VILLAGE OF GERMANTOWN
N112 W17001 MEQUON ROAD
GERMANTOWN, WI 53022

MEETING: **PARK & RECREATION COMMISSION**

DATE AND TIME: **WEDNESDAY, AUGUST 25, 2021 at 5:30 p.m.**

LOCATION: **GERMANTOWN VILLAGE HALL BOARD ROOM**
N112 W17001 Mequon Road

NOTICE: Pursuant to the current recommendation of the Centers for Disease Control and Prevention limiting the size of public gatherings, capacity within the Board Room will be limited. Members of the body and citizens may also attend the meeting virtually through the WebEx platform (Meeting number 182 347 3554: Password: aiKQExkA632) which can be accessed by phone at 408-418-9388 or by logging on at **https://villageofgermantown.my.webex.com/villageofgermantown.my/j.php?MTID=mba45bafa8ee31d14956378c0e80ee2a8**

Citizens not wishing to attend the meeting personally or virtually may submit any public comments by sending an email to comments@village.germantown.wi.us by 4 p.m. on the day of the meeting so that it can be provided to the members of the body for their consideration.

I. **CALL TO ORDER:** This meeting has been given public notice in accordance with Wisconsin Statutes, Section 19.83 and 19.84 in such form that will apprise the general public and news media of subject matter that is intended for discussion and action.

II. **ROLL CALL:**

III. **APPROVAL OF MINUTES:** July 21, 2021

IV. **PUBLIC INPUT:** Please be advised per State Statute Section 19.84(2), information will be received from the public. It is the policy of this municipality that there be a three (3) minute time period, per person, with time extensions per the Chief Presiding Officer's discretion; be further advised that there may be limited discussion on the information received, however, NO ACTION will be taken under public comments.

V. **CORRESPONDENCE:**

VI. **OLD BUSINESS:**
1. Firemen's Park Shelter Project Update
2. Park & Recreation Director Update

VII. **NEW BUSINESS:**
1. Comprehensive Outdoor Recreation Plan 2021-2026 – Review & Recommendation on Plan Approval
2. Dheinsville Park Lease Agreement – Review & Recommendation
3. Spassland Park Pickleball Courts – Review & Approval
4. 2022 Park & Recreation Operating & Capital Improvements Budget

VIII. **VILLAGE BOARD:**

IX. **SCHOOL BOARD REPORT:**

X. **DIRECTOR'S REPORT:**

XI. **ANNOUNCEMENTS OF PUBLIC INTEREST:**

The next Park & Recreation Commission meeting will be **September 15th @ 5:30 p.m.**

XII. **ADJOURNMENT:**

UPON REASONABLE NOTICE, *efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. For additional information or to request this service please contact the Clerk's Office at (262)250-4740 at least 2 days prior to the meeting.*

VILLAGE OF GERMANTOWN
PARK & RECREATION COMMISSION MINUTES
July 21, 2021

CALL TO ORDER: The meeting was called to order at 5:33 p.m. by Chair Coulthurst.

ROLL CALL: Commissioners Depies, Knop, Leukert, Stapelman and Trustee Rep. Hudson. Absent and unexcused was School Board Rep. Borden. Guests included Erin Hirn, Support Services Manager. Also present were Director Schroeder, Program Supervisors Heinen, Rodger and Secretary Lemke.

APPROVAL OF MINUTES: ***Motion by Hudson, seconded by Leukert to approve the minutes from May 19, 2021, as presented. Motion unanimously carried.***

Motion by Depies, seconded by Knop to move to New Business, Item 5. Motion unanimously carried.

PARK & RECREATION DIRECTOR JOB DESCRIPTION – DISCUSSION & APPROVAL: Erin Hirn stated that the job description is being brought forward for updating as the job description has not been updated since 2013. There are a couple of minor changes with verbiage that were made. The position will be posted until filled, however the Village will review the applications after the 1st 3 weeks. Erin stated that the Village Board had approved the changes to the job description at the Village Board meeting on Monday, July 19th.

PUBLIC INPUT:

CORRESPONDENCE: Mark read an email from Dave Stroebel requesting additional pickleball courts and/or more painted lines on additional tennis courts in the Village. Commissioner Stapleman stated that other communities have lockboxes at their facilities that contain nets that you put up and take down after use. The commission would like to see maps for areas that could be used for future pickleball courts.

OLD BUSINESS:

FIREMEN'S PARK SHELTER PROJECT UPDATE: The ribbon cutting/dedication was held on Monday, June 21st. The first official event held at the shelter was the July 4th celebration. There were many positive comments from both the vendors and attendees.

The Taste of Germantown (Food Trucks will be vending along the path) will be held on Thursday, July 22nd as well as the Family Fun Carnival, Concerts in the Park, Music at the Pavilion.

A final punch list meeting was held on July 9th. The main punch list items that are outstanding include: installation of the sliding kitchen window (which has now been installed), concrete floor solution (epoxy?) for the open shelter, installation of the bollard in the asphalt drive, and replacement of 2 overhead doors to the multi-purpose room.

NEW BUSINESS:

COMPREHENSIVE OUTDOOR RECREATION PLAN 2020-2025 – REVIEW & RECOMMENDATION on 5-Year CIP PLAN: Mark stated that discussion has been ongoing for the park improvements in section 6 for quite some time. Mark is asking that the Commission take the time and review the plan, especially focusing on page 66 for the August meeting. On page 66 it was noted that there maybe a "likely" loss of the Little League Park ball diamonds. At this time the Village Board indicated

that they are looking at other site options for the new Department of Public Works facility within the Village. Therefore, there would not be an interruption for the 2022 baseball season at Little League Park.

DHEINSVILLE PARK – UPDATE ON SITE IMPROVEMENTS: Mark indicated that parking lot has been paved as well as the pathways to the buildings. Monies were included in the 2021 Budget for materials and labor to complete the exterior painting of the historic Bast Bell Museum. The village has awarded a contract to Macorp Premier Painting for this project. The work was completed in late June. The village is contracting with Pieper Electric to install separate lockable control switches to operate the lights in the Dheinsville Park Festhalle. This will allow park rental groups to access and operate the lights independent of the shelter outlets which will remain on for 24/7 public use. This project was completed in early July.

DHEINSVILLE PARK LEASE AGREEEMENT – REVIEW & RECOMMENDATION: Mark stated Village Attorney Sajdak competed the draft of the new lease. The lease will be forwarded to the Germantown Historical Society for review and to this commission for the August meeting to review.

2021-2022 FALL/WINTER/SPRING RECREATION PROGRAM FEES & CHARGES – REVIEW & APPROVAL: Patti gave a breakdown of the upcoming changes for the Fall/Winter program fees. The yellow highlighted programs are increases in registration fees and the blue highlighted items indicate programs not held in 2020 mostly due to COVID. Most of the fee increases have already taken place for the Summer 2021 classes, therefore Fall/Winter program fees are not increasing.

Katie recommended that the Kids Klub fees for the 2021-2022 remain the same. The school district has changed the start and end times at their elementary schools. Katie stated that she will monitor concerns that are received regarding the fees.

Motion by Depies, seconded by Knop to accept the Fall/Winter fees as proposed. Motion unanimously carried.

VILLAGE BOARD REPORT: Hudson stated he feels the new Department of Public Works facility will not inconvenience the Germantown Little League. Hudson stated that he would like to be included on the hiring committee for the new Park & Recreation Director.

SCHOOL BOARD REPORT: Absent

DIRECTOR'S REPORT:

Comprehensive Outdoor Recreation Plan 2020-2025 – Review & Recommendation on 5-Year CIP Plan - Over the last several meetings, the

commission has discussed various capital projects for the parks system, as well as a proposed Capital Improvements Budget for 2021-2026. Included in the meeting packets is the 5-Year CIP Budget that staff submitted to both the Finance Dept. and GRAEF for inclusion in Chapter 6 of the CORP. The goal is to finalize the CORP in August for approval by the Village Board in Fall of 2021 at the same time as the 2050 Comprehensive Plan is approved.

At the April commission meeting, input was received from the baseball/softball community regarding the potential loss of the Little League Park facility due to the future expansion of the Department of Public Works Facility. A presentation was made to the Village Board by GRAEF and village staff on May 3rd, and most recently on June 7th. These presentations have included information on the siting, design, and costs associated with constructing a new DPW Facility at the current location, as well as potential alternate site locations for both a public works facility and parkland for baseball/softball diamonds. This item is on the July 19th Village Board Meeting Agenda for review and discussion.

Dheinsville Park Lease Agreement – Per earlier meeting discussions, the 1995 lease agreement with the Germantown Historical Society (GHS) expired in 2019. Village Attorney Brian Sajdak has prepared an updated agreement which will be reviewed with the GHS later this month. The new agreement will be brought forth to the Park & Recreation Commission at the August meeting for review and recommendation, before sending to the Village Board for final approval.

Dheinsville Park Festhalle Project – At the final site inspection meeting with Keller, Inc. last October, staff expressed a concern with the workmanship of several areas of the concrete floor. At the May 4th site meeting, no structural failures were observed. Following discussion on potential options, an agreement was reached whereby Keller would pay for materials and labor to install an epoxy product throughout the concrete floor of the shelter. It was determined that epoxy would provide the most durability as well as an overall uniform appearance. The village has approved the epoxy product with the work scheduled for the week of September 9-13th.

2021 – 2022 Fall/Winter/Spring Recreation Program Fees & Charges – Review & Approval – The Fall/Winter/Spring 2021-2022 recreation program classes/proposed fees chart will be handed out at the meeting. Recreation Supervisors Heinen and Rodger will attend the meeting to present this information.

Dheinsville Park Parking Lot & Pathway Paving Project – Monies were included in the 2021 CIP Budget for materials and labor to install asphalt on the parking lot and park pathways. The village awarded a contract to Payne & Dolan for $74,982 for this work. The project started on May 25th with grading of the stone base, culvert installation, and prepping of the stone pathways. Paving was completed on May 26th with stripping of the parking lot on June 2nd.

Dheinsville Park Site Improvements – Monies were included in the 2021 Budget for materials and labor to complete the exterior painting of the historic Bast Bell Museum. The village has awarded a contract to Macorp Premier Painting for this project. The work was completed in late June. The village is contracting with Pieper Electric to install separate lockable control switches to operate the lights in the

Dheinsville Park Festhalle. This will allow park rental groups to access and operate the lights independent of the shelter outlets which will remain on for 24/7 public use. This project was completed in early July.

Kinderberg Park Entrance Sign – In March, the park sign at the southerly entrance off Preserve Parkway was damaged due to high winds. The new sign was installed by public works/parks staff in early June.

