draft of the Comprehensive Outdoor Recreation Plan (CORP) 2020-2025. Staff has reviewed Chapters 1-4, with text revisions sent to GRAEF on the Village Profile, Park & Open Space Inventory, Parks & Facility Analysis, Programming & Budget Analysis, Goals & Objectives, and Service Level Analysis. GRAEF staff will be making these final text revisions to the plan for the March commission meeting:

On January 25th, staff made the initial presentation to the Plan Commission. Following review and approval of the CORP by the Park & Recreation Commission, staff and GRAEF will bring the plan back to the Plan Commission for review. There are two remaining plan work items – 1.) Chapter 5 – Review & Approval of the CORP Goals & Objectives, and 2.) Chapter 6 – Capital Improvement Plan – Review & Approval of the 5-Year CIP.

The goal is to finalize the plan over the next couple months for approval by the Village Board in May/June 2021.

The next 2050 Comprehensive Plan Public Meeting is schedules for March 22nd. This meeting will be virtual.

GERMANTOWN CRUSHERZ SOFTBALL FIELD USE AGREEMENT: Included in the meeting packets is the affiliate agreement for 2021 – 2022. Following review and recommendation by the Park & Recreation Commission, this agreement will be sent to the Village Board for approval.

FORESTRY UPDATES: Staff has been meeting with Wachtel Tree Science & Service to discuss and plan for several projects in 2021. Following a year in 2020 that focused on ash tree removals, the village will resume the annual tree planting program with 60 trees planted in village parks and municipal grounds. The project will be bid in February with contract award in March, with planting completed in May. The village is also planning to treat approximately 150 selected ash trees with the project sent for bid in April, contract award in May, and treatment completed by mid-July. Staff will also begin discussions in July on preparing a WDNR Urban Forestry Grant to update the village's GIS Tree Inventory in 2022.

2021 SUMMER PROGRAM LOCATIONS: Recreation staff continue to work on the schedule and program locations for the summer. In addition to working on the facility use request information for the Germantown School District, staff has had positive discussions with St. Boniface, Faith Lutheran, Lutheran Church of the Living Christ, and Washing County (Homestead Hollow Park). The proposed schedule and program fee recommendations will be presented at the March commission meeting.

Recreation Program Update:

Recreation Division Report February 17, 2021

July 29 • August 5

TRADITIONAL PLAYGROUNDS

Offering over 150 hours of fun for ingoing 1st through 6th graders, running Monday through Friday, 9:00 a.m. to 12:00 Noon at St. Boniface School and Faith Lutheran Church. By registering for this option and attending every day, the cost is merely \$0.48/hour! The fees are Res. & SDR: \$80/1st child, \$75/each additional child or Non-res.: \$120/1st child, \$115/each additional child. Additional nominal fees will be charged for field trips and special events. To register for the Traditional Playground Program please use the registration form found in the Recreation Department's Summer Brochure to be mailed to Residents the first week of April, or register online starting April 5th.

2 Simple Registration Options:

1. Mail, email, or Drop off the registration form on the back of this flyer to the Germantown Recreation Department Office.
2. Register Online at www.gtownrec.com by following these simple steps:

Log on to our website to create your user account. Access your account by entering your User Name & Password.

Under **Quick Links** click on **Kids Klub Registration**.

Select Summer Kids Klub, in Activity Type, your site in location, hit search and choose the dates you wish to sign up for.

Choose from the available payment options (Pay now, or autocharge a credit card).

Review the liability waiver and click Continue to complete your transaction.

Don't wait... Registration begins on March 15th!

NOTE:

Summer Kids Klub, and Tyke Site PLUS participants are required to bring their own bag lunch, beverage and snack daily.

4.

Tyke Site will run rain or shine:
Thanks to St. Boniface Catholic School, we have use of classroom spaces and restroom facilities.

5.

Tyke Site PLUS runs Monday through Friday and allows you to pick the days you wish to attend. Traditional Tyke Site is a one time fee which allows you to register your child for 4 days per week.

What is Tyke Site?

The Tyke Site Program provides an opportunity for children ages 4 & 5 (by September 1, 2021) to take part in countless activities to prepare them for an all day 4K or 5K school experience. The Tyke Site program is designed to provide the younger child with a wide variety of activities to help them develop socially, mentally, and physically.

Each week has a different theme and each day a variety of different activities. Children are also given an opportunity to attend field trips such as: Shalom Wildlife, Kids in Motion and the Zoo.

Tyke Site Info Night

Date: **Tuesday, June 1, 2021**
Time: **6:30 p.m.**
Location: **The Germantown Park & Rec Facebook Page**

Information Night is an informal meeting which will give all Tyke Site parents a chance to hear about the program, including, and especially emphasizing any new policies or changes for the summer. In addition, it will allow parents to ask questions prior to attending on the first day of the program.

If you are not able to watch live, it will remain on Facebook for you to watch later!

Multi-Program Discount

The Germantown Rec Dept. offers a \$5.00 per day discount for Tyke Site PLUS participants who are also registered for the Germantown School District's "Jump Into Kindergarten Summer School Program". For more information on this program please talk to a School District Representative during the Kindergarten Screening in May.

TYKE SITE PLUS - All Day

Tyke Site PLUS is an all day program full of activities including story, snack, rest time, arts and crafts, academic based activities, music, and games. Each week will be based on a theme that all of the activities will tie into. Participants are required to bring their own bag lunch, beverage, and snack daily along with rest time materials (blanket or mat). This is not considered a daycare program.

Dates: June 14 - August 27 (closed July 5th)
Times: 6:00 a.m. - 6:00 p.m.
Where: St. Boniface School

Days: Monday - Friday
Enrollment: Min 10, Max 24 (per day)

FEE: Non-Field Trip Days

Res. & SDR: \$24.00/first child, \$19.00/each add. child
Non-res.: \$29.00/first child, \$24.00/each add. child

FEE: Field Trip Days

Res. & SDR: \$30.00/first child, \$25.00/each add. child
Non-res.: \$35.00/first child, \$29.00/each add. child

TRADITIONAL TYKE SITE

Traditional Tyke Site is over 130 hours of fun running Monday through Thursday, 9:00 a.m. to 12:00 Noon. This 3 hour program is full of themed activities including story and snack time, games, arts and crafts, and music.

The fees are Res. & SDR: \$80/first child, \$75/each additional child or Non-res.: \$120/first child, \$115/each additional child. Additional nominal fees will be charged for field trips and special events. Re: 2021 Facility Rental Fees – Firemen’s Park Pavilion

Summary:

Attached for your review are the proposed 2021 park facility rental fees for the soon to be completed Firemen’s Park Pavilion. Staff is recommending the proposed fees to reflect the amenities that rental groups have available to them, as well as the ongoing costs to operate and maintain these facilities. At the February commission meeting, staff was asked to research the potential costs of utilities to operate the facility on an annual basis. Staff contracted the project architectural firm, Parkitecture, for assistance. Based on similar type facilities in the 3,500 – 3,800 square foot range, the cost for heat, light, and water is \$350/month or \$4,200 annually.

Recommendation:

The Department is seeking approval of the updated Facility Rental Fees for the Firemen’s Park Pavilion.

Attachment: Facility Rental Fees Chart

2021 RENTALS FEES

Maximum Six (6) Hour Block of Time - \$25 Each Additional Hour

LEASE

This agreement entered into by and between the VILLAGE OF GERMANTOWN (the "Village"), Washington County, Wisconsin and GERMANTOWN HISTORICAL SOCIETY INC., a Wisconsin non-profit corporation ("Society"), Germantown, Wisconsin:

W I T N E S S E T H:

1. LEASE OF PREMISES:

The Village, for and in consideration of the rents, covenants, agreements and conditions hereinafter stated, to be kept and performed by the Society, hereby leases to the Society and the Society hereby agrees to lease from the Village on the same terms and conditions the premises described on Exhibit A attached hereto and made a part hereof.

2. TERMS:

The term of this lease shall commence on March 1, 1995 and shall terminate on the last day of February, 2019 unless earlier terminated or renewed in accordance with this lease. The Village acknowledges the gift of the Germantown Historical Society in the value of the property and its improvements of approximately \$60,000.

3. RENTAL:

Rental for the term of this lease shall be One Dollar (\$1.00) per year payable to the Village Finance Director upon the execution of this lease and on or before December 31 of each succeeding year.

4. USE AND MAINTENANCE:

It is understood and agreed that the premises will be used by the Society for museum, historic preservation, education, recreation and related lawful uses. No new structure shall be erected or placed on the premises without the prior written consent of the Village, signified by the passage of a resolution by the Village Board. The Society agrees to maintain, preserve, restore and improve the premises and all existing structures, entirely at its own expense, keeping the same in a clean, safe and sanitary condition, free of hazards and defects. The Society shall be responsible for compliance with any and all occupational, safety and accessibility regulations. *

5. UTILITIES:

The Society shall be responsible for the installation and maintenance of all utilities and municipal services.

6. RIGHT OF FIRST REFUSAL:

If during the term of this lease the Village determines to sell the premises or any portion thereof, it shall give written notice to the Society of the terms of any such proposed sale and the Society shall have thirty (30) days within which to notify the Village of its intention to purchase such property upon the same terms and conditions.

7. RENEWAL:

This lease may be renewed for additional nineteen (19) year periods upon the same terms and conditions, by mutual consent, at least six months prior to the expiration hereof. The conditions of this lease shall be reviewed by both the Germantown Historical Society and the Village of Germantown Park and Recreation Commission at the discretion or notice of either party.

8. ASSIGNMENT AND SUBLETTING:

The Society may not assign this lease or sublet the premises or any part thereof without first obtaining the written consent of the Village.

9. COMPLIANCE WITH LAW:

Society shall not commit any undue waste on the leased premises and shall conform with all applicable laws and ordinances respecting the use and occupancy thereof.

10. LIABILITY:

The Society agrees to hold the Village harmless from any and all public liability of any kind or nature occasioned by any act or omission within or on the above premises, and to keep in full force and effect during the term of this lease, a public liability insurance policy, written and issued by a responsible insurance company acceptable to the Village, insuring itself and the Village against injury to person or loss of life arising out of the use and occupancy of the demised premises, with limits of at least \$1,000,000 for one person, and \$2,000,000 for any number of persons injured or killed in any one accident, and shall furnish the Village adequate and written evidence of such coverage. The Village will provide property insurance through the Local Government Property Insurance Fund Program.

11. TERMINATION:

This lease may be terminated at any time upon the mutual written agreement of the parties. Further, this lease may be terminated in the event of the default of any of the terms and conditions set forth herein provided that the Village has given written notice of such default to the Society and the Society has not corrected such default within thirty (30) days of receiving notice thereof.

Director's Report

Firemen's Park Shelter Project Update –

The contractor installed the temporary heating system to address winter conditions on February 5th. The installation of the interior block walls on the building footings was completed on March 1st. The contractor finished installing the underground plumbing the week of March 3rd. The concrete floors for the restrooms, kitchen, and storage/mechanical rooms were poured on March 9th, and the multi-purpose room on March 10th. The installation of the HVAC system is in progress.

Comprehensive Outdoor Recreation Plan Update -

At the February meeting, the commission reviewed the updated version of the CORP, confirmed the plan goals, objectives, and priorities, as well as potential future park site locations. The commission also discussed the 5-Year Capital Improvement Plan. Included in the meeting packet is a listing of capital projects for the parks system, as well as a proposed Capital Improvements Budget for 2021-2025. Staff is requesting the commission review and approve the 5-Year CIP for inclusion in Chapter 6 of the CORP.

The goal is to finalize the CORP in April/May for approval by the Village Board in June/July 2021 at the same time as the 2050 Comprehensive Plan is approved.

The next 2050 Comprehensive Plan Public Meeting is scheduled for March 22nd. This meeting will be virtual.

2021 Summer Recreation Program Fees & Charges – Review & Approval –

The Summer 2021 recreation program classes/proposed fees chart will be handed out at the meeting. Recreation staff is finalizing the program schedule and site locations to meet the brochure publication and distribution deadlines of the week of March 29th. In addition to working on the facility use request information for the Germantown School District, staff has been working with staff with St. Boniface, Faith Lutheran, Lutheran Church of the Living Christ, and Washington County (Homestead Hollow Park). Recreation Supervisors Heinen and Rodger will attend the meeting to present this information.

Kid's Klub Summer Registration Flyer –

Included in the meeting packets is the registration flyer for the various Summer Kid's Klub programs. This information has been posted on the village website, with flyers distributed at the Kid's Klub sites. Each year the department's goal is to distribute this information as soon as possible to assist families in planning for the summer. Registration for summer Kid's Klub programs began on March 15th.

Dheinsville Park Lease Agreement –

During the process of researching some history on Dheinsville Park, I came across information from the early 1990's when the Village and Germantown Historical Society (GHS) were in discussions regarding the purchase of the Valentine Wolf property (present day Dheinsville Park). Included in the meeting packet, is a copy of the Dheinsville Park Lease Agreement that the two parties executed in February 1995. The lease agreement expired in February 2019. I sent the lease agreement to GHS President Jeff Dhein, as well as Village Administrator Kreklow and Village Attorney Sajdak.

This item is on the agenda for a status update. Following review by legal counsel and village staff, the lease agreement will come back to the Park & Recreation Commission at the April 20th meeting, with the goal for the commission to review the document, and send forth to the Village Board for final approval in May. This timeline should give time for feedback from the historical society board as well.

Park & Recreation Commission Member Terms – The following member terms will expire on April 30th, Commissioners Depies and Stapelman, and Village Board Representative Hudson. Commissioners should contact the Village Clerk's office to express interest in serving another term. Village President Wolters is planning to take all committee appointments to the Village Board for "official" confirmation on April 19th.

2020 Park & Recreation Department Annual Report – Staff is waiting for the completion of the Year End Financial Audit so the final 2020 financial numbers are available. Therefore the 2020 Annual Report will be distributed at the April commission meeting.

Forestry Updates –

At the March 15th Village Board Meeting, a contract was awarded to Johnson Nursery in the amount of \$22,964 for materials and labor to plant 60 trees within village parks and municipal grounds. The project will be completed in May. The village is also planning to treat approximately 150 selected ash trees with the project sent for bid in April, contract award in May, and treatment completed by mid-July.

Recreation Program Update –

Recreation Division Report March 17, 2021

The department has 35 programs starting in March including: Tot Open Gym, Basic First Aid for Kids, Oodles of Art, Tae Kwon Do, Gymnastics, Youth & Little Tykes Marital Arts, Miss Julie's Music Fun, Babysitter's Training, PULSE, MA Fit, Yoga, Pound Rockout Workout, Firefighters Are Your Friends, Jr. Golf, Adult Golf, Parent Child Basketball, Fairy Fun Tot Workshop, Learn to Sew Comfy PJ's, Fall Prevention Workshop, Cupcake Decorating, Learn to decorate a cake, Henna, Mad Science Slime Camp, Mad Science 321 Blast off, Barre Fitness, Band, Digital Photography, Acrylic Painting, Canvas Tote Painting, Umbrella Painting, Easter Creations Art Class, Art – paint a wooden coaster, Stream Sampler, Financial Workshops.

Our 23 ongoing programs are: Men's Open Basketball, Kids Klub, Mini Poms, Poms, Power/Pixies/Spark Poms, Afterschool Volleyball (3 sites), Afterschool Legos (4 sites), Learn to Skate, Preschool playgroup (3 groups), Story Stretchers, and Pickleball.

Programs cancelled due to low enrollment: Sew a Pillowcase

Upcoming events include the following:

Poms Performances: Were held on Monday and Tuesday, March 8th & 9th at Kennedy Middle School.

Dance Recital: Tuesday, March 16th at the GHS Performing Arts Center starting at 6:30 p.m.

Easter Egg Hunt: Saturday, March 27th at Firemen's Park starting at 11:00 a.m. sharp. We could use some volunteers for that day, arrive at the shelter at 10:00 a.m. to help hide eggs, hunt is at 11:00 a.m. by 11:30 a.m. we should be cleaned up.

Soccer: The registration deadline is Friday, March 26th. Pee Wee & U6 Soccer will be starting on April 24th, coach's meeting is set for April 13th to help coaches prepare for their upcoming season.

Summer Registration: Will begin on April 5th for Residents, April 7th for Non-residents.

An aerial photograph of a suburban neighborhood. The image shows a mix of green lawns, mature trees, and residential houses. A winding path or road cuts through the center of the image. The overall scene is bright and sunny, with shadows cast by the trees.

Chapter One

Introduction

Germantown's first Comprehensive Outdoor Recreation Plan (CORP) was developed in 1990 and has been updated four times since then. This CORP update was developed by the Village of Germantown Staff and the Park & Recreation Commission, along with a team of consultants, alongside the Village's overall Comprehensive Planning process from 2019-2021. This plan will guide recreation management and park development for the next five years and enable the Village to apply for grant funding from the Wisconsin Department of Natural Resources (WDNR) and other funding sources.

The purpose of this document is to:

- » Create an up-to-date inventory and evaluation of Germantown's existing parks, recent park improvements, and recreational trails.
- » Benchmark facilities and services against standards from the County as well as other communities around the country.
- » Identify the needs of all community members related to active and passive outdoor recreational opportunities
- » Provide a framework for the natural resource element and cultural resource element of the Smart Growth Comprehensive Plan.
- » Provides a list of recommendations to the Village to assist with its Capital Improvement Planning (CIP) efforts related to parks and open space.

Planning Context

The Comprehensive Outdoor Recreation Plan for the Village of Germantown incorporates information from past and present planning efforts in the Village, Washington County, the Southeastern Wisconsin Regional Planning Commission (SEWRPC), and the State of Wisconsin. This plan also uses metrics and benchmarking data aggregated by the National Recreation & Park Association (NRPA) to evaluate the Village's own facilities. Some of the key plans, studies, and reports referenced in the making of this plan include:

2019 NRPA Agency Performance Review

National Recreation & Parks Agency

2020 Park and Open Space Plan

Washington County, WI

2019 County Bikeway & Trail Network Plan

Washington County, WI

2015-2019 Village of Germantown Comprehensive Outdoor Recreation Plan

Germantown History, Location, & Population

Originally one square mile, Germantown was formed by incorporating seven separate hamlets (or towns) into the Village of Germantown as we know it today. Germantown got its start as “Town 9” Washington County, Wisconsin Territory in 1836. Germantown was officially incorporated in 1924 and remained a small farming community until 1963, when Milwaukee County annexed a small piece of land from Washington County to build a landfill.

Fearing further annexation by Milwaukee County, the surrounding unincorporated hamlets of Kuhburg, Willow Creek, Meeker Hill, Goldenthal, Rockfield, Dheinsville, and Germantown decided to merge into one incorporated village - and Germantown was born.

At the time of annexation in 1963, the village grew to about 24 square miles. Some of the unincorporated areas wanted to keep their own identity, which is why we have the Town and Village of Germantown. Since 1963, boundaries have continued to change and over time the Village of Germantown has grown to encompass over 34 square miles.

Currently, the Village has a total of 34.4 square miles and a population of approximately 20,590 people in the southeast corner of Washington County, immediately adjacent to Waukesha County on the southern boundary, Ozaukee County on the eastern boundary, and Milwaukee County to the southeast. Germantown is connected to the City of Milwaukee and other major population centers in the region by Highway 41/45 north and south and Highway 167 east and west.

Agricultural Land and Preservation

Historically, Germantown was primarily a farming community. In 1970, approximately 70% of the land in Germantown was used for agricultural purposes. However, like most communities in the Milwaukee metropolitan region, Germantown has been continually losing farmland to residential and commercial development.

Most of the remaining farmland in Germantown is located in the northern half of the Village, north of Freistadt Road (CTH F). Currently there is limited development in this area, which is primarily single family residential. The Village Zoning Code includes both A-1 and A-2 Agricultural Districts. The purpose of the A-1 District is to provide for the continuation of general farming and to protect the rural lands from urban development. The purpose of the A-2 District is to provide for, maintain, preserve and enhance lands that were historically used for crop production and are generally best suited to smaller farm units, such as truck farming, horse farming and orchards. Although the number of farms has declined since 1970, the number of nurseries and greenhouses has nearly doubled.

Water Resources

The topography of Germantown is characterized by rolling ground moraine, similar to, but more subdued than, the kettle and kame topography of the Kettle Moraine located to the north and south of Germantown. Germantown's topographic features consist of hills and ridges interspersed with broad undulating plains and poorly drained wetlands. Rivers and streams are defined as watercourses having perennial flow and intermittent streams significant

Village of Germantown

EXISTING FEATURES

 Municipal Boundary	 Primary Environmental Corridor
 Park	 Secondary Environmental Corridor
 Water	

enough to have been named. There are four watercourses that meet this definition. The most significant watercourse is the Menomonee River and its north and west branches within the central and south-central portion of the Village. Little Cedar Creek and its southern tributary cuts across the northwestern corner of Germantown and has a combined total of 1.2 miles in the Village; Goldendale Creek, a tributary of the Menomonee River which is located in the western portion of the Village has a length of 2.0 miles in the Village, and Willow Creek which is located in the southwestern corner of the Village has a length of 2.3 miles. Lakes are defined as water bodies having 50 acres or more of surface area. There are no lakes within Germantown. Minor lakes and ponds have less than 50 acres of surface area. There are two water bodies in Germantown that meet this definition. Rockfield Quarry Pond, located immediately south of Rockfield Road and immediately west of CTH G, has 2.6 acres of surface area. There are also a group of man-made minor lakes located in the Lake Park Homes development just south of Main Street which constitute approximately 34 acres of surface area, as well as a quarry pond east of Appleton Avenue.