Music At The Pavilion Concert Series & Beer Garden – The Music & the Pavilion Concert Series started on Thursday, July 15th and will continue through August 19th at the Gehl's Performing Arts Pavilion and new park pavilion in Firemen's Park. Included is the event schedule.

Forestry Updates – Johnson Nursery completed the planting of 60 trees within the village parks on May 28th. Crawford Tree & Landscape completed the EAB trunk injection treatment on 150 ash trees in the park system and on municipal grounds on June 8th.

Recreation Program Update –

Recreation Division Report July 21, 2021
We have 54 programs starting in July along with the over 30 programs that are ongoing throughout the summer including: Fondy Aqua Park Trip, Great America Trip, Little Tykes Martial Arts, Youth Martial Arts, Booster Night, Archery, Golf Camp, Youth Golf Academy, Golf Skills, Tae Kwon Do, Girls Basketball Camp, Horseback Riding, Babysitters Training, Music Fun, Beach Music Party, Parent Child Basketball, Hoopsters, Band Concerts, Amazing Race, Barre Fitness, Tennis – session 2, Intro to Irish Dance, Cupcake Decorating, Learn to decorate with Frosting, Learn to Crochet, Learn to Macramé, knitting 101, Oodles of Art, Girls Volleyball Camps, Kids Cuisine, Learn Magic, Learn Not to Burn, The Science of Slime Camp, Be a Rocket Scientist, Mad Scientist Robot Invasion, Stay Home Alone, PULSE, Rise & Shine Boot Camp, Yoga, Barre Fitness, Fit in Parks – Mindfulness, Pilates in the Park, Barre in the Park, Family Boot Camp, Family Carnival Night, Movies in the Park, Henna Tattoos, Umbrella painting, Acrylic painting, Watercolor Painting, Home Buying/Selling, Tree Climbing, Paw & Pose, and Music at the Pavilion.

Programs cancelled due to low enrollment: CPR, Miss Julie's Music for Families.

Upcoming events include the following:

Amazing Race: This program filled with 83 participants enrolled. It was held on July 9th with Dental Professionals sponsoring the event**.**

Movies in the Park: Our second movie was held on Friday, July 16th, at Firemen's Park featuring the Tom & Jerry movie.

Booster Night: Booster Night was held on July 12th with Robert's Frozen Custard donating $400.00 towards our programs!

Family Fun Carnival Night: Families can enjoy carnival games and inflatables.

Event will be held on Thursday, July 22nd from 5:00 – 9:00 p.m. at Firemen's Park. It will be held in conjunction with the Kiwanis Taste of Germantown. The event is free, if pre-registered they will receive one $5 activity punch card upon arrival.

Fit in Parks: Fit in Parks has been a huge success with over 170 people participating and getting healthy!

Music at the Pavilion: The concert series starts on July 15th with our first concert featuring FM Rodeo sponsored by Gabor Design and Build. All six concerts have sponsors and are set to run Thursday evenings July 15th – August 19th**.**

ANNOUNCEMENTS OF PUBLIC INTEREST: The next meeting is scheduled for August 18th at 5:30 p.m.

ADJOURNMENT: There being no further business, the meeting adjourned at 6:41 p.m.

Re: Additional Pickleball Courts – Germantown Parks

Summary:
In 2017, the department converted the two under-utilized tennis courts at Haupt Strasse Park into four pickleball courts. Over the years, the sport has continued to grow in popularity as evidenced by the increased use of these courts, and frequent requests by the community for additional pickleball courts to meet the growing demand. Several residents have purchased portable net set-ups so that they could play any place with painted lines. There have been requests to paint lines on tennis courts, basketball courts, parking lots, etc., anywhere that portable nets could be set up. There has also been a request to consider converting one tennis court into two pickleball courts at Kinderberg, Alt Bauer, and Spassland Parks.

At this time, it would be staff's recommendation to focus on Spassland Park for pickleball, utilizing Alt Bauer Park and Kinderberg Park for tennis. Spassland Park gives residents a second option on the south side of the village, and provides additional support facilities (parking, restrooms, shelter, storage).

Attached is a cost proposal from Frank Armstrong Enterprises for $1,980 to install four pickleball court layouts at Spassland Park. Monies would be available in the 2021 Budget with work scheduled for September. Staff would also recommend utilizing 2022 Budget monies to purchase and install wind screens, and portable net set-ups.

Recommendation:
Staff recommends contracting with Frank Armstrong Enterprises to mask and stripe four pickleball line layouts on the tennis courts at Spassland Park. Monies for wind screens and portable net set-ups have been included in the 2022 Budget Request.

Chapter One
Introduction

Germantown's first Comprehensive Outdoor Recreation Plan (CORP) was developed in 1990 and has been updated four times since then. This CORP update was developed by the Village of Germantown Staff and the Park & Recreation Commission, along with a team of consultants, alongside the Village's overall Comprehensive Planning process from 2019-2021. This plan will guide recreation management and park development for the next five years and enable the Village to apply for grant funding from the Wisconsin Department of Natural Resources (WDNR) and other funding sources.

The purpose of this document is to:

- Create an up-to-date inventory and evaluation of Germantown's existing parks, recent park improvements, and recreational trails.
- Benchmark facilities and services against standards from the County as well as other communities around the country.
- Identify the needs of all community members related to active and passive outdoor recreational opportunities
- Provide a framework for the natural resource element and cultural resource element of the Smart Growth Comprehensive Plan.
- Provides a list of recommendations to the Village to assist with its Capital Improvement Planning (CIP) efforts related to parks and open space.

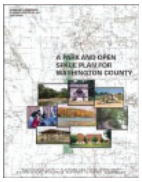

Planning Context

The Comprehensive Outdoor Recreation Plan for the Village of Germantown incorporates information from past and present planning efforts in the Village, Washington County, the Southeastern Wisconsin Regional Planning Commission (SEWRPC), and the State of Wisconsin. This plan also uses metrics and benchmarking data aggregated by the National Recreation & Park Association (NRPA) to evaluate the Village's own facilities. Some of the key plans, studies, and reports referenced in the making of this plan include:

2019 NRPA Agency Performance Review

National Recreation & Parks Agency

2020 Park and Open Space Plan

Washington County, WI

2019 County Bikeway & Trail Network Plan

Washington County, WI

2015-2019 Village of Germantown Comprehensive Outdoor Recreation Plan

Germantown History, Location, & Population

Originally one square mile, Germantown was formed by incorporating seven separate hamlets (or towns) into the Village of Germantown as we know it today. Germantown got its start as "Town 9" Washington County, Wisconsin Territory in 1836. Germantown was officially incorporated in 1924 and remained a small farming community until 1963, when Milwaukee County annexed a small piece of land from Washington County to build a landfill.

Fearing further annexation by Milwaukee County, the surrounding unincorporated hamlets of Kuhburg, Willow Creek, Meeker Hill, Goldenthal, Rockfield, Dheinsville, and Germantown decided to merge into one incorporated village - and Germantown was born.

At the time of annexation in 1963, the village grew to about 24 square miles. Some of the unincorporated areas wanted to keep their own identity, which is why we have the Town and Village of Germantown. Since 1963, boundaries have continued to change and over time the Village of Germantown has grown to encompass over 34 square miles.

Currently, the Village has a total of 34.4 square miles and a population of approximately 20,590 people in the southeast corner of Washington County, immediately adjacent to Waukesha County on the southern boundary, Ozaukee County on the eastern boundary, and Milwaukee County to the southeast. Germantown is connected to the City of Milwaukee and other major population centers in the region by Highway 41/45 north and south and Highway 167 east and west.