Floodplains are normally defined as the areas along rivers and streams that are subject to inundation by the 100-year recurrence interval flood event. There is a one percent chance that such an event will be reached or exceeded in severity in any given year. Approximately 30 square miles of Germantown are located within the Menomonee River watershed and the remaining 6 square miles of Germantown, located along the northern and northwestern edges of the Village, are in the Milwaukee River watershed. Comprehensive watershed plans have been completed for both of these watersheds by South East Wisconsin Regional Planning Commission (SEWRPC). Floodplains in Germantown are generally

located in environmental corridors along the Menomonee River and its tributaries. These areas are not well-suited to development due to flood hazards, high water tables and inadequate soils.

Greenseams Program

Greenseams is a flood management program that permanently protects key lands containing water absorbing soils. By storing and draining water into the ground naturally, Greenseams helps prevent future flooding while supporting and protecting Metro Milwaukee Sewer District's (MMSD) structural flood management projects - infrastructure investments worth hundreds of millions of dollars.

The program makes voluntary purchases of undeveloped, privately owned properties in areas expected to have major growth in the next 20 years as well as open space along streams, shorelines and wetlands. MMSD hired The Conservation Fund (TCF) to run Greenseams Program. TCF is a national non-profit conservation organization that forges partnerships to protect America's legacy of land and water resources. TCF performs high volume real estate transactions for local land trusts and government agencies throughout the country. All land acquired will remain undeveloped, protecting water and providing the ability to store rain and melting snow. Wetlands maintenance and restoration at these sites will provide further water storage. Greenseams also preserves wildlife habitat and creates recreational opportunities for people living in the region. Where applicable, the properties can be used for hiking, bird watching, and other passive recreation. To date the Fund has purchased twenty-eight properties in Germantown, totaling over 1,034 acres. These properties are of special interest because the majority of the properties are located around Wilderness Park and may improve access to or potentially be part of a larger park in the future.

Germantown Park and Recreation Department History

In 1971, the Germantown High School Athletic Director worked part-time as the Recreation Director. Programs were run by seasonal and part-time employees at various schools. The first full-time Recreation Director was hired in 1980. In 1984, the title of Recreation Director was changed to Park and Recreation Director. The department was a one-person department until 1994, when a Recreation Supervisor was added. In 1995 a full-time secretary was hired. In 1999 a part-time secretary was added. A second full-time Recreation Supervisor position was added in 2007. In 2004, the Senior Center split from the Department and then returned in 2009.

The Department Today

The Department is comprised of a Director, two Recreation Supervisors, a Senior Coordinator, two full-time Secretaries,

and many seasonal part-time employees. Routine park maintenance is performed by the Public Works Department, however short and long term capital improvement plans, as well as park acquisition and development projects, are coordinated by the Director. The mission of the Germantown Park & Recreation Department is to enhance the quality of life for all residents of the community through the development and maintenance of park lands and facilities as well as providing a variety of quality recreational programs and special events.

Chapter Two

Village Profile

Communities like Germantown, with rural atmosphere and small-town character, are continuing to attract families and businesses from larger municipalities. The result has been an increase in population and a gradual change in the expectations of the community toward higher levels of park and recreation services.

20,590

Population of the Village of Germantown (2019 DOA Estimate)

7,967

Households in the Village of Germantown (2018 ACS Estimate)

2.5

25%

of the residents of the Village of Germantown are under 19 years old

Population Trends and Projection, Village of Germantown

The mission of the Germantown Park and Recreation Department is to enhance the quality of life for all residents of the community through the development and maintenance of park lands and facilities as well as providing a variety of quality recreational programs and special events.

Chapter Three

Parks & Open Space Inventory

Village of Germantown Parks and Open Space

Most parks receive German names to reflect the German heritage. The Village of Germantown park system consists of ten parks and several public areas. There is a total of 404 acres of park lands, 165 acres of which are designed for active recreation and 239 acres designated as environmental park land, more suitable for active and low-impact recreation. The active-recreation park areas are primarily concentrated in the urbanized, south central portion of the Village. The Village's environmental park areas are mostly located in the rural areas of Germantown. The Village also owns the 10-acre Little League Park, which is maintained in a cooperative effort between the Village and the Little League. The Village of Germantown has a long-term lease agreement with Germantown Little League for their use of this park.

Homestead Hollow Park is a county-owned park located in Germantown. This 105-acre site is located in west-central Germantown, near US Highway 41/45. It was purchased by the Washington County Park System in 1977 and officially opened in 1983. The 105-acre park is an old farmstead. Evidence of this can be seen in its barns which have been converted and updated into shelters that can be reserved. Homestead Hollow Park offers county residents a variety of active and passive recreation opportunities. Facilities found at Homestead Hollow County Park include a trail system, lighted sledding hill, play equipment, basketball court, soccer fields, softball field, park shelters, fishing pond, ice skating rink, and

a lighted parking lot. Soccer fields at the northwest part of the park are used by the Germantown Kickers soccer club for games and practices. In 2018, the county constructed & opened the Homestead Howl Dog Exercise Area, which features separate areas for both large and small dogs.

Indoor Recreation Facilities

The Germantown Park & Recreation Department currently operates six indoor facilities. These facilities are the Survive Alive House, Firestation #1 Community Room in Fireman's Park, the Kinderberg Park indoor shelter, the Senior Center, and the Department of Public Works multi-purpose room. The new Firemen's Park shelter is currently under construction.

Public School Facilities

The Germantown School District owns and maintains six developed outdoor recreation areas adjacent to schools that add to the Village's recreation base. The school recreation facilities total approximately 50 acres, and are located mostly near the urbanized south central portion of the Village. The school district lands are available only on a limited basis for public use. The Germantown School District and the Village of Germantown have an intergovernmental agreement that allows the Park and Recreation Department to use its buildings per a facility use fee schedule. The Germantown Park and Recreation Department uses these facilities for both active and passive recreation. The School District facilities are a critical component to the Department's operation. Without the cooperative agreement many of the Department programs would not happen.

Park Sites Inventory & Analysis

The Village of Germantown park and open space inventory contains 12 sites. Each of the park sites are described in detail starting on page 28. The name, type, size, amenities, summary, and photos of existing conditions are listed.

Germantown has 19.6 acres of park for every 1,000 residents, excluding Homestead Hollow County Park and Little League Park. According to the metrics and benchmarks of peer agencies reported in the NRPA's 2019 Agency Performance Review, the typical park and recreation agency has only 10.1 acres of park land for every thousand residents. Germantown also has 2,059 residents per park site, which is very close to the typical agency, which has one park per every 2,181 residents.

Although Germantown appears to be performing well in comparison with peer agencies around the country, these metrics are slightly inflated by the 200 acres of park land housed within Wilderness Park in the northeastern corner of the Village. During community engagement activities for this CORP update, it became clear that many Germantown residents did not know that Wilderness Park existed. This is not surprising, given that there is no obvious public access point to the park. Arguably, if there is no public access of the park or awareness that it is publicly accessible land, it should not be counted as park land for the purpose of Germantown's metrics. The planning team for this CORP update recommends that the Village of Germantown determine if public access can be provided to Wilderness Park and work to bring awareness of this large environmental area to Germantown residents. Two other types of facilities are not currently part of the Village's Park system, but are often discussed by the public as possible future additions. One is an aquatic center or pool of some type, and the other is a

- 1 Alt Bauer Park
Neighborhood Park - 25.6 acres
- 2 Dheinsville Historical Park
Special Use Park - 9.5 acres
- 3 Firemen's Park
Neighborhood Park - 17 acres

community center. Both of these types of facilities are costly to build, program, staff, and maintain, but can provide great benefits to residents. According to the NRPA's 2019 Agency Performance Review, 57.9% of agencies provide a community center to residents, at a rate of about 1 center per 28,750 residents per facility. About 52.3% of all agencies provide an outdoor pool, and 70% of agencies provide some sort of aquatics programming to residents.

When considering adding future facilities, the Village of Germantown Park & Recreation Department must weigh the cost and the benefits to the community, both in terms of upfront capital investment and ongoing staffing and maintenance.

Facilities Analysis

The Village of Germantown offers a wide range of park, sports, and recreation facilities to Germantown residents and visitors. Within the park properties trails and shelters allow residents different ways to engage with park land. A wide variety of sports fields and courts in the Village allow leagues and sports organizations to use the parks for practice and tournament play while also providing space for community residents to recreate. Recently, a few tennis courts were converted to pickleball courts to accommodate changing desires of the Germantown community. Highlights of Germantown's facilities include the Gehl's Performing Arts Pavilion in Firemen's Park, constructed in 2018, the Festehalle in Dheinsville Park, constructed in 2020, and the Germantown Senior Center. As of the writing of this plan, the new Firemen's Park shelter is under construction and is expected to be completed in early 2021.

In the future, Germantown could consider adding or expanding the following facility types in the Village, which are

noted by the NRPA as key categories offered by the majority of park and recreation agencies nation-wide:

- » *Outdoor Swimming Pool* (offered by 52% of peer communities)
- » *Community Center* (offered by 57% of peer communities).
- » *Indoor recreation center (including indoor gym and fitness centers)* (offered by 55% of peer communities).

In addition, the following types of facilities may need to be expanded in Germantown:

- » A Village Dog Park - residents have expressed a desire for additional dog park options.
- » Basketball courts, volleyball courts, multiuse courts, and youth baseball/softball fields.

A complete list of the facilities provided by the in the Village can be found in the Appendix, and are also listed on each park page beginning on page 28.

Arguably more important than a comparison to Germantown's peer communities is a self-assessment of the Village's facilities by those who use them most - the residents. With this in mind, the planning team asked individuals, community groups, and athletic organizations throughout this planning process the following question: "Are Germantown's current Park & Recreation facilities meeting your needs?" While the results of the community engagement process are outlined in more detail in the "Community Needs Assessment" section of this plan, one key priority with regards to Germantown's park and recreation facilities was 'maintenance and upkeep' of facilities. Several different types of user groups noted that maintenance issues with existing facilities can sometimes prevent residents from benefiting fully from Germantown's existing facilities - for example, drainage issues on sports fields and on trails within parks.