Agricultural Land and Preservation

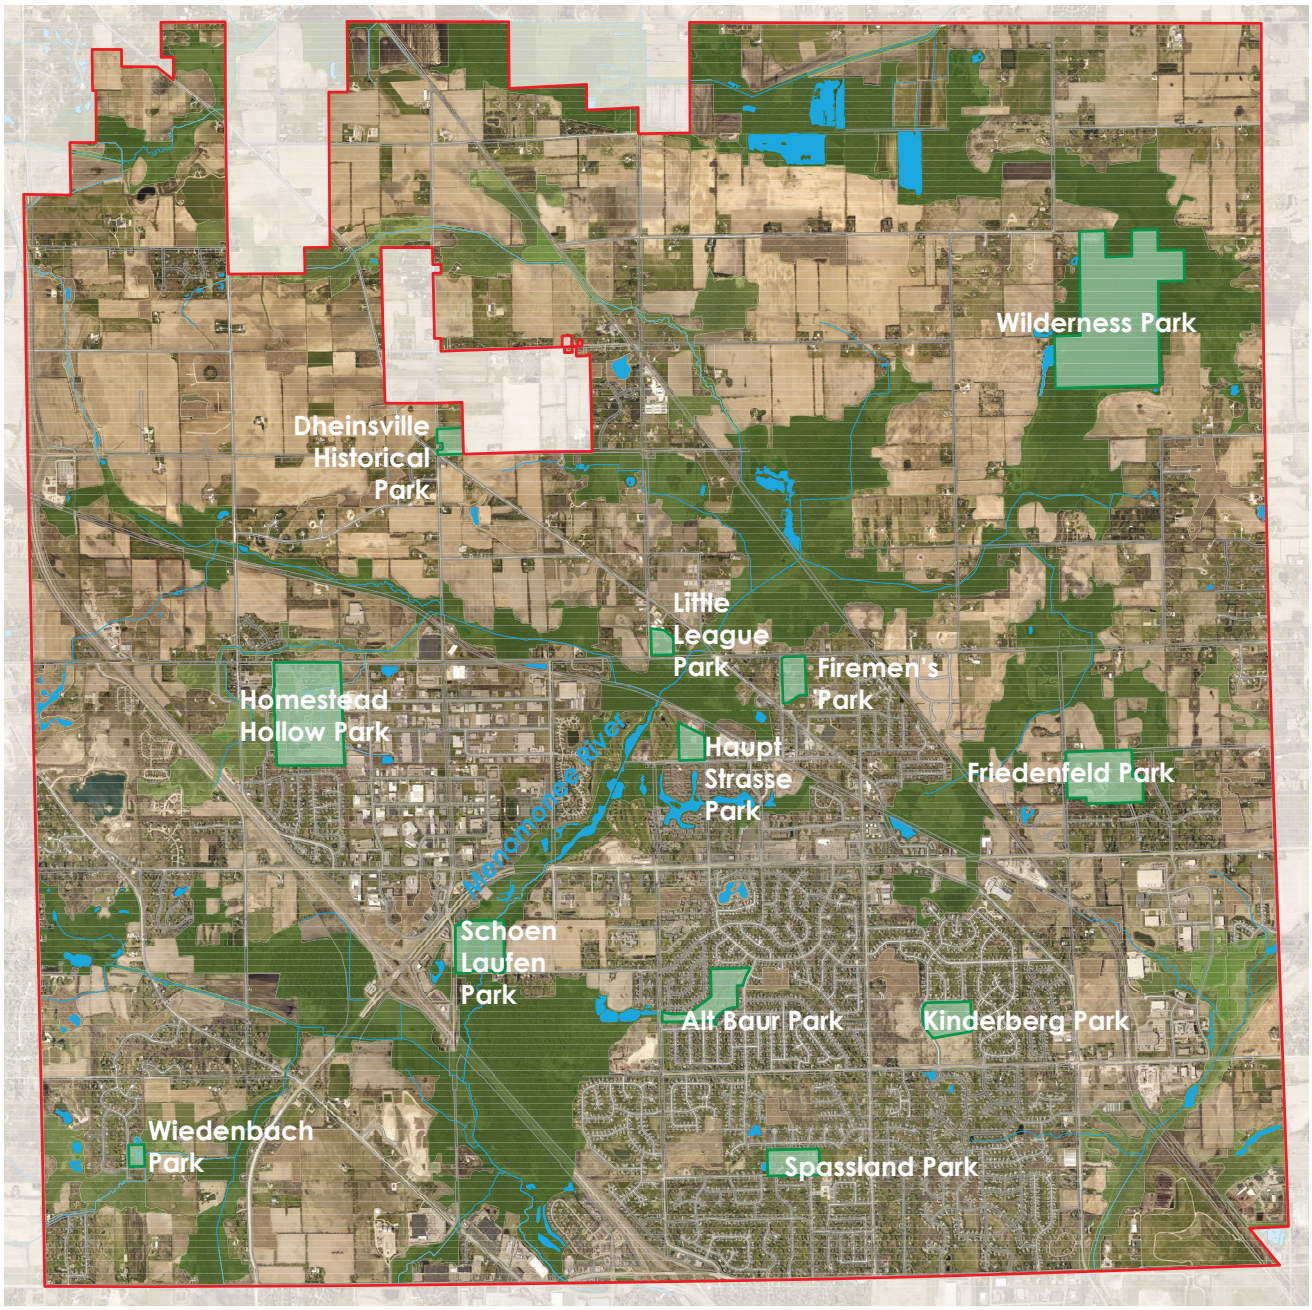

Historically, Germantown was primarily a farming community. In 1970, approximately 70% of the land in Germantown was used for agricultural purposes. However, like most communities in the Milwaukee metropolitan region, Germantown has been continually losing farmland to residential and commercial development.

Most of the remaining farmland in Germantown is located in the northern half of the Village, north of Freistadt Road (CTH F). Currently there is limited development in this area, which is primarily single family residential. The Village Zoning Code includes both A-1 and A-2 Agricultural Districts. The purpose of the A-1 District is to provide for the continuation of general farming and to protect the rural lands from urban development. The purpose of the A-2 District is to provide for, maintain, preserve and enhance lands that were historically used for crop production and are generally best suited to smaller farm units, such as truck farming, horse farming and orchards. Although the number of farms has declined since 1970, the number of nurseries and greenhouses has nearly doubled.

Water Resources

The topography of Germantown is characterized by rolling ground moraine, similar to, but more subdued than, the kettle and kame topography of the Kettle Moraine located to the north and south of Germantown. Germantown's topographic features consist of hills and ridges interspersed with broad undulating plains and poorly drained wetlands. Rivers and streams are defined as watercourses having perennial flow and intermittent streams significant

Village of Germantown

EXISTING FEATURES

- Municipal Boundary
- Park
- Water
- Primary Environmental Corridor
- Secondary Environmental Corridor

enough to have been named. There are four watercourses that meet this definition. The most significant watercourse is the Menomonee River and its north and west branches within the central and south-central portion of the Village. Little Cedar Creek and its southern tributary cuts across the northwestern corner of Germantown and has a combined total of 1.2 miles in the Village; Goldendale Creek, a tributary of the Menomonee River which is located in the western portion of the Village has a length of 2.0 miles in the Village, and Willow Creek which is located in the southwestern corner of the Village has a length of 2.3 miles. Lakes are defined as water bodies having 50 acres or more of surface area. There are no lakes within Germantown. Minor lakes and ponds have less than 50 acres of surface area. There are two water bodies in Germantown that meet this definition. Rockfield Quarry Pond, located immediately south of Rockfield Road and immediately west of CTH G, has 2.6 acres of surface area. There are also a group of man-made minor lakes located in the Lake Park Homes development just south of Main Street which constitute approximately 34 acres of surface area, as well as a quarry pond east of Appleton Avenue.

Floodplains are normally defined as the areas along rivers and streams that are subject to inundation by the 100-year recurrence interval flood event. There is a one percent chance that such an event will be reached or exceeded in severity in any given year. Approximately 30 square miles of Germantown are located within the Menomonee River watershed and the remaining 6 square miles of Germantown, located along the northern and northwestern edges of the Village, are in the Milwaukee River watershed. Comprehensive watershed plans have been completed for both of these watersheds by South East Wisconsin Regional Planning Commission (SEWRPC). Floodplains in Germantown are generally located in environmental corridors along the Menomonee River and its tributaries. These areas are not well-suited to development due to flood hazards, high water tables and inadequate soils.

Greenseams Program

Greenseams is a flood management program that permanently protects key lands containing water absorbing soils. By storing and draining water into the ground naturally, Greenseams helps prevent future flooding while supporting and protecting Metro Milwaukee Sewer District's (MMSD) structural flood management projects - infrastructure investments worth hundreds of millions of dollars.

The program makes voluntary purchases of undeveloped, privately owned properties in areas expected to have major growth in the next 20 years as well as open space along streams, shorelines and wetlands. MMSD hired The Conservation Fund (TCF) to run Greenseams Program. TCF is a national non-profit conservation organization that forges partnerships to protect America's legacy of land and water resources. TCF performs high volume real estate transactions for local land trusts and government agencies throughout the country. All land acquired will remain undeveloped, protecting water and providing the ability to store rain and melting snow. Wetlands maintenance and restoration at these sites will provide further water storage. Greenseams also preserves wildlife habitat and creates recreational opportunities for people living in the region. Where applicable, the properties can be used for hiking, bird watching, and other passive recreation. To date the Fund has purchased twenty-eight properties in Germantown, totaling over 1,034 acres. These properties are of special interest because the majority of the properties are located around Wilderness Park and may improve access to or potentially be part of a larger park in the future.

Germantown Park and Recreation Department History

In 1971, the Germantown High School Athletic Director worked part-time as the Recreation Director. Programs were run by seasonal and part-time employees at various schools. The first full-time Recreation Director was hired in 1980. In 1984, the title of Recreation Director was changed to Park and Recreation Director. The department was a one-person department until 1994, when a Recreation Supervisor was added. In 1995 a full-time secretary was hired. In 1999 a part-time secretary was added. A second full-time Recreation Supervisor position was added in 2007. In 2004, the Senior Center split from the Department and then returned in 2009.

The Department Today

The Department is comprised of a Director, two Recreation Supervisors, a Senior Coordinator, two full-time Secretaries, and many seasonal part-time employees. Routine park maintenance is performed by the Public Works Department, however short and long term capital improvement plans, as well as park acquisition and development projects, are coordinated by the Director. The mission of the Germantown Park & Recreation Department is to enhance the quality of life for all residents of the community through the development and maintenance of park lands and facilities as well as providing a variety of quality recreational programs and special events.

Chapter Two
Village Profile

Communities like Germantown, with rural atmosphere and small-town character, are continuing to attract families and businesses from larger municipalities. The result has been an increase in population and a gradual change in the expectations of the community toward higher levels of park and recreation services.

20,590

Population of the Village of Germantown (2019 DOA Estimate)

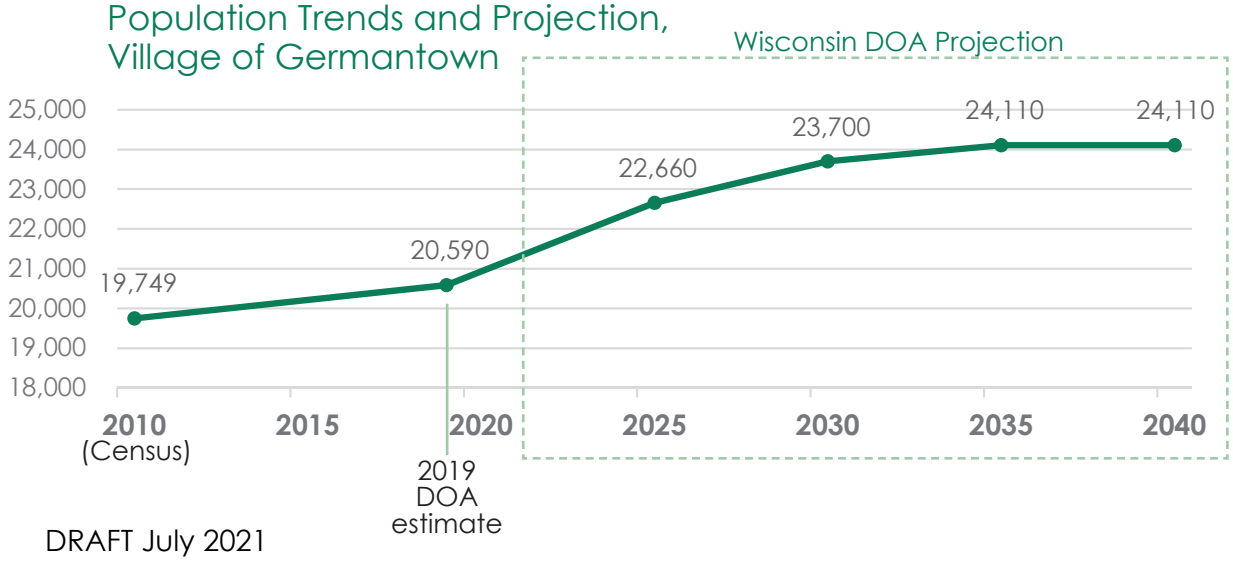

7,967

Households in the Village of Germantown (2018 ACS Estimate)

Average household size in the Village of Germantown **2.5**

25% of the residents of the Village of Germantown are under 19 years old

Population Trends and Projection, Village of Germantown

SCHOEN LAUFEN PARK

The mission of the Germantown Park and Recreation Department is to enhance the quality of life for all residents of the community through the development and maintenance of park lands and facilities as well as providing a variety of quality recreational programs and special events.

3

Chapter Three
Parks & Open Space Inventory

Village of Germantown Parks and Open Space

Most parks receive German names to reflect the German heritage. The Village of Germantown park system consists of ten parks and several public areas. There is a total of 404 acres of park lands, 165 acres of which are designed for active recreation and 239 acres designated as environmental park land, more suitable for active and low-impact recreation. The active-recreation park areas are primarily concentrated in the urbanized, south central portion of the Village. The Village's environmental park areas are mostly located in the rural areas of Germantown. The Village also owns the 10-acre Little League Park, which is maintained in a cooperative effort between the Village and the Little League. The Village of Germantown has a long-term lease agreement with Germantown Little League for their use of this park.

Homestead Hollow Park is a county-owned park located in Germantown. This 105-acre site is located in west-central Germantown, near US Highway 41/45. It was purchased by the Washington County Park System in 1977 and officially opened in 1983. The 105-acre park is an old farmstead. Evidence of this can be seen in its barns which have been converted and updated into shelters that can be reserved. Homestead Hollow Park offers county residents a variety of active and passive recreation opportunities. Facilities found at Homestead Hollow County Park include a trail system, lighted sledding hill, play equipment, basketball court, soccer fields, softball field, park shelters, fishing pond, ice skating rink, and a lighted parking lot. Soccer fields at the northwest part of the park are used by the Germantown Kickers soccer club for games and practices. In 2018, the county constructed & opened the Homestead Howl Dog Exercise Area, which features separate areas for both large and small dogs.

Indoor Recreation Facilities

The Germantown Park & Recreation Department currently operates six indoor facilities. These facilities are the Survive Alive House, Firestation #1 Community Room in Fireman's Park, the Kinderberg Park indoor shelter, the Senior Center, and the Department of Public Works multi-purpose room. The new Firemen's Park shelter is currently under construction.

Public School Facilities

The Germantown School District owns and maintains six developed outdoor recreation areas adjacent to schools that add to the Village's recreation base. The school recreation facilities total approximately 50 acres, and are located mostly near the urbanized south central portion of the Village. The school district lands are available only on a limited basis for public use. The Germantown School District and the Village of Germantown have an intergovernmental agreement that allows the Park and Recreation Department to use its buildings per a facility use fee schedule. The Germantown Park and Recreation Department uses these facilities for both active and passive recreation. The School District facilities are a critical component to the Department's operation. Without the cooperative agreement many of the Department programs would not happen.

Park Sites Inventory & Analysis

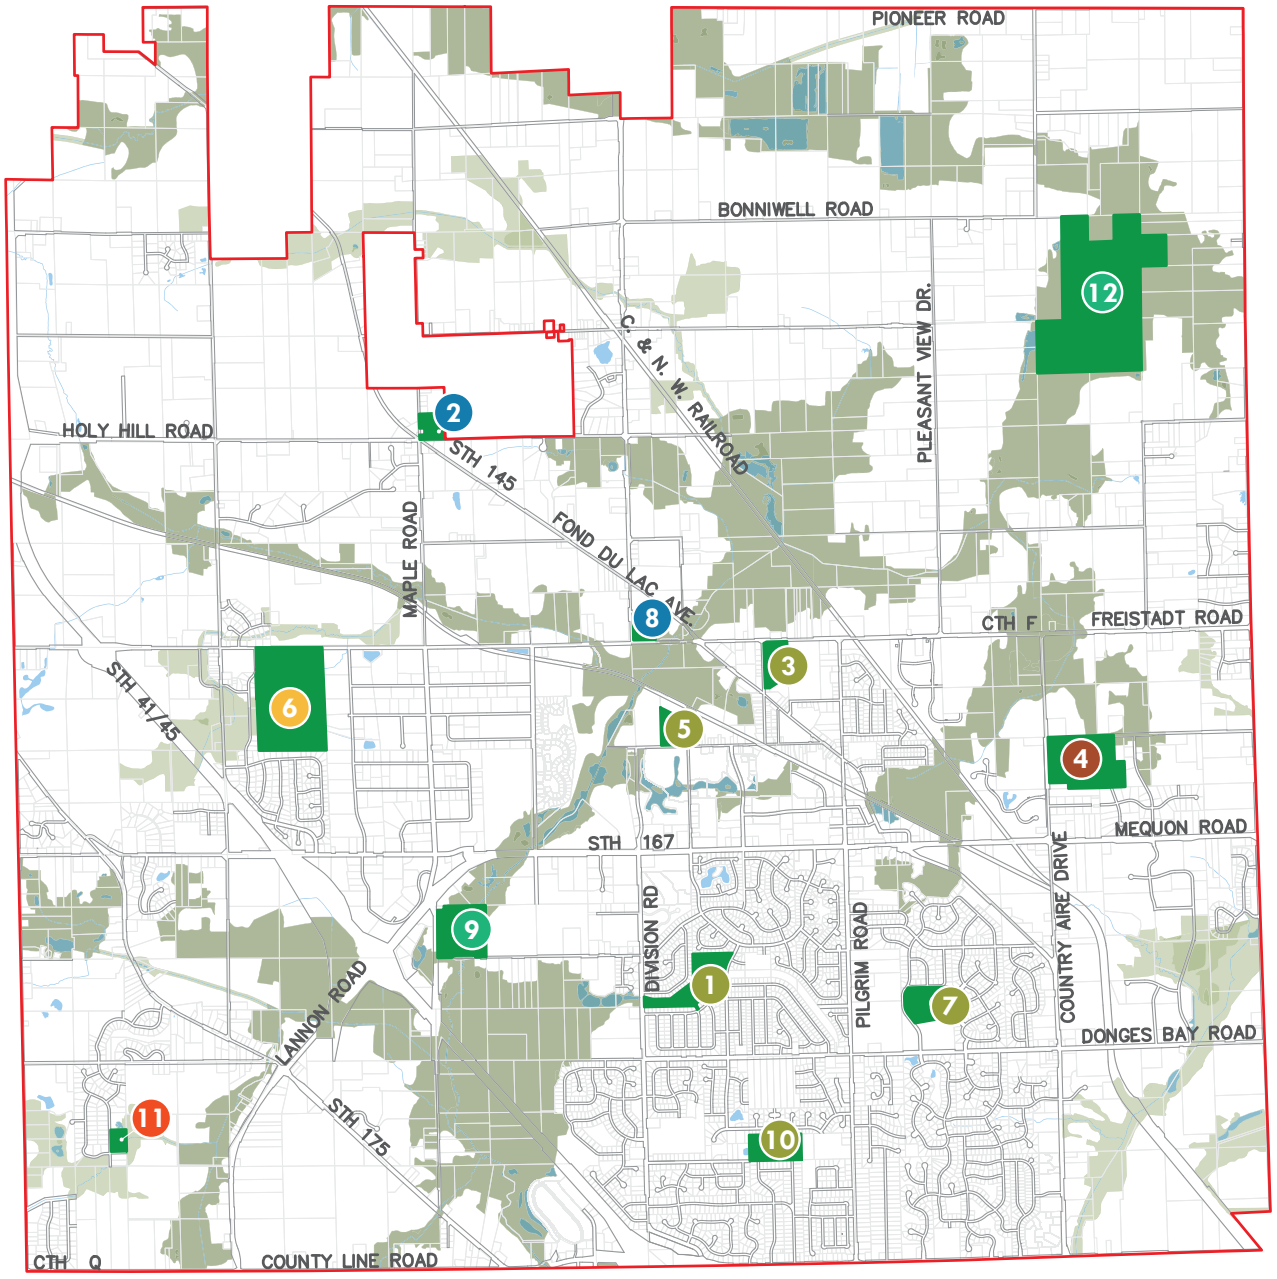

The Village of Germantown park and open space inventory contains 12 sites. Each of the park sites are described in detail starting on page 28. The name, type, size, amenities, summary, and photos of existing conditions are listed.

Germantown has 19.6 acres of park for every 1,000 residents, excluding Homestead Hollow County Park and Little League Park. According to the metrics and benchmarks of peer agencies reported in the NRPA's 2019 Agency Performance Review, the typical park and recreation agency has only 10.1 acres of park land for every thousand residents. Germantown also has 2,059 residents per park site, which is very close to the typical agency, which has one park per every 2,181 residents.

Although Germantown appears to be performing well in comparison with peer agencies around the country, these metrics are slightly inflated by the 200 acres of park land housed within Wilderness Park in the northeastern corner of the Village. During community engagement activities for this CORP update, it became clear that many Germantown residents did not know that Wilderness Park existed. This is not surprising, given that there is no obvious public access point to the park. Arguably, if there is no public access of the park or awareness that it is publicly accessible land, it should not be counted as park land for the purpose of Germantown's metrics. The planning team for this CORP update recommends that the Village of Germantown determine if public access can be provided to Wilderness Park and work to bring awareness of this large environmental area to Germantown residents. Two other types of facilities are not currently part of the Village's Park system, but are often discussed by the public as possible future additions. One is an aquatic center or pool of some type, and the other is a

1. Alt Bauer Park
   Neighborhood Park - 25.6 acres
2. Dheinsville Historical Park
   Special Use Park - 9.5 acres
3. Firemen's Park
   Neighborhood Park - 17 acres
4. Friedenfeld Park
   Community Park - 53 acres
5. Haupt Strasse Park
   Neighborhood Park - 13 acres
6. Homestead Hollow County Park
   Regional Park - 105 acres
7. Kinderberg Park
   Neighborhood Park - 23 acres
8. Little League Park
   Special Use Park - 10 acres
9. Schoen Laufen Park
   Environmental Park - 39 acres
10. Spassland Park
    Neighborhood Park - 20 acres
11. Wiedenbach Park
    Playlot Park - 4 acres
12. Wilderness Park
    Environmental Park - 200 acres

Germantown's Parks
By the numbers

19.6 Acres of park per 1,000 residents

2,059 Germantown residents per park

16 Full time equivalent (FTE) staff, with a mixture of full-time and part-time/seasonal employees

11 Playgrounds in Parks and schoolgrounds

21 Soccer fields in Parks and schoolgrounds

6 Baseball fields and 3 softball fields in Parks and on schoolgrounds

community center. Both of these types of facilities are costly to build, program, staff, and maintain, but can provide great benefits to residents. According to the NRPA's 2019 Agency Performance Review, 57.9% of agencies provide a community center to residents, at a rate of about 1 center per 28,750 residents per facility. About 52.3% of all agencies provide an outdoor pool, and 70% of agencies provide some sort of aquatics programming to residents.

When considering adding future facilities, the Village of Germantown Park & Recreation Department must weigh the cost and the benefits to the community, both in terms of upfront capital investment and ongoing staffing and maintenance.