Programming Analysis

Park & Recreation Department programming plays an important role in the Germantown community. Programs provide essential recreation and socialization services to youth, adults, and older adults, encouraging engagement with park facilities and facilitating active lifestyles. The events and classes that are provided by the Park & Recreation Department foster a sense of community and belonging in Germantown.

Germantown's Recreation Division offered 854 program sessions with a total of 9,537 registered attendees in 2019 across five major program areas: Youth Enrichment, Youth Sports, Family, Adult Enrichment, and Adult Sports. The Germantown Senior Center offers educational, health, fitness, and entertainment programming to older adults in the community; 176 class sessions, 79 trips, and 103 free program sessions were offered in 2019. Germantown also offers five programs through the Kids Klub, including Summer Kids Klub, Before and After School programming at four public and one private elementary school as well as Tyke Site for Pre-K children, and an off-site Adventure program for 5th-7th graders.

According to our review of the NRPA's 2019 Agency Performance Review of programming in agencies nation-wide, Germantown's offerings seem to be in line with peer communities. The NRPA notes that Park and Recreation agencies are committed to serving all members of their communities; most communities offer programming for children and older adults, as Germantown does. Most communities also offer after-school care but fewer offer before-school care for school-aged children; Germantown offers both.

In fact, Germantown offers programming in most of the areas recommended by the

NRPA, including team sports, themed special events, social recreational events, health & wellness education, fitness classes, individual sports, safety training, racquet sports, trips and tours, and martial arts. Germantown offers aquatics through the school district, including swim lessons and open swim times. In the future, Germantown could consider adding or expanding programming in the following areas, which are noted by the NRPA as key categories offered by the majority of park and recreation agencies nation-wide:

- » *Cultural crafts* (offered by 60% of peer communities)
- » *Natural & cultural history* (offered by 55% of peer communities)

Staffing Analysis

As of the writing of this plan, the Village employs six full-time Park & Recreation administration staff. There are also three full-time employees whose positions fall under the Parks Division at the Department of Public Works. While performing parks duties, these employees also handle building & public works related duties as needed. Finally, the Parks Division employs approximately 10-12 seasonal positions in the summer. This translates to roughly 11-12 full-time staff equivalents (FTEs), with a mix of full-time and part-time staff.

In comparison to peer communities, Germantown staffing is below the median FTEs for communities with 250 acres of parks or fewer (16.5 FTEs nation-wide) according to the NRPA's 2019 Agency Performance Review. Though Germantown residents have access to many more acres than 250, the Parks Division maintains just over 200 acres of active park lands. If the Wilderness Park is to be used as accessible park land in the future, or if new parks are added as Germantown grows, Germantown would need to evaluate the need to add more staff to

accommodate the additional maintenance and programming that would be needed.

Park and Recreation FTEs in Germantown also seem to be lower than peer communities with similar populations. Communities with 20,000 - 49,999 people employ a median of 28.4 FTEs and a lower quartile median of 15.3 FTEs. Germantown is just over the population threshold of 20,000, but our 11-12 FTE count is below even the lower quartile median for similarly-sized communities. As Germantown's population continues to grow and new neighborhoods and housing are developed in the future, Germantown should consider adding additional Park & Recreation Department staff to accommodate increased programming & maintenance needs in the existing parks and any new park land that might be acquired and developed in the future.

Budget Analysis

The Park and Recreation Department manages two budgets: the Recreation budget and the Senior Center budget. The Recreation budget encompasses the operation of recreation programs, special events, rentals, full-time and part-time staffing, office operations, sprayground, and miscellaneous park expenditures. Revenues are generated through program fees, donations, advertising, fundraisers, grants, and rental fees. The Senior Center budget is used for the operation of the Senior Center, programs, special events, pick-up service, meal program and many other functions. Revenues are generated through program fees, advertising, fundraisers, grants, and rental fees. The Parks budget goes towards operational maintenance of all parks, playgrounds, forestry, equipment repairs, mowing, and buildings.

In 2019, Germantown's Park & Recreation Department expenditures across the

Recreation Division, the Senior Center, and the Parks Division was just under \$1,859,000.00. This equates to about \$90 per capita on an annual basis. This lens of analysis of Germantown's expenditures puts the Village in line or slightly below peer communities of a similar size; the NRPA reports that agencies serving jurisdictions with fewer than 20,000 people have a median operating expenditure of \$95.67 per capita. Budget is a complicated point

of comparison for park and recreation agencies, and normalizing expenditures by population and density can produce results when compared with Germantown. For example, more populous jurisdictions nation-wide are able to spend less per resident on an annual basis, but more dense communities typically spend more per capita.

A note on evaluating Germantown's parks using "standards"

Prior versions of the Village of Germantown's Comprehensive Outdoor Recreation Plan evaluated parks and facilities using benchmarks based on a set of "standards" developed by the National Recreation and Park Association (NRPA). These standards were used to determine the facilities and total park area needed in the Village within each park category. The standards were last updated in 1995, and the NRPA has since moved away from using a "one size fits all" approach to evaluating communities' parks and facilities. Instead, the NRPA publishes an annual report with metrics that allows communities to benchmark their parks and facilities against their peers. Metrics from the 2019 NRPA Agency Performance Review are used on these pages as a comparison point for the Village of Germantown's parks and facilities.

Though NRPA recommends moving away from using these standards, the updated **Park Size Standard and Acreage Classification** and **Facility Inventory & Standards** tables are still included in this CORP in the Appendix for reference purposes.

In 2020, Washington County published its own Park and Open Space Plan, which included an additional set of standards for general use outdoor recreation sites. These standards are meant to ensure that the public sector provides sufficient size and number of sites to meet the demands of the resident population. The standards, found in Appendix D of the report, are designed to evaluate park access at a regional and multi-community level instead of at the municipal level. However, it does appear that the Village of Germantown has enough acres of park and open space to meet the Washington County standards.

Trails and Connections

Trail Standards

Another standard listed by SEWRPC is for open space lands to accommodate recreation corridors for trail systems on a regional basis. The Bugline Trail in Waukesha County is the nearest regional trail. While neighborhood parks and residential subdivisions currently have trails, they are small and typically serve only nearby residents. Germantown's primary trails are located in Alt Bauer Park (1.28 miles), Friedenfeld Park (1.59 miles), Kinderberg Park (1.05 miles), Schoen Laufen Park (1.19 miles), Spassland Park (.68 miles) and Homestead Hollow County Park (4.4 miles). These trails are used by residents, but they do not constitute a regionally-scaled trail system. A community trail system would link parks, promote greater accessibility and connectivity within the Village and potentially become a regional amenity.

Regional Trail Planning

In 2019, Washington County developed a Bikeway and Trail Network Plan. The plan was created in cooperation with representatives from many of the County's municipalities, including Germantown. The Bicycle & Pedestrian Connections Map shown at right incorporates many of those recommendations, ensuring that the trail development that Germantown undertakes in the coming years will be connected to other regional efforts.

Local Priorities

In addition to the regional trail network connections, the Village of Germantown has identified several local priorities for trail connections. These include a River Trail along the Menomonee River and shared use paths that connect individual parks. Germantown has also identified areas with the potential for bike lanes, traffic calming, and minor enhancements that would make traveling in Germantown safer by bike and on foot.

- 1 Alt Bauer Park
Neighborhood Park - 25.6 acres
- 2 Dheinsville Historical Park
Special Use Park - 9.5 acres
- 3 Firemen's Park
Neighborhood Park - 17 acres
- 4 Friedenfeld Park
Community Park - 53 acres
- 5 Haupt Strasse Park
Neighborhood Park - 13 acres
- 6 Homestead Hollow County Park
Regional Park - 105 acres
- 7 Kinderberg Park
Neighborhood Park - 23 acres
- 8 Little League Park
Special Use Park - 10 acres
- 9 Schoen Laufen Park
Environmental Park - 39 acres
- 10 Spassland Park
Neighborhood Park - 20 acres
- 11 Wiedenbach Park
Playlot Park - 4 acres
- 12 Wilderness Park
Environmental Park - 200 acres

"Expanding and improving the trail system" was the park initiative that received the most votes at the October 2019 public meeting!

Bicycle & Pedestrian Connections

PROPOSED BIKEWAY + TRAIL NETWORK

Catalog of Trail Types

Shared Use Path

A shared use path can accommodate many different types of users - bikers, walkers, runners, roller bladers, etc - and can be found in urban, suburban, and rural areas alike.

Sidepath

A sidepath is typically a type of multi-use trail that follows closely alongside of an existing roadway. This type of trail is typically found in suburban or rural areas.

River Trail

A river trail is simply a shared use path, accommodating pedestrians, cyclists, roller bladers, and runners, that follows alongside a riverway and through the park/conservation land that surrounds these riparian areas. In Germantown, residents have expressed that a river trail along the watercourses should be a Village priority.

Bike Lane

A bike lane is a defined and marked area on the roadway for cyclists to travel. Bike lanes can be striped only (as shown above), or painted green for greater visibility.

Paved Shoulder

Ensuring that rural and suburban roadways are designed with paved shoulders allows cyclists and walkers to safely navigate streets with light traffic.

Minor Enhancements

Minor enhancements to roadways, such as signage, ensuring drive lanes are marked, and pavement is smooth enough for bike travel, helps keep Germantown's roads safe for all.

Traffic Calming

Bumpouts, raised intersections, and small traffic circles are examples of tools that can be used to flow vehicular traffic, making streets safer for cyclists and pedestrians.

Priority Highlight: the Menomonee River Trail

There are four main watercourses that fall within the Village of Germantown:

- » Menomonee River
- » Goldendale Creek
- » Willow Creek
- » Little Cedar Creek

Each of these watercourses and their adjacent environmental corridors are focus areas for the Village to implement future trails and public access. As part of this Plan, a priority recommendation is to create a “village-wide trail system plan” that identifies the exact location, facility type, acquisition needs, and priorities for river trails (see page 61). The map to the right shows the potential Menomonee River Trail (yellow) and the Goldendale Creek Loop Trail (red).

Menomonee River Trail Planning Considerations

- » Primary trail type would be off-road

- » Stretch south of Schoen Laufen Park could include sidepath along Maple Road
- » Existing Blackstone Creek property should include dedicated park land
- » Canoeing/kayaking access should be prioritized for this trail
- » Coordination with Village of Menomonee Falls and connection to Bugline Trail will be important
- » Document existing bridges and evaluate increased clearance heights for kayak/canoe passage
- » Begin conversations with land owners that touch the Menomonee River to negotiate public access easements or acquisition opportunities (See Appendix - Exhibit B for existing land ownership map)

Goldendale Creek Loop Trail Planning Considerations

- » Trail types could include a combination of off-road (along Goldendale Creek) and sidepath or off-street trail parallel to Holy Hill Road and Fond du Lac Avenue)
- » This potential trail loop would act as a recreational amenity to planned industrial park users and future residential subdivisions

Planning Considerations for all Watercourse Trails

- » Incorporate wayfinding, educational, and other interpretive trail signage
- » Accommodate multiple user types including walkers, runners, bikers, cross-country skiers
- » Support recreational private/semi-private uses/businesses along trails such as recreational equipment rental stores, coffee shops, restaurants, visitor’s center, etc.

River Trails

The Menomonee River Corridor

Service Area Analysis

A park's service area – the radius of area it provides service to without significant barriers – is ONE element in the evaluation of the Village's Park and Open Space system. This analysis depicts which residential areas are and are not served by the different park categories. It is important to note that while specific service radii are identified for different park types, a residence located outside of a service area does not necessarily mean that the residence is lacking adequate access to park space. It could be argued that all existing residential subdivisions within the village are adequately served by park space.

Neighborhood parks are the backbone of the system so nearly all residential areas should have direct access to a park. Some areas may be too small or have too few people to require a neighborhood park. These areas should at least be serviced by a playlot park or nearby access to a trail.

The older residential neighborhoods around Main Street and land south of Mequon Road are well-served by existing parks. While the existing parks may require upgrades or improvements, the purchase or dedication of additional lands in the south central portion of the Village is not a short-term priority for the Village unless the additional land will allow the Village to fulfill a noted deficiency in facilities, such as the community desire for a Youth Sports Complex.

Future residential growth in the Village is expected in the northwestern part of the Village. The Village should consider adding park and/or trail facilities in this area to accommodate the needs of new residents, and ensure that they too have access to park space.

- 1 Alt Bauer Park
Neighborhood Park - 1/2 mile service radius
- 2 Dheinsville Historical Park
Special Use Park - 1/2 mile service radius
- 3 Firemen's Park
Neighborhood Park - 1/2 mile service radius
- 4 Friedenfeld Park
Community Park - 3.5 mile service radius
- 5 Haupt Strasse Park
Neighborhood Park - 1/2 mile service radius
- 6 Homestead Hollow County Park
Regional Park - 12.5 mile service radius
- 7 Kinderberg Park
Neighborhood Park - 1/2 mile service radius
- 8 Little League Park
Special Use Park - 1/2 mile service radius
- 9 Schoen Laufen Park
Environmental Park - 3.5 mile service radius
- 10 Spassland Park
Neighborhood Park - 1/2 mile service radius
- 11 Wiedenbach Park
Playlot Park - 1/4 mile service radius
- 12 Wilderness Park
Environmental Park - 12.5 mile service radius

Service Area Diagram

The Service Area Diagram above includes existing park locations as they relate to the 2050 Future Land Use Map - Neighborhoods, Districts, and Corridors. As the map shows, the majority of neighborhoods (yellow) are served by an existing park. Those areas not served by a public park should look to include new park land, privately shared open space, or have planned trail connections that would connect residential areas to existing parks or river corridors.

★ = Potential Future Park or Shared Open Space

Alt Bauer (Old Farmer) Park is a 21-acre neighborhood park located near the center of the urbanized area in south central Germantown. This park is noted for its large natural woodland and grassland area. A storm drainage ditch (Jefferson Ditch) way runs through the park dividing it into two areas. A trail system links many of the park facilities, and provides access points from surrounding subdivisions.

What's in the Park?

- » Basketball Court (2015)
- » Paved & Gravel Pathways
- » Tennis Courts (3) (2017)
- » Picnic Tables
- » Playground Structure (2016)
- » Drinking Fountain
- » Small Parking Lot
- » Bridge (1999)

Voices from the community

What does this park need?

- ▷ Connect to Kinderberg Park through a path along the drainage way
- ▷ Remove the buckthorn, especially on the corner of the Basketball court, and create better visibility going around that corner
- ▷ Covered pavilion/shaded area

Dheinsville Park, also known as the Historic Dheinsville Settlement, is a historical park located in the northwest part of Germantown. The land was purchased in 1994 with monies from the Village of Germantown and the Germantown Historical Society (GHS), with improvements funded by the Jeffris Family Foundation. The Village constructed a parking lot and pathways in 2000 and refurbished several buildings on the property.

In 2020, the Village and GHS partnered to complete construction of the Muehl Family Festhalle, an 80' x 140' open air pavilion that will be available for community rental use and will be home to the annual Oktoberfest celebration.

What's in the Park?

- » Muehl Family Festhalle (2020)
- » Bast Bell Museum
- » Permanent Restrooms
- » Wolf Haus
- » Picnic Tables
- » Historical Society Office
- » Soccer Field (1999)
- » Gazebo Shelter
- » Paved Pathways (2000)
- » Community Garden (2013)
- » Gravel Parking Lot (2000)
- » Archery Range (2012)

Voices from the community

What does this park need?

- ▷ Heirloom farm and plants - history integrated with the existing community garden
- ▷ More parking for Oktoberfest
- ▷ Pave the parking lot
- ▷ Digital access/archive historical records
- ▷ Scout badge program
- ▷ Historic scavenger hunt/engagement activity

Firemen's Park is a 17-acre neighborhood park located near the northernmost edge of the urbanized area in central Germantown. The park is located west of and adjacent to Kennedy Middle School. The park was originally purchased and developed by the Germantown Volunteer Fire Company, and in 1991 the Village of Germantown purchased the park. The Germantown Senior Center is located on the northwest corner of the Park.

Fireman's Park is heavily used by community residents and serves as a community park. However, the park was not intended to be used so widely, and lacks many of the amenities recommended for a community park.

There is an open air shelter located in the center of the park, which was expanded in 1992. The park's facilities are connected by paved pathways. The ball field on Crusader Court is owned by the Germantown Little

What's in the Park?

- » Two Baseball Diamonds
- » Playground (2013)
- » Gehl's Performing Arts Pavilion (2018)
- » Soccer Fields
- » Permanent Restrooms (2)
- » Bleachers
- » Drinking Fountain
- » Off Street Parking
- » Paved Pathways
- » Veterans Memorial
- » Outdoor Shelter
- » Picnic Tables
- » Senior Center
- » Fireman's Park Multi-purpose Shelter (2020-2021)

League. One permanent restroom facility is located within the Germantown Little League concession/restroom building, and one is located between the picnic area and firehouse. The playground structure was replaced in 2013.

The Village completed Phase 1 Site Improvements (sewer, water, electrical, pathway lighting) for the future multi-purpose shelter in June 2020. Plans were completed in August 2020 for the 3,800 square foot facility. Construction began in Fall 2020, with completion of the shelter expected in June 2021.

Voices from the community

What does this park need?

- ▷ ADA friendly seating closer to the stage of the Gehl's Performing Arts Pavilion
- ▷ Updated ball diamonds
- ▷ Signage or landscaping to distinguish private property at the southern edge of the park
- ▷ Flat space for a "Mai Fest" tent

Friedenfeld Park (Peaceful Walk) is 53 acre community park/sports complex located in the west central part of the Village. The Park's primary focus is youth athletics including: the Germantown Soccer Club, Germantown Hawks Football Club, Germantown Junior Warhawks Baseball, and the Department's flag football program. Playground was installed in 2010. Parking lot and pathways were paved in 2007 using park impact fees and private funds.

What's in the Park?

- » Flag Football Fields (3)
- » Concession Stand/Press Box
- » Baseball Diamond
- » Paved and Gravel Pathways
- » Regulation Football Field
- » Retention Ponds
- » Practice Football Fields (3)
- » Parking Lots
- » Soccer Fields (6)
- » Bleachers
- » Playground
- » Storage Shed

Voices from the community

What does this park need?

- ▷ More parking (3 comments)
- ▷ Drainage on side football fields needs improvement - there is standing water on the fields often
- ▷ Add softball fields
- ▷ Central baseball/softball complex with lights
- ▷ Bathrooms (4 comments)
- ▷ Community center

Haupt Strasse (Main Street) Park is a 13-acre neighborhood park located about one quarter mile west of Firemen's Park in central Germantown. Haupt Strasse Park's main features are a single lighted softball diamond, skate park, and four pickle ball courts. The skate park was installed in 2003, replacing one of the tennis courts. The park shelter was constructed in 1997. There is a paved pathway to the playground structure.

What's in the Park?

- » Lighted Softball Field
- » Skate Park
- » Pickleball Courts (4) (2017)
- » Playground Structure (2018)
- » Soccer Fields (2)
- » Parking Lot
- » Shelter
- » Bleachers
- » Port-a-John
- » Sand Volleyball Court

Voices from the community

What does this park need?

- ▷ Back stop needs to be updated
- ▷ Covered dugouts
- ▷ Address drainage issues

Kinderberg (Children's Hill) Park is a 23 acre neighborhood park purchased in 1992 by the Village. The property is off of Donges Bay Road west of Heritage Hills Subdivision. In spring of 1995 the Village completed negotiations with the Germantown School District for a land swap with Spassland Park. The sprayground was completed in 2005 and is the only public outdoor aquatic amenity in the community.

What's in the Park?

- » Baseball Field
- » Sprayground
- » Soccer Fields (2)
- » Multi-purpose Indoor/Outdoor Shelter
- » Tennis Courts (4)
- » Basketball Court (2017)
- » Permanent Restrooms
- » Ice Rink
- » Sledding Hill
- » Playground Structure (1999)
- » Paved Pathways
- » Bleachers

Voices from the community

What does this park need?

- ▷ Building to warm participants on the sledding hill
- ▷ Bring back and maintain an ice skating rink
- ▷ Handicap parking
- ▷ Outbuilding needs to be larger to store more equipment
- ▷ Lights on the sledding hill
- ▷ Fenced in dog park/off leash area
- ▷ a bocce court

Little League Park is a 10-acre baseball complex. The land is leased to the Germantown Little League by the village. All facilities have been developed and maintained by the Germantown Little League.

What's in the Park?

- » 3 baseball fields
- » Concessions & Restroom building
- » Parking

Voices from the community

What does this park need?

- ▷ Drainage
- ▷ Weed control
- ▷ More Diamond Mix

Schoen Laufen Park

N108 W18500 Lilac Lane

39 acres

environmental park

Schoen Laufen (Beautiful Walk) Park is located along the Menomonee River at the corner of Maple Road and Lilac Lane. The park is divided into two by the Menomonee River. The acquisition of this park site was initiated in response to the Village's 1990 Comprehensive Outdoor Recreation Plan. Schoen Laufen Park gives residents access to the Menomonee River, a wooded area with nature trails and spring ephemerals and begins implementation of a multi-purpose trail development along the river corridor.

What's in the Park?

- » Shelter
- » Gravel Pathways
- » Parking Lot
- » Port-A-John

Voices from the community

What does this park need?