Facilities Analysis

The Village of Germantown offers a wide range of park, sports, and recreation facilities to Germantown residents and visitors. Within the park properties trails and shelters allow residents different ways to engage with park land. A wide variety of sports fields and courts in the Village allow leagues and sports organizations to use the parks for practice and tournament play while also providing space for community residents to recreate. Recently, a few tennis courts were converted to pickleball courts to accommodate changing desires of the Germantown community. Highlights of Germantown's facilities include the Gehl's Performing Arts Pavilion in Firemen's Park, constructed in 2018, the Festehalle in Dheinsville Park, constructed in 2020, and the Germantown Senior Center. As of the writing of this plan, the new Firemen's Park shelter is under construction and is expected to be completed in early 2021.

In the future, Germantown could consider adding or expanding the following facility types in the Village, which are

noted by the NRPA as key categories offered by the majority of park and recreation agencies nation-wide:

- *Outdoor Swimming Pool* (offered by 52% of peer communities)
- *Community Center* (offered by 57% of peer communities).
- *Indoor recreation center (including indoor gym and fitness centers)* (offered by 55% of peer communities).

In addition, the following types of facilities may need to be expanded in Germantown:

- A Village Dog Park - residents have expressed a desire for additional dog park options.
- Basketball courts, volleyball courts, multiuse courts, and youth baseball/ softball fields.

A complete list of the facilities provided by the in the Village can be found in the Appendix, and are also listed on each park page beginning on page 28.

Arguably more important than a comparison to Germantown's peer communities is a self-assessment of the Village's facilities by those who use them most - the residents. With this in mind, the planning team asked individuals, community groups, and athletic organizations throughout this planning process the following question: "Are Germantown's current Park & Recreation facilities meeting your needs?" While the results of the community engagement process are outlined in more detail in the "Community Needs Assessment" section of this plan, one key priority with regards to Germantown's park and recreation facilities was 'maintenance and upkeep' of facilities. Several different types of user groups noted that maintenance issues with existing facilities can sometimes prevent residents from benefiting fully from Germantown's existing facilities - for example, drainage issues on sports fields and on trails within parks.

Programming Analysis

Park & Recreation Department programming plays an important role in the Germantown community. Programs provide essential recreation and socialization services to youth, adults, and older adults, encouraging engagement with park facilities and facilitating active lifestyles. The events and classes that are provided by the Park & Recreation Department foster a sense of community and belonging in Germantown.

Germantown's Recreation Division offered 854 program sessions with a total of 9,537 registered attendees in 2019 across five major program areas: Youth Enrichment, Youth Sports, Family, Adult Enrichment, and Adult Sports. The Germantown Senior Center offers educational, health, fitness, and entertainment programming to older adults in the community; 176 class sessions, 79 trips, and 103 free program sessions were offered in 2019. Germantown also offers five programs through the Kids Klub, including Summer Kids Klub, Before and After School programming at four public and one private elementary school as well as Tyke Site for Pre-K children, and an off-site Adventure program for 5th-7th graders.

According to our review of the NRPA's 2019 Agency Performance Review of programming in agencies nation-wide, Germantown's offerings seem to be in line with peer communities. The NRPA notes that Park and Recreation agencies are committed to serving all members of their communities; most communities offer programming for children and older adults, as Germantown does. Most communities also offer after-school care but fewer offer before-school care for school-aged children; Germantown offers both.

In fact, Germantown offers programming in most of the areas recommended by the

NRPA, including team sports, themed special events, social recreational events, health & wellness education, fitness classes, individual sports, safety training, racquet sports, trips and tours, and martial arts. Germantown offers aquatics through the school district, including swim lessons and open swim times. In the future, Germantown could consider adding or expanding programming in the following areas, which are noted by the NRPA as key categories offered by the majority of park and recreation agencies nation-wide:

- *Cultural crafts* (offered by 60% of peer communities)
- *Natural & cultural history* (offered by 55% of peer communities)

Staffing Analysis

As of the writing of this plan, the Village employs six full-time Park & Recreation administration staff. There are also three full-time employees whose positions fall under the Parks Division at the Department of Public Works. While performing parks duties, these employees also handle building & public works related duties as needed. Finally, the Parks Division employs approximately 10-12 seasonal positions in the summer. This translates to roughly 11-12 full-time staff equivalents (FTEs), with a mix of full-time and part-time staff.

In comparison to peer communities, Germantown staffing is below the median FTEs for communities with 250 acres of parks or fewer (16.5 FTEs nation-wide) according to the NRPA's 2019 Agency Performance Review. Though Germantown residents have access to many more acres than 250, the Parks Division maintains just over 200 acres of active park lands. If the Wilderness Park is to be used as accessible park land in the future, or if new parks are added as Germantown grows, Germantown would need to evaluate the need to add more staff to accommodate the additional maintenance and programming that would be needed.

Park and Recreation FTEs in Germantown also seem to be lower than peer communities with similar populations. Communities with 20,000 - 49,999 people employee a median of 28.4 FTEs and a lower quartile median of 15.3 FTEs. Germantown is just over the population threshold of 20,000, but our 11-12 FTE count is below even the lower quartile median for similarly-sized communities. As Germantown's population continues to grow and new neighborhoods and housing are developed in the future, Germantown should consider adding additional Park & Recreation Department staff to accommodate increased programming & maintenance needs in the existing parks and any new park land that might be acquired and developed in the future.

Budget Analysis

The Park and Recreation Department manages two budgets: the Recreation budget and the Senior Center budget. The Recreation budget encompasses the operation of recreation programs, special events, rentals, full-time and part-time staffing, office operations, sprayground, and miscellaneous park expenditures. Revenues are generated through program fees, donations, advertising, fundraisers, grants, and rental fees. The Senior Center budget is used for the operation of the Senior Center, programs, special events, pick-up service, meal program and many other functions. Revenues are generated through program fees, advertising, fundraisers, grants, and rental fees. The Parks budget goes towards operational maintenance of all parks, playgrounds, forestry, equipment repairs, mowing, and buildings.

In 2019, Germantown's Park & Recreation Department expenditures across the

Recreation Division, the Senior Center, and the Parks Division was just under $1,859,000.00. This equates to about $90 per capita on an annual basis. This lens of analysis of Germantown's expenditures puts the Village in line or slightly below peer communities of a similar size; the NRPA reports that agencies serving jurisdictions with fewer than 20,000 people have a median operating expenditure of $95.67 per capita. Budget is a complicated point of comparison for park and recreation agencies, and normalizing expenditures by population and density can produce results when compared with Germantown. For example, more populous jurisdictions nation-wide are able to spend less per resident on an annual basis, but more dense communities typically spend more per capita.

A note on evaluating Germantown's parks using "standards"

Prior versions of the Village of Germantown's Comprehensive Outdoor Recreation Plan evaluated parks and facilities using benchmarks based on a set of "standards" developed by the National Recreation and Park Association (NRPA). These standards were used to determine the facilities and total park area needed in the Village within each park category. The standards were last updated in 1995, and the NRPA has since moved away from using a "one size fits all" approach to evaluating communities' parks and facilities. Instead, the NRPA publishes an annual report with metrics that allows communities to benchmark their parks and facilities against their peers. Metrics from the 2019 NRPA Agency Performance Review are used on these pages as a comparison point for the Village of Germantown's parks and facilities.

Though NRPA recommends moving away from using these standards, the updated **Park Size Standard and Acreage Classification** and **Facility Inventory & Standards** tables are still included in this CORP in the Appendix for reference purposes.

In 2020, Washington County published its own Park and Open Space Plan, which included an additional set of standards for general use outdoor recreation sites. These standards are meant to ensure that the public sector provides sufficient size and number of sites to meet the demands of the resident population. The standards, found in Appendix D of the report, are designed to evaluate park access at a regional and multi-community level instead of at the municipal level. However, it does appear that the Village of Germantown has enough acres of park and open space to meet the Washington County standards.

Trails and Connections

Trail Standards

Another standard listed by SEWRPC is for open space lands to accommodate recreation corridors for trail systems on a regional basis. The Bugline Trail in Waukesha County is the nearest regional trail. While neighborhood parks and residential subdivisions currently have trails, they are small and typically serve only nearby residents. Germantown's primary trails are located in Alt Bauer Park (1.28 miles), Friedenfeld Park (1.59 miles), Kinderberg Park (1.05 miles), Schoen Laufen Park (1.19 miles), Spassland Park (.68 miles) and Homestead Hollow County Park (4.4 miles). These trails are used by residents, but they do not constitute a regionally-scaled trail system. A community trail system would link parks, promote greater accessibility and connectivity within the Village and potentially become a regional amenity.

Regional Trail Planning

In 2019, Washington County developed a Bikeway and Trail Network Plan. The plan was created in cooperation with representatives from many of the County's municipalities, including Germantown. The Bicycle & Pedestrian Connections Map shown at right incorporates many of those recommendations, ensuring that the trail development that Germantown undertakes in the coming years will be connected to other regional efforts.