- ▷ Loved the growth of the native plants which were allowed to flourish this summer. Please continue!
- ▷ Dog waste on trail is an issue
- ▷ Additional native plantings
- ▷ Kayak launch
- ▷ Outdoor education area
- ▷ Security camera in parking lot

Spassland (Play Land) Park is located in southern Germantown, north of and adjacent to County Line School. County Line School's 10-acre outside recreation area adds to Spassland Park's effectiveness as a neighborhood park. This park was leased from the Germantown School District until the Village acquired the park in 1995 via a land swap for a 15 acre parcel adjacent to Kinderberg Park. The park is served by two parking lots. Most facilities are connected with an accessible paved pathway.

What's in the Park?

- » Disc Golf Course (9 holes)
- » Paved Pathways
- » Shelter
- » Tennis Courts (2) – 2019
- » Playground Structure – 2018
- » Parking Lots (2)
- » Basketball Courts (2)
- » Permanent Restrooms
- » Sand Volleyball Courts (2)
- » Fitness Equipment – 2014

Voices from the community

What does this park need?

- ▷ Drainage is needed along the trail and in the grass
- ▷ The disc golf course is un-useable because drainage is so poor
- ▷ Rain Gardens
- ▷ Redo/refinish the basketball courts

Weidenbach Park (Meadow by the Brook) is a four-acre play lot serving a small residential neighborhood in the southwest corner of the Village. The park serves as both an active and passive recreation area and features a one acre pond. The pond provides fishing but swimming and ice skating are not allowed. There is a small lighted paved parking lot and a paved pathway connecting the facilities.

A new modular playground structure was installed in 2020.

What's in the Park?

- » Fishing Pond
- » Basketball Court
- » Fishing Pier
- » Baseball Backstop
- » Playground Structure
- » Parking Lot
- » Paved Pathways
- » Port-a-John

Voices from the community

What does this park need?

- ▷ Do not cut down the plants surrounding the lagoon – expect to find cattails and swamp milkweed around a pond. It also acts as a natural fence
- ▷ More picnic tables
- ▷ Another bench
- ▷ Awareness that this park exists!

Wilderness Park is located in the north eastern corner of Germantown, in the headwaters of the Little Menomonee River. The Conservation Fund on behalf of the Milwaukee Metropolitan Sewer District has been purchasing land around the property as part of the Greenseams Program (see page 4).

What's in the Park?

The wilderness area does not have any facilities, amenities, trails, nor does it have a public access point.

Voices from the community

What does this park need?

- ▷ Nature/walking trail similar to trails @ Homestead Hollow (4 comments)
- ▷ X-country ski trails with planned activities
- ▷ Mountain biking trails
- ▷ Allow dog walking
- ▷ Parking lot
- ▷ Eco-park/education
- ▷ Geo-caching
- ▷ Birding/Bird banding
- ▷ Beekeeping (partner w/ Mequon Nature Preserve)

Chapter Four

Community Needs Assessment

Throughout the Comprehensive Outdoor Recreation planning process, residents and leaders of the Village of Germantown have had the chance to weigh in on the Park & Recreation system and their priorities for the future. Key opportunities for community input included:

- » Park and Recreation questions on the **Village-wide Survey** in 2019 allowed residents the ability to express their overall impression of the park land in the Village.
- » A **Park Planning Party** community open house in October of 2019, which allowed participants the opportunity to comment on facility and maintenance needs within each park, express desires for new facilities using inspiration boards, discuss the park and trail system as a whole with interactive mapping exercises, and give feedback through a live, digital poll.
- » Three **Stakeholder Focus Groups** were conducted with Germantown residents in October 2020 to discuss community desires from multiple perspectives, including sports organizations, community groups, and families of all ages.
- » The **Park & Recreation Commission** provided key input and review of the planning process to determine Village priorities and guide next steps.

The community needs, priorities, and details that resulted from these engagement activities and community conversations are woven throughout this plan. The key lessons learned and needs identified throughout this engagement process are summarized in this section.

Land & Facilities

Two questions that were asked of community members throughout the planning process were “Do you think Germantown has enough public active recreation land such as baseball diamonds, soccer fields, tennis courts, basketball courts, etc.?” and “Do you think Germantown has enough passive recreation land such as walking, trails, wildlife observation, canoeing, kayaking, bird watching...etc?” The answers to these questions differed depending on where and when it was asked to community members. At the Park Planning Party open house in October of 2019, 64% of respondents said that the Village did not have enough active recreation land, and 86% of respondents said the Village did not have enough passive recreation land. The results of the Village-wide survey show a different view of community opinion. In that forum, 73% of respondents stated that Germantown has enough active recreation land.

This discrepancy could be due to the differing viewpoints that community members have about recreation land based on the activities that they take part in within the Germantown Community. While the overall community may not see a need for additional sports fields, those who coordinate active recreation activities are more intimately familiar with the land needs of those activities. It is possible that the respondents at the Park Planning Party open house represented a range of sports groups that felt as though their facility needs were not entirely met by Germantown’s existing active recreation land.

However, the Stakeholder Focus groups

▲ Results from the Village-wide survey show that most respondents believe that Germantown has enough active recreation land. The top amenities desired by respondents listed here were essentially the same as those listed by respondents at the Park Planning Party open house, but in a different order.

revealed that most sports organization representatives generally feel that they have sufficient space and facilities for their organization's needs, though baseball and soccer representatives mention that space and facilities could be expanded to better serve their programming. These stakeholders pointed to a different issue with the active sports facilities in Germantown: that the quality of the space available for sports organization use is not always suitable or ideal due to issues with maintenance, especially drainage. Issues with quality and maintenance of existing facilities may be one reason for widely differing opinions regarding Germantown's active recreation land needs.

The Sports Organization stakeholders also emphasized that a destination game and tournament space for hosting visiting teams

▲ Community members weighed in on park and recreation facilities and amenities that they would like to see in Germantown during the Park Planning Party open house.

is a community desire and economic development opportunity, and that a **Youth Sports Complex** would be well-used in the Village. A feasibility study for a potential Youth Sports Complex is recommended as a next step in Chapter Six: Capital Improvement Recommendations to further plan the exact programmatic elements needed for the facility to be successful in Germantown.

Park facilities and amenities that were identified as areas of need were beer gardens and concessions; canoe/kayak launch and water access; pathways and trails, both paved and unpaved; restroom facilities; cross country ski trails; and an outdoor pool / aquatic center. As seen in the graphic above, this list of top priorities is very similar to the list of priority amenities identified by the Village-wide survey.

Stakeholder focus groups also focused in on an outdoor Aquatic Center as a community desire, as well as more permanent restroom facilities throughout the park network. Stakeholder groups also discussed an expanded trail network as a community need, which is further detailed in the section below.

Trail Network

Germantown residents identified the expansion of the Village's trail network as one of the top community needs, both through the Village survey and at the Park Planning Party open house. Stakeholder groups provided even more detail about this need, expressing a desire to connect to other area trail system such as the Bugline or the Oak Leaf Trails and a desire for more hiking-style trails. Participants saw the expansion of the trail network not only as an expanded opportunity for recreation, but also as a wider transportation and connectivity issue. Some stakeholders also identified the economic development benefits of a trail network, expressing that an expanded trail network could connect Germantown businesses to new customers. Participants also noted that connecting park properties was an exciting opportunity for the Village.

It is possible that focusing on land acquisition that will help the Village expand the trail network, including a mixture of paved and ADA-accessible mixed use trails and unpaved trails through environmental areas will fulfill the community's desire for more **passive recreation land**. More information about planning for an expanded trail network, especially along the river corridors, is included on page 22 of this plan.

Village Center Park/Plaza

One potential gap in the Village's open space network is the lack of a featured park, plaza, or open space close to the Village

Center that could function as a center of mixed-use development and urban activity in the Village. While Haupt Strasse Park is located at the western end of Main Street, it primarily serves as a neighborhood park with a few active recreation uses, including pickleball, a baseball field with lights, and the Haupt Strasse Skate Park.

Stakeholders saw the opportunity for an open space that was more urban in character and integrated with development along Mequon Road as a key opportunity for the Village, one that could support a wide-variety of park and recreation uses, including potentially an urban splashpad experience, with passive recreation opportunities such as outdoor seating that could compliment restaurants and other Village Center uses. Further discussion regarding the need and desire for an urban open space in the Village Center of Germantown should be focused around providing an experience that is unique and different than the opportunities found in other parks in the Village, and on ensuring that future urban open space is walkable both to restaurants and housing close to the Village Center and to the wider network of Germantown parks.

Outdoor Aquatic Facility

Community members identified an outdoor pool/aquatic center as one of the Village's primary needs in both the Village-wide survey and through the Park Planning Party open house. Though Germantown currently offers some limited aquatics programming through the school district at the indoor high school pool, the community members have expressed a need for an outdoor aquatic experience that serves as a true community amenity. Attendees of the Park Planning Party open house also noted that a pool would be an amenity they would like to see as part of a potential future community center. When asked how important it is that Germantown have an outdoor aquatics center, 13 open house attendees indicated that it was somewhat important, and 10 indicated

that it was very important. Community members also specifically called out a pool as a feature that other communities have that they would like to see in the Village.

In the stakeholder focus group sessions, participants provided more detail about why an outdoor pool in the Village was of interest to them. Residents expressed that an outdoor pool serves a recreation need for a wide range of ages within the Village, including preteens and teenagers who are too old to be interested in a splashpad. Stakeholders noted that there are not many activities within the Village that are suitable for teenagers to do with their peers. Stakeholders also shared that their families and friends regularly buy memberships to outdoor pool facilities in nearby communities, but that they wish that there were more opportunities to swim close by.

In the stakeholder focus groups, residents also discussed the possibility of expanding the Kinderberg Park splashpad or adding an entirely new splashpad as one way to meet the need of an outdoor aquatic experience, with the understanding that this will likely not meet the needs of every age group in Germantown nor allow for the

widest range of aquatics programming.

General Park Upgrades & Maintenance

As noted elsewhere in this plan, community members identified general park upgrades and maintenance as a strong desire and need within the community.

Winter Activities

Stakeholders noted that there is a need for more winter activity options in Germantown. Ideas included a groomed cross country ski trails and skating. The group noted that warming shelters and a system of equipment rental would also be needed.

Community Center

Stakeholders noted that there is currently no indoor multipurpose room in the community for winter programming, nor is there a centralized place for kid's programming, both of which were noted as community needs. Stakeholders also noted that a community center would potentially allow the community to expand programming offerings and the schedule of when programming is offered without coordinating with the school district for limited indoor space.