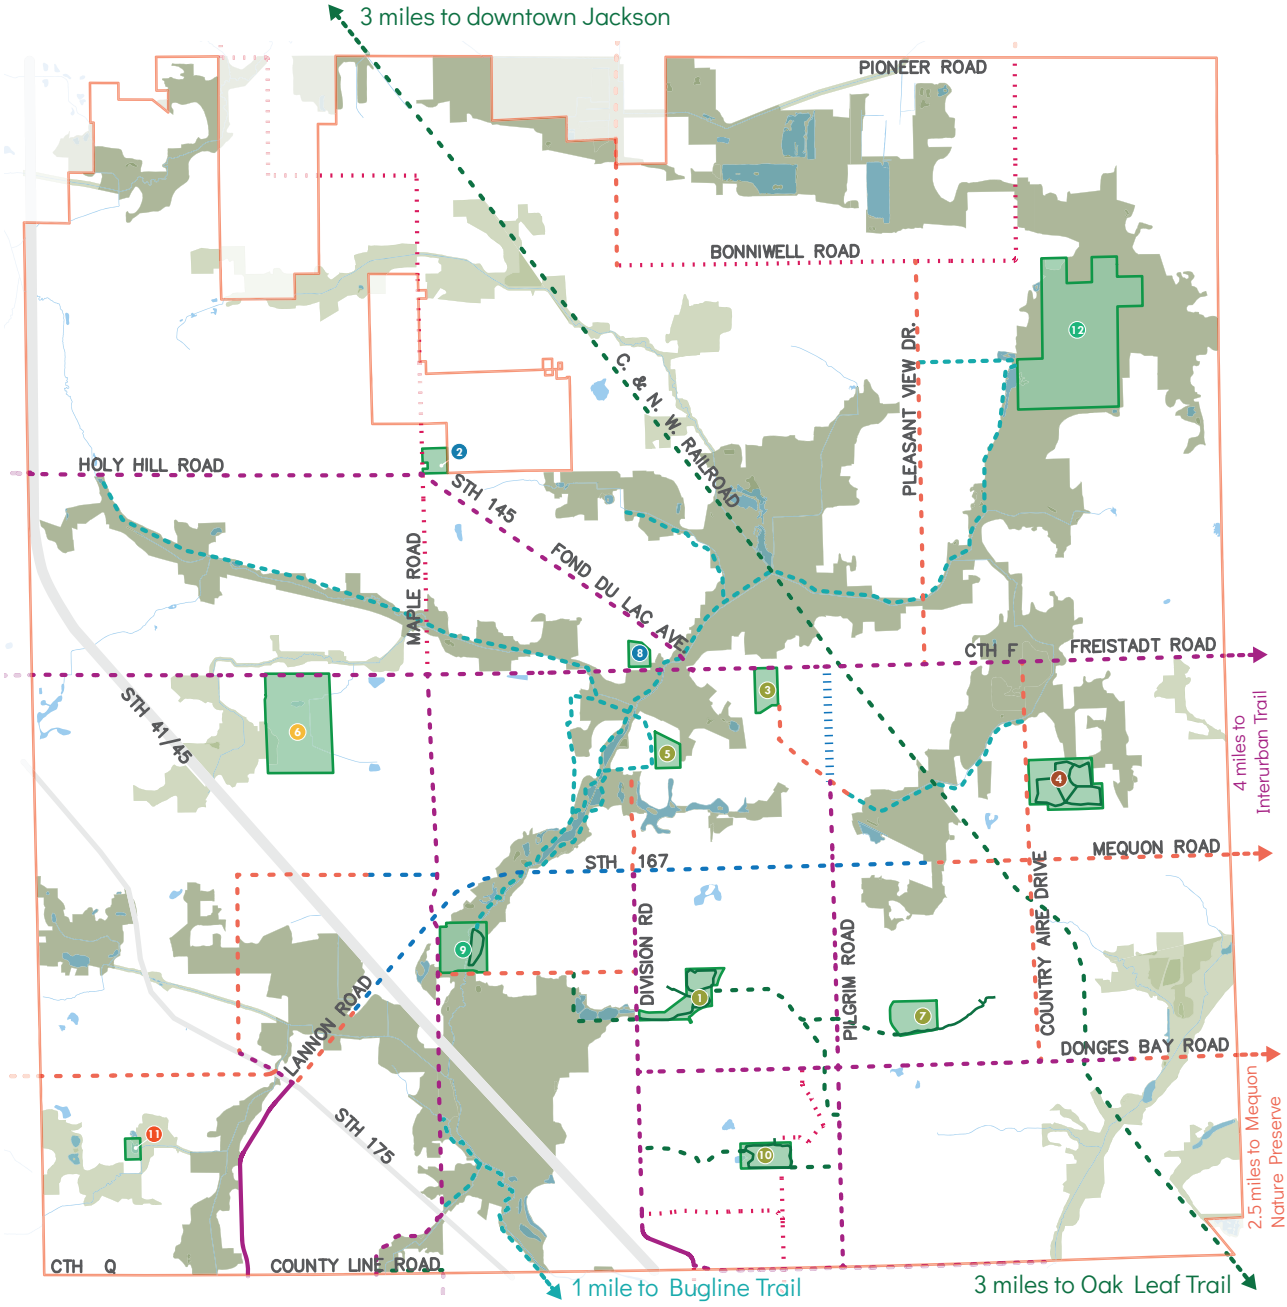

Local Priorities

In addition to the regional trail network connections, the Village of Germantown has identified several local priorities for trail connections. These include a River Trail along the Menomonee River and shared use paths that connect individual parks. Germantown has also identified areas with the potential for bike lanes, traffic calming, and minor enhancements that would make traveling in Germantown safer by bike and on foot.

1. Alt Bauer Park
   Neighborhood Park - 25.6 acres
2. Dheinsville Historical Park
   Special Use Park - 9.5 acres
3. Firemen's Park
   Neighborhood Park - 17 acres
4. Friedenfeld Park
   Community Park - 53 acres
5. Haupt Strasse Park
   Neighborhood Park - 13 acres
6. Homestead Hollow County Park
   Regional Park - 105 acres
7. Kinderberg Park
   Neighborhood Park - 23 acres
8. Little League Park
   Special Use Park - 10 acres
9. Schoen Laufen Park
   Environmental Park - 39 acres
10. Spassland Park
    Neighborhood Park - 20 acres
11. Wiedenbach Park
    Playlot Park - 4 acres
12. Wilderness Park
    Environmental Park - 200 acres

"Expanding and improving the trail system" was the park initiative that received the most votes at the October 2019 public meeting!

- Water
- Existing Shared Use Path
- Existing Sidepath
- Potential River Trail
- Potential Shared Use Path
- Potential Sidepath
- Potential Paved Shoulder
- Potential Bike Lane
- Potential Minor Enhancements
- Potential Traffic Calming

Catalog of Trail Types

Shared Use Path

A shared use path can accommodate many different types of users - bikers, walkers, runners, roller bladers, etc - and can be found in urban, suburban, and rural areas alike.

Sidepath

A sidepath is typically a type of multi-use trail that follows closely alongside of an existing roadway. This type of trail is typically found in suburban or rural areas.

River Trail

A river trail is simply a shared use path, accommodating pedestrians, cyclists, roller bladers, and runners, that follows alongside a riverway and through the park/ conservation land that surrounds these riparian areas. In Germantown, residents have expressed that a river trail along the watercourses should be a Village priority.

Bike Lane

A bike lane is a defined and marked area on the roadway for cyclists to travel. Bike lanes can be striped only (as shown above), or painted green for greater visibility.

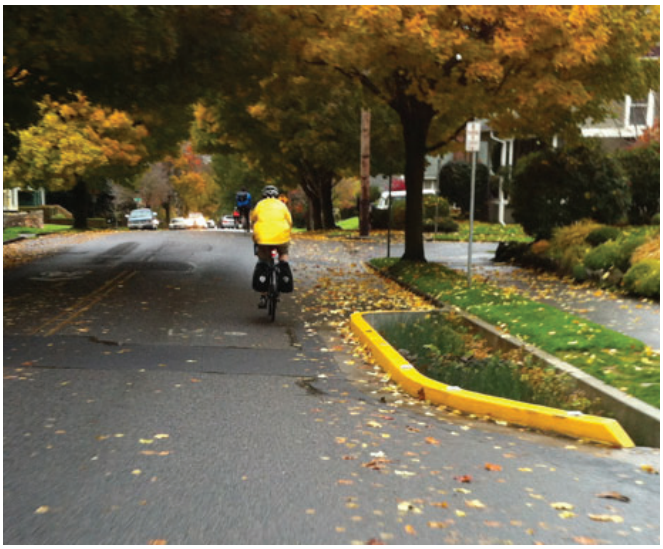

Paved Shoulder

Ensuring that rural and suburban roadways are designed with paved shoulders allows cyclists and walkers to safely navigate streets with light traffic.

Minor Enhancements

Minor enhancements to roadways, such as signage, ensuring drive lanes are marked, and pavement is smooth enough for bike travel, helps keep Germantown's roads safe for all.

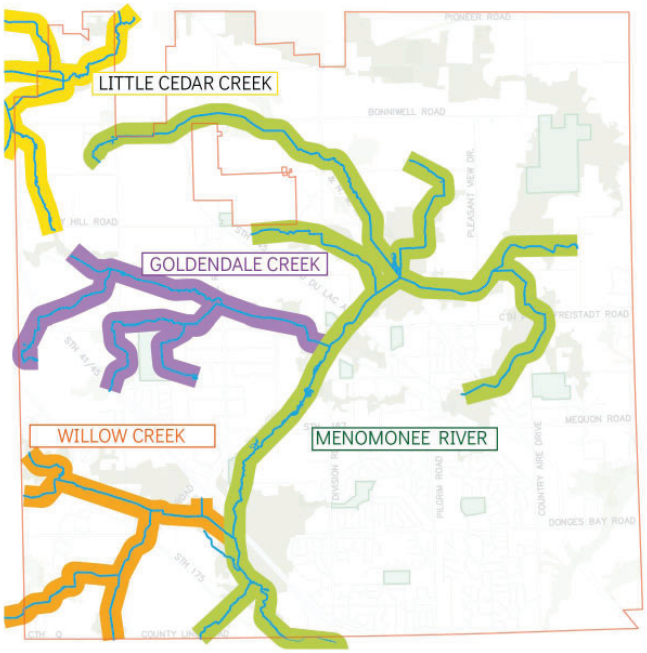

Traffic Calming

Bumpouts, raised intersections, and small traffic circles are examples of tools that can be used to flow vehicular traffic, making streets safer for cyclists and pedestrians.

Priority Highlight: the Menomonee River Trail

There are four main watercourses that fall within the Village of Germantown:

- Menomonee River
- Goldendale Creek
- Willow Creek
- Little Cedar Creek

Each of these watercourses and their adjacent environmental corridors are focus areas for the Village to implement future trails and public access. As part of this Plan, a priority recommendation is to create a "village-wide trail system plan" that identifies the exact location, facility type, acquisition needs, and priorities for river trails (see page 61). The map to the right shows the potential Menomonee River Trail (yellow) and the Goldendale Creek Loop Trail (red).