Chapter Five

Goals & Objectives

The Goals set forth for the next five years reflect the Village's past five years of experience working with their comprehensive park plan. The goals are program and policy-oriented, not specific to any one park or facility. This allows for the objectives to be implemented by the Park and Recreation Commission throughout the community, with specific park projects listed under the capital projects as implementation steps to meet the specific goals.

The goals and objectives are not listed in any specific order, nor do they highlight any specific timing unless stated. All of these goals are important. They interact to form the basis of the Village of Germantown's policy toward park and recreation planning, facility usage, and inter-governmental cooperation. Together, these statements provide the foundation for the priorities, recommendations and capital plans recommended later in the Plan. These statements are the focus of the Plan and represent the best intentions of the Commission members and citizens of Germantown based on the community feedback received.

The long-range vision of the Germantown Park and Recreation Department considers neighborhood parks as the back bone of the system. These parks are the social and daily recreation centers for residents.

In prior plans, the Goals and Objectives section noted that:

- » the purchase of a community park would serve a very important role for the Village for large group gatherings and organized athletics complexes.
- » preservation and acquisition of environmentally sensitive areas is significant as land becomes more flood-prone and water filtration becomes more difficult.
- » the development of a community pathway system will tie the park and open space system together as well as residential neighborhoods, schools and businesses. Extensions of this pathway system will connect the village with regional trails.

These primary goals from previous plan version - new community parks, preservation of environmentally sensitive areas, and the development of a community pathway system – remain goals of the Village and Department today. However, new priorities have joined their ranks as well.

Goals and objectives on the pages below that represent the Village's priorities for the 2020-2025 plan are identified with a .

Village of Germantown Comprehensive Outdoor Recreation Plan Goals & Objectives

1

Establish a Village-wide system of open spaces, parks and recreational facilities that will economically provide Germantown residents of all ages with adequate, convenient, varied and high-quality recreational opportunities on a year-round basis.

- 1.1 Expand recreational programming to meet the needs and interests of pre-school, teens, older adults, and special needs populations.
- 1.2 Explore the feasibility of developing an indoor recreational facility, where sport courts and space for classroom type activities are housed.
-  1.3 Explore the feasibility of developing an outdoor aquatic experience (i.e. aquatic center and/or community splashpad).
- 1.4 Continue collecting public input on park issues at public informational meetings.

2

Acquire and maintain an adequate amount of active and passive recreational lands to meet future recreational needs.

-  2.1 Pursue an Outdoor Sports Complex Feasibility Study that identifies a potential location and design for active recreation facilities.
-  2.2 Cooperate with other public and private agencies to identify and acquire recreational lands, with an emphasis on river corridors for trail plan implementation.
- 2.3 As part of any future development plans at Blackstone Creek, require a development agreement that includes dedication of land for purposes of a public park.
- 2.4 Identify additional land needs and priorities using feedback from residents and benchmark metrics from peer agencies and Washington County.
- 2.5 Seek public/private grant monies for land acquisition.
- 2.6 Establish criteria for acceptance of property in lieu of Impact Fee Assessments.

2.7

Develop park master plans for each park based on community needs, as well as accepted Park & Recreation standards. Prioritize Friedenfeld Park for a master planning process within the 5 year planning period.

3

Provide adequate facilities at all parks within the Village's park system to meet the diverse needs and interests of Germantown's residents.

3.1

Identify facility and programming needs in the Village through resident feedback and surveys, and by referencing metrics and standards from Washington County and peer agencies nationally.

3.2

Monitor park facility and recreational program usage and condition on an ongoing basis.

4

Coordinate development efforts and the use of recreational facilities between the Village of Germantown, local schools, places of worship, and Washington County.

4.1

Work with community groups and organizations on collaborative programming.

4.2

Continue to work with the Germantown School District to utilize facilities (indoor and outdoor) for park and recreation activities.

4.3

Continue to partner with local churches as potential locations for community recreation programs and events.

4.4

Continue to partner with Washington County for use of Homestead Hollow Park for community recreation programs and events.

4.5

Continue to facilitate community use of the Senior Center, Firemen's Park Community Building (former fire station), and park shelters.

4.6

Continue to explore private facilities in the community as potential spaces for recreation program use.

5

Encourage the preservation and acquisition of environmentally sensitive and historically significant areas.

5.1

Work with public and private agencies to obtain access to the Menomonee River throughout Germantown.

5.2

Encourage the preservation of prime environmental corridors throughout the Village and development of linear park and trail systems, and acquire land on a case-by-base basis to maintain these corridors.

-
- 5.3 Assist the Germantown Historical Society in the continued development of Dheinsville Park.
-

6 Provide residents with safe and accessible facilities and recreation equipment throughout the Village’s park system.

-
- 6.1 Conduct an annual inspection tour of parks to identify safety and ADA accessibility issues and work to correct all issues in a timely manner.
-
- 6.2 Ensure that new park facilities and play equipment are designed and installed to meet ADA accessibility guidelines and standards.
-
- 6.3 Explore the planning and construction of an inclusive and fully-accessible playground facility to meet the needs of the entire community.
-
- 6.4 Perform feasibility analysis for existing field and playground surfaces/ materials and explore the use of sustainable synthetic turf options.
-

7 Use all available financial tools to further enhance the quality of the Village park system.

-
- 7.1 Update the Impact Fee Ordinance on a continual basis.
-
- 7.2 Monitor park land dedication ordinances to provide quality recreation lands.
-
- 7.3 Explore funding park facilities and programming through community donations and “Friends of the Parks” groups.
-
- 7.4 Develop a gift catalog as a fundraising tool.
-
- 7.5 Apply for funds with State and Federal grant programs whenever possible. Utilize 2019 Washington County Bikeway & Trail Network Plan - Grant Opportunities (page 112).
-

8 Coordinate subdivision review with all departments responsible for providing or maintaining adequate park facilities to ensure that adequate park facilities are provided to future Village residents.

-
- 8.1 Update Capital Improvements Program based on recommendations of the updated (and adopted by the Village Board) Comprehensive Outdoor Recreation Plan.
-

8.2 Review preliminary plans when Plan Commission applications are presented to identify land for public recreation, as well as opportunities for trail/pathway linkages.

8.3 Coordinate potential park land dedication with Public Works Department so that utility systems are adequately considered.

9 Continue a village-wide urban forestry program which replaces unsafe or diseased trees and improves the aesthetic nature of existing public lands.

9.1 Complete the Village-wide tree inventory and work to keep it up-to-date in the future.

9.2 Recommend budget allocations to help minimize the impact of the emerald ash borer and loss of ash trees using the best scientific advice and lowest cost to the community.

9.3 Recommend a budget allocation of \$2 per capita for Forestry maintenance, and planting.

9.4 Continue to utilize the services of a certified arborist.

9.5 Continually review the Urban Tree Ordinance and Street Tree Plan.

9.6 Continue to organize an annual Arbor Day proclamation and ceremony.

9.7 Work with the Public Works Committee to identify future street tree locations in coordination with trail systems, sidewalk system and drainage ways.

9.8 Apply for DNR Urban Forestry Grants to assist in the management of the Village Urban Forest.

P 10 Create a village-wide Trail System Plan that identifies location, facility type, and priorities for trails.

10.1 Identify and develop a system of trails that provides links between current and future recreation lands and provides opportunities for pedestrians, bicycles, snowmobiles, horseback or cross country skiing activities in the Village.

10.2 As the trail system is developed, purchase lands or secure easements so that the trail network is publicly controlled.

10.3 Ensure that the primary routes within the trail system in the Village of Germantown are ADA accessible.

10.4 Pursue funding opportunities through State & Federal grant programs.

10.5 Reference the recommendations in the Washington County Bikeway and Trail Network Plan when developing a Village-wide trail system.

11 Ensure that operations and maintenance of the park, open space and trail system is supported through appropriate levels of staffing and funding.

11.1 Recognize the resources required for long term, quality management and maintenance of the park and open space system and ensure that the system is realistic and affordable for the Village.

11.2 Ensure that the parks, open space, and trails are managed and maintained in an environmentally responsible and cost-effective manner to limit operating costs where feasible.

11.3 Evaluate maintenance staffing levels and recommend increases as required to ensure the proper care of new and existing park facilities.

12 Transform Village of Germantown parks into sustainable public spaces using environmental design and management practices.

12.1 Where feasible, reduce adverse impacts associated with site pollutants by incorporating features such as bioswales, rain gardens, infiltration strips, and associated storm water management facilities.

12.2 Utilize recycled materials where feasible and cost effective in the design and construction of park landscape features.

12.3 Make use of water-wise landscape maintenance principles, such as using low water demand vegetation, and installing efficient irrigation systems.

12.4 Explore the possibility of converting open grass areas into native landscaping and/or “no-mow” areas.

12.5 Where practical, minimize night light pollution related to park lighting by selecting appropriate fixtures and timing systems.

Chapter Six

Capital Improvement Recommendations

Overall the existing park facilities are in good condition. However, maintenance of the parks is an ongoing process, and capital improvements are required to bring the parks up to standards proposed in this plan. Maintenance projects are completed by the Village DPW staff or contracted out with money from the parks and recreation operation budget. Capital improvement projects go through the Village budgeting process and are subject to review by the Village Board each year.

This section of the plan is intended to be used by the staff, Park and Recreation Commission and Village Board for the planning and maintenance of park and facility improvements. All future improvement projects and decisions should be guided by these recommendations to ensure that the parks system reaches its full potential.

The following projects are recommended for possible inclusion in the 2021 – 2025 CIP Budget.