Menomonee River Trail Planning Considerations

- Primary trail type would be off-road
- Stretch south of Schoen Laufen Park could include sidepath along Maple Road
- Existing Blackstone Creek property should include dedicated park land
- Canoeing/kayaking access should be prioritized for this trail
- Coordination with Village of Menomonee Falls and connection to Bugline Trail will be important
- Document existing bridges and evaluate increased clearance heights for kayak/canoe passage
- Begin conversations with land owners that touch the Menomonee River to negotiate public access easements or acquisition opportunities (See Appendix - Exhibit B for existing land ownership map)

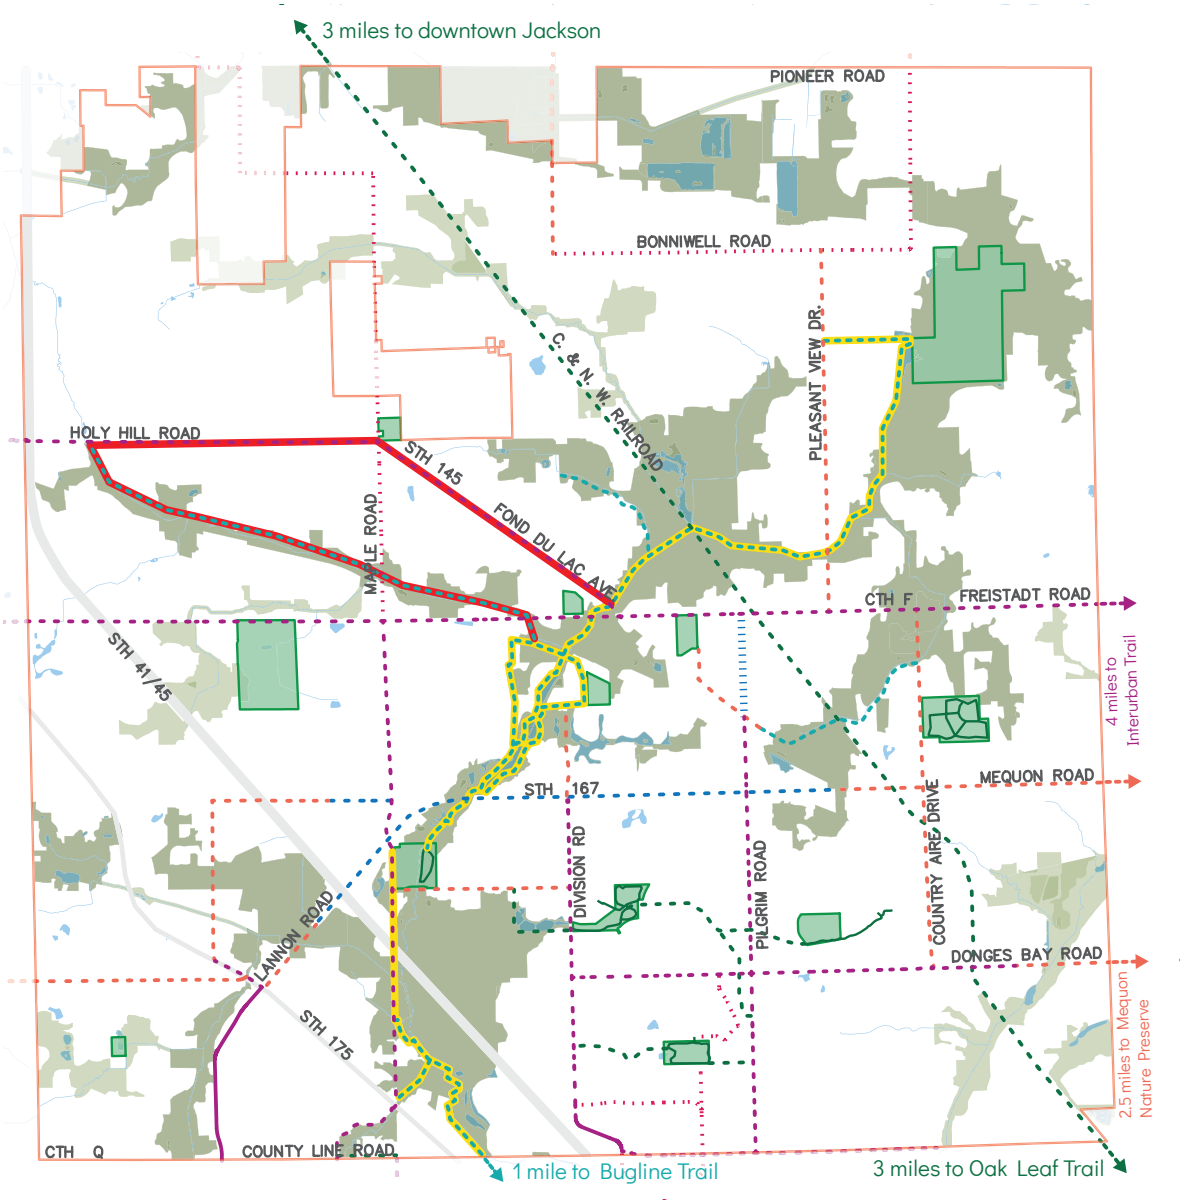

Goldendale Creek Loop Trail Planning Considerations

- Trail types could include a combination of off-road (along Goldendale Creek) and sidepath or off-street trail parallel to Holy Hill Road and Fond du Lac Avenue)
- This potential trail loop would act as a recreational amenity to planned industrial park users and future residential subdivisions

Planning Considerations for all Watercourse Trails

- Incorporate wayfinding, educational, and other interpretive trail signage
- Accommodate multiple user types including walkers, runners, bikers, cross-country skiers
- Support recreational private/semi-private uses/businesses along trails such as recreational equipment rental stores, coffee shops, restaurants, visitor's center, etc.

Service Area Analysis

A park's service area – the radius of area it provides service to without significant barriers – is ONE element in the evaluation of the Village's Park and Open Space system. This analysis depicts which residential areas are and are not served by the different park categories. It is important to note that while specific service radii are identified for different park types, a residence located outside of a service area does not necessarily mean that the residence is lacking adequate access to park space. It could be argued that all existing residential subdivisions within the village are adequately served by park space.

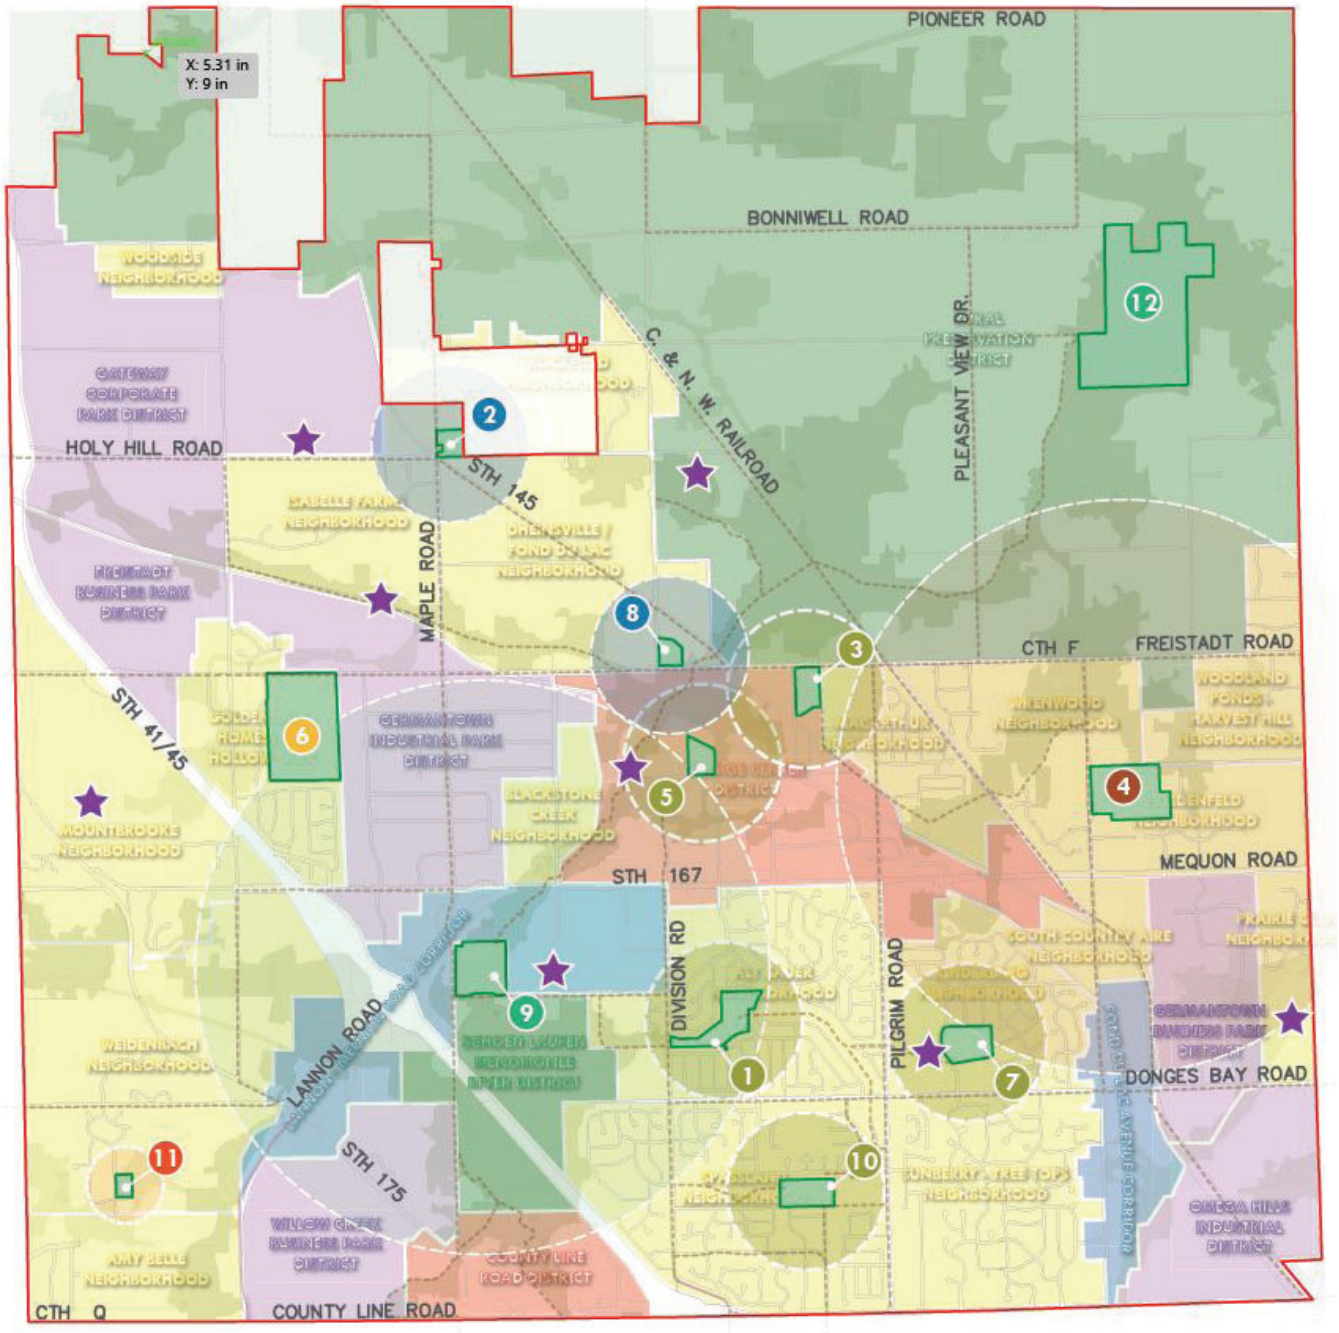

Neighborhood parks are the backbone of the system so nearly all residential areas should have direct access to a park. Some areas may be too small or have too few people to require a neighborhood park. These areas should at least be serviced by a playlot park or nearby access to a trail.

The older residential neighborhoods around Main Street and land south of Mequon Road are well-served by existing parks. While the existing parks may require upgrades or improvements, the purchase or dedication of additional lands in the south central portion of the Village is not a short-term priority for the Village unless the additional land will allow the Village to fulfill a noted deficiency in facilities, such as the community desire for a Youth Sports Complex.