- » Kinderberg Park playground & Splashpad replacement **\$250-\$500,000** *Note: A feasibility study would help to determine the probable construction costs.*
- » Kinderberg Park resurface tennis courts **\$30-\$40,000**
- » Dheinsville Park parking lot paving, playground equipment, and restroom screening structure **\$150,000**
- » Haupt Strasse Park basketball court(s) to replace the Firemen's Park court **\$75,000**

Other key capital improvement recommendations that have resulted from the current planning process are listed below:

- » Create a village-wide Trail System Plan that identifies location, facility type, and priorities for trails. **(\$30,000 estimated fee)**
 - ▷ Coordinate detailed trail planning & construction costs with the roadway paving program and/or utility construction projects in the Village.
- » Pursue an Outdoor Sports Complex Feasibility Study that identifies a potential location (including possible land acquisition) and design for active recreation facilities. **(\$25,000 estimated fee)**
- » Pursue further community input and create a feasibility analysis for future community center and aquatic facility.
- » Pursue Park Master Plans for Friedenfeld Park and Wilderness Park to gather further community engagement and guide further investment in those properties. **(\$10,000-\$25,000 estimated fee for each)**

	Maintenance	Capital Improvements
Alt Bauer Park	▷ Add crushed aggregate around tennis courts ▷ Improve tree and planting beds ▷ Add more picnic tables to park ▷ Evaluate park signage consistency	▷ Establish prairies in suitable areas to reduce turf maintenance ▷ Resurfaced gravel pathways with asphalt
Dheinsville Historic Park	▷ Install tree screening on north end of the property ▷ Improve tree and planting beds	▷ Pave parking lot ▷ Resurfaced gravel pathways with asphalt ▷ Replace gravel pathways nears buildings with pervious pavers ▷ Install playground equipment ▷ Install a restroom screening structure ▷ Establish prairies in suitable areas to reduce turf maintenance ▷ Historical Society to continue buildings renovations
Firemen's Park	▷ Maintain and improve tree and planting beds	▷ Complete construction of a multi-use shelter building ▷ Construct a parking lot north of the Fire Station ▷ Complete upgrades to Fire Station #1 for community use
Friedenfeld Park	▷ Improve tree and planting beds ▷ Establish prairies in areas to reduce turf maintenance	▷ Create Park Master Plan » Install permanent restrooms and shelter » Replace gravel pathways with asphalt » Install drainage system for tackle football practice field. Explore synthetic turf surface for the football field. » Install split rail fence or ballads & gates to eliminate vehicle traffic on turf » Install overflow parking lot for heavy usage days » Develop north east portion of park for athletic usage
Haupt Strasse Park	▷ Remove benches and replace with picnic tables around skate park ▷ Improve tree and planting beds	▷ Add permanent restrooms ▷ Establish prairies in suitable areas to reduce turf maintenance ▷ Add a basketball court ▷ Resurface existing parking lot ▷ Replace existing shelter ▷ Expand or renovate skate park

Kinderberg Park	▷ Repair or replace broken playground curbing ▷ Improve tree and planting beds ▷ Repair damage in pathways ▷ Remove wind screens between tennis courts ▷ Have contractor evaluate leaning poles between tennis courts ▷ Remove benches & add picnic tables ▷ Establish prairies in areas to reduce turf maintenance	▷ Replace playground equipment ▷ Replace shelter roof ▷ Install shade structure over sprayground ▷ Resurface tennis courts ▷ Sprayground feasibility study to determine needed facility upgrades and possible relocation within the community
Schoen Laufen Park	▷ Repair fire ring ▷ Remove down trees in river ▷ Improve tree and planting beds	▷ Add a pedestrian bridge and trail system on the west side of the river ▷ Resurface parking lot
Spassland Park	▷ Improve tree and planting beds ▷ Crack fill tennis & basketball courts ▷ Establish turf in areas where trees and shrubs were removed ▷ Remove benches and replace with picnic tables ▷ Edge volleyball courts and add picnic tables ▷ Seal coat pathways and parking lot	▷ Replace basketball hoops, backboards and structure ▷ Correct drainage by creating a swale across the site that ends in the wetland ▷ Resurface parking lots ▷ Establish prairies in suitable areas to reduce turf maintenance
Weidenbach Park	▷ Repair fishing pier ▷ Work with DNR to declare fishing pond as an urban fishery ▷ Improve tree and planting beds ▷ Develop an aquatic management plan for water quality and eliminate nuisance plants	▷ Resurface parking lot ▷ Resurface basketball court
Wilderness Park		▷ Create Park Master Plan » Identify, develop, and advertise public access points to the park » Add a trail network and public access point » Provide amenities that support environmental education programming

What have we accomplished... since the last plan?

In Alt Bauer Park...

- » Trimmed the tree canopy around the tennis courts to reduce maintenance concerns and extend longevity of court surface
- » Replaced playground equipment in 2016.
- » Resurfaced the tennis courts in 2017.
- » Installed an entrance sign at Old Farm Road & Division Road in 2020.
- » Removed and installed new benches on concrete pads around playground area in 2016.
- » Resurfaced the basketball courts and the parking lot in 2015.

In Dheinsville Historic Park...

- » Constructed the new Festhalle open air shelter in 2020.

In Friedenfeld Park...

- » Installed concrete playground curbing/walkway.
- » Installed new benches on concrete pads.
- » Upgraded the irrigation system in the practice football fields and soccer fields.

In Haupt Strasse Park...

- » Renovated tennis courts into 4 pickleball courts in 2017.
- » Moved the skatepark entrance from the park side (north) to the street side (south).
- » Added a crosswalk near the playground equipment.
- » Added an ADA accessible pathway from the playground equipment to the parking lot in 2018.
- » Replaced playground equipment in 2018.

In Kinderberg Park...

- » Flattened and reduced the size of the ice rink.
- » Removed the plants & shrubs south of the tennis courts.
- » Removed plants and shrubs at the Lincoln Court entrance.
- » Removed turf and replaced with asphalt by the ball field backstop.
- » Constructed a new basketball court facility in 2017.

In Schoen Laufen Park...

- » Opened up views to the river by cutting and removing vegetation, including the removal of ash trees.

In Spassland Park...

- » Removed playground timbers and edged around playground mulched area.
- » Built a dumpster enclosure.
- » Installed outdoor fitness equipment in 2015.
- » Resurfaced the tennis courts in 2019.
- » Replaced playground equipment in 2018.

In Weidenbach Park...

- » Replaced playground equipment in 2020.

In Firemen's Park...

- » Constructed the Gehl's Performing Arts Pavilion in 2018
- » Renovated the Fire Station offices into community recreation space, and upgraded service bays to storage for park and recreation equipment and supplies
- » Constructed 3,8000 sq ft multi-purpose park shelter building

Table A1: Park Size Standard and Acreage Classification, 2020

Park	Acres per Park	Current Acres in Germantown's Park system (2020) per park category	2020 Recommended Acres per park category*	2025 Projected Recommended Acres per park category **
Playlot (standard size: 1-2 acres; standard acres: .5/1,000 residents)				
Weidenbach	4	4	10.3	11.3
Neighborhood (standard size: 10-25 acres; standard acres: 3/1,000 residents)				
Alt Bauer	25.6	98.6	61.8	67.9
Firemen's	17			
Haupt Strasse	13			
Kinderberg	23			
Spassland	20			
Community (standard size: 25-150 acres; standard acres: 8/1,000 residents)				
Friedenfeld	53	53	164.7	181.3
Regional (standard size: 100+ acres; standard acres: 10/1,000 residents)				
Homestead Hollow County Park	105	105	206	227
Special Use (variable size and amount)				
Dheinsville	9.5	19.5	–	–
Little League	10			
Environmental (variable size and amount)				
Schoen Laufen	39	239	–	–
Wilderness	200			
TOTAL Acres	519			

*2020 Recommended Acres based on an estimated population of 20,590

**2025 Projected Recommended Acres based on a projected population of 22,660

- ▲ Recommended acres are based on the 1995 NRPA park standards, as interpreted in the Village of Germantown's 1997 Comprehensive Outdoor Recreation Plan. As these standards are widely considered outdated, this table is included for reference only, but should **not** be used to exclusively evaluate Germantown's level of service.

Table A2: Facility Inventory & Standards

	"Standard" facilities (Based on 1997 Plan / NRPA 1995 standards)	Existing Facilities in Parks	Existing Facilities on Schoolgrounds	Total Existing Facilities	2020 Facility Needs*	2025 Projected Facility Needs**
Baseball						
Official	1/5,000	2	2	4	4	5
Little League	1/2,250	5	0	5	9	10
Softball	1/5,000	1	2	3	4	5
Practice ballfield (backstop)	1/1,400	3	3	6	15	16
Soccer	1/1,000	17	4	21	21	23
Football						
Tackle	1/15,750	1	1	2	1	1
Practice area	1/2,250	5	2	7	9	10
Sand Volleyball	1/4,000	3	0	3	5	6
Basketball	1/2,250	5	0	5	9	10
Tennis	1/1,750	9	8	17	12	13
Ice Skating	1/5,250	1	0	1	4	4
Sledding	1/8,000	1	0	1	3	3
Bank Fishing	1/5,250	2	0	2	4	4
Modular Play Equipment	1/1,750	7	4	11	12	12
Picnic Shelter	1/1,750	10	0	10	12	13
Trails (miles)	.16/1,000	5.79	0	5.79	3.29	3.63
Horseshoe Pit	1/5,225	0	0	0	4	4
Restrooms	–	5	0	5		
Skatepark	–	1	0	1		
Archery range	–	1	0	1		
Bandshell	–	1	0	1		
Pickleball Courts	–	4	0	4		

*2020 Recommended Acres based on an estimated population of 20,590

**2025 Projected Recommended Acres based on a projected population of 22,660

Table C: Likely Funding Sources

Funding Name	Description/Eligible Projects	Funding Entity & Link
Knowles-Nelson Stewardship Local Assistance Grant Programs ▷ Aids for the Acquisition and Development of Local Parks (ADLP); ▷ Urban Green Space (UGS) grants; ▷ Urban Rivers (UR) grants; ▷ Acquisition of Development Rights (ADR)	▷ Support nature-based outdoor recreation activities ▷ Land acquisition for parks & trails, including riverfront property	▷ State (WDNR) ▷ https://dnr.wisconsin.gov/topic/Stewardship/ApplyLUG
Federal Recreation Grant Programs ▷ Land and Water Conservation Fund (LWCF) ▷ Recreational Trails Program (RTP)	▷ LWCF grants support land acquisition and development of high-quality outdoor recreation amenities in local communities. ▷ RTP grants support maintenance and restoration of existing trails; ▷ development and rehabilitation of trailside and trail head facilities and trail linkages; ▷ construction of new trails (with certain restrictions on federal lands); and ▷ acquisition of property for trails.	▷ Federal (WDNR) ▷ https://dnr.wisconsin.gov/topic/Stewardship/FederalLUG
Federal Transportation Alternatives Program (TAP)	▷ On or off-road facilities	▷ State (WisDOT) ▷ https://wisconsin.gov/Pages/doing-bus/local-gov/astnce-pgms/aid/tap.aspx
Federal Congestion Mitigation and Air Quality Improvement Program (CMAQ)	▷ Encourages transportation alternatives in southeast Wisconsin that improve air quality such as public transit enhancements, bicycle/pedestrian facilities, ride sharing programs and facilities, and technologies that improve traffic flow and vehicle emissions.	▷ State (WisDOT) ▷ https://wisconsin.gov/Pages/doing-bus/local-gov/astnce-pgms/aid/cmaq.aspx
Fund For Lake Michigan (FFLM)	▷ Projects that have near-term, direct and quantifiable impacts on water quality in the Lake Michigan watershed. This includes projects such as wetland restoration, stormwater management, stream bank repair, and general water quality improvements.	▷ Non-profit ▷ https://fundforlakemichigan.org/