Future residential growth in the Village is expected in the northwestern part of the Village. The Village should consider adding park and/or trail facilities in this area to accommodate the needs of new residents, and ensure that they too have access to park space.

1. Alt Bauer Park
   Neighborhood Park - 1/2 mile service radius
2. Dheinsville Historical Park
   Special Use Park - 1/2 mile service radius
3. Firemen's Park
   Neighborhood Park - 1/2 mile service radius
4. Friedenfeld Park
   Community Park - 3.5 mile service radius
5. Haupt Strasse Park
   Neighborhood Park - 1/2 mile service radius
6. Homestead Hollow County Park
   Regional Park - 12.5 mile service radius
7. Kinderberg Park
   Neighborhood Park - 1/2 mile service radius
8. Little League Park
   Special Use Park - 1/2 mile service radius
9. Schoen Laufen Park
   Environmental Park - 3.5 mile service radius
10. Spassland Park
    Neighborhood Park - 1/2 mile service radius
11. Wiedenbach Park
    Playlot Park - 1/4 mile service radius
12. Wilderness Park
    Environmental Park - 12.5 mile service radius

Service Area Diagram

The Service Area Diagram above includes existing park locations as they relate to the 2050 Future Land Use Map - Neighborhoods, Districts, and Corridors. As the map shows, the majority of neighborhoods (yellow) are served by an existing park. Those areas not served by a public park should look to include new park land, privately shared open space, or have planned trail connections that would connect residential areas to existing parks or river corridors.

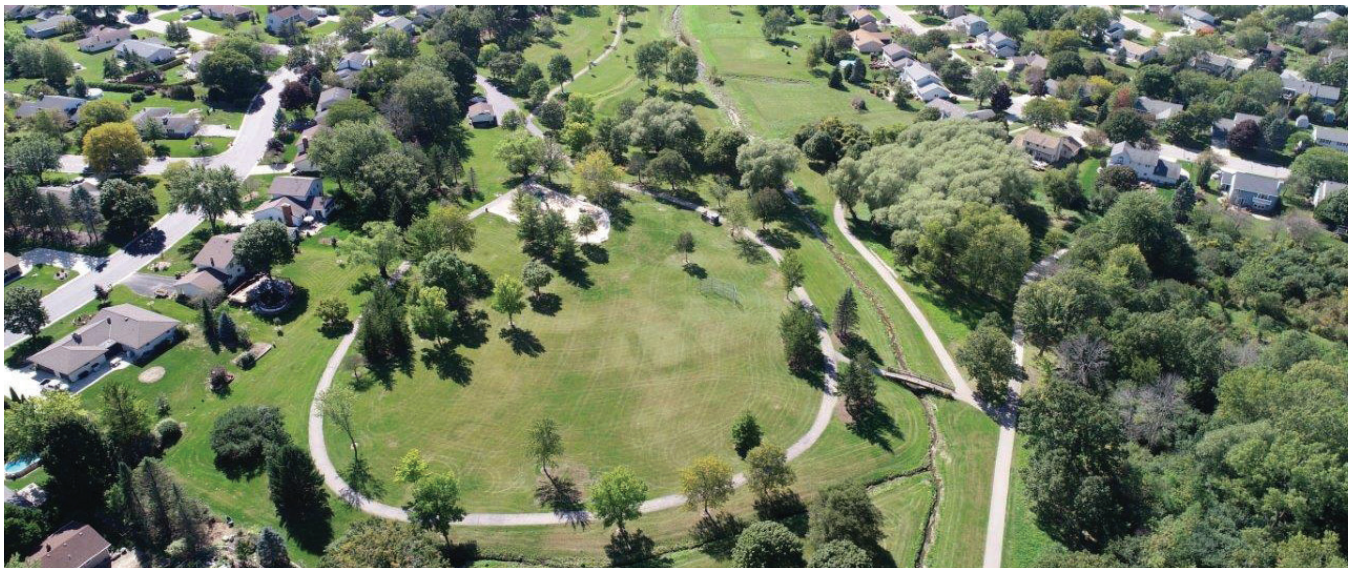

★ = Potential Future Park or Shared Open Space

Alt Bauer (Old Farmer) Park is a 21-acre neighborhood park located near the center of the urbanized area in south central Germantown. This park is noted for its large natural woodland and grassland area. A storm drainage ditch (Jefferson Ditch) way runs through the park dividing it into two areas. A trail system links many of the park facilities, and provides access points from surrounding subdivisions.

What's in the Park?

- Basketball Court (2015)
- Paved & Gravel Pathways
- Tennis Courts (3) (2017)
- Picnic Tables
- Playground Structure (2016)
- Drinking Fountain
- Small Parking Lot
- Bridge (1999)

Voices from the community

What does this park need?

- Connect to Kinderberg Park through a path along the drainage way
- Remove the buckthorn, especially on the corner of the Basketball court, and create better visibility going around that corner
- Covered pavilion/shaded area

Dheinsville Park, also known as the Historic Dheinsville Settlement, is a historical park located in the northwest part of Germantown. The land was purchased in 1994 with monies from the Village of Germantown and the Germantown Historical Society (GHS), with improvements funded by the Jeffris Family Foundation. The Village constructed a parking lot and pathways in 2000 and refurbished several buildings on the property.

In 2020, the Village and GHS partnered to complete construction of the Muehl Family Festhalle, an 80' x 140' open air pavilion that will be available for community rental use and will be home to the annual Oktoberfest celebration.

What's in the Park?

- Muehl Family Festhalle (2020)
- Bast Bell Museum
- Permanent Restrooms
- Wolf Haus
- Picnic Tables
- Historical Society Office
- Soccer Field (1999)
- Gazebo Shelter
- Paved Pathways (2000)
- Community Garden (2013)
- Gravel Parking Lot (2000)
- Archery Range (2012)

Voices from the community

What does this park need?

- Heirloom farm and plants - history integrated with the existing community garden
- More parking for Oktoberfest
- Pave the parking lot
- Digital access/archive historical records
- Scout badge program
- Historic scavenger hunt/engagement activity

Firemen's Park is a 17-acre neighborhood park located near the northernmost edge of the urbanized area in central Germantown. The park is located west of and adjacent to Kennedy Middle School. The park was originally purchased and developed by the Germantown Volunteer Fire Company, and in 1991 the Village of Germantown purchased the park. The Germantown Senior Center is located on the northwest corner of the Park.

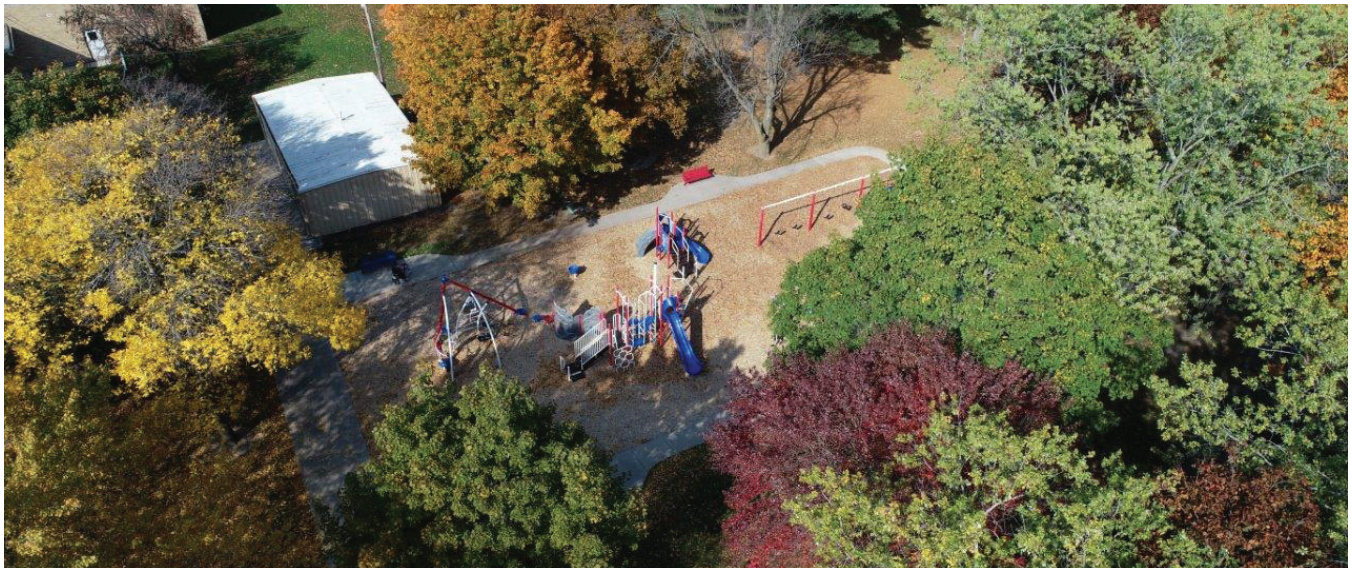

Fireman's Park is heavily used by community residents and serves as a community park. However, the park was not intended to be used so widely, and lacks many of the amenities recommended for a community park.

There is an open air shelter located in the center of the park, which was expanded in 1992. The park's facilities are connected by paved pathways. The ball field on Crusader Court is owned by the Germantown Little

What's in the Park?

- Two Baseball Diamonds
- Playground (2013)
- Gehl's Performing Arts Pavilion (2018)
- Soccer Fields
- Permanent Restrooms (2)
- Bleachers
- Drinking Fountain
- Off Street Parking
- Paved Pathways
- Veterans Memorial
- Outdoor Shelter
- Picnic Tables
- Senior Center
- Fireman's Park Multi-purpose Shelter (2020-2021)

League. One permanent restroom facility is located within the Germantown Little League concession/restroom building, and one is located between the picnic area and firehouse. The playground structure was replaced in 2013.

The Village completed Phase 1 Site Improvements (sewer, water, electrical, pathway lighting) for the future multi-purpose shelter in June 2020. Plans were completed in August 2020 for the 3,800 square foot facility. Construction began in Fall 2020, with completion of the shelter expected in June 2021.

Voices from the community

What does this park need?

- ADA friendly seating closer to the stage of the Gehl's Performing Arts Pavilion
- Updated ball diamonds
- Signage or landscaping to distinguish private property at the southern edge of the park
- Flat space for a "Mai Fest" tent

Friendenfeld Park (Peaceful Walk) is 53 acre community park/sports complex located in the west central part of the Village. The Park's primary focus is youth athletics including: the Germantown Soccer Club, Germantown Hawks Football Club, Germantown Junior Warhawks Baseball, and the Department's flag football program. Playground was installed in 2010. Parking lot and pathways were paved in 2007 using park impact fees and private funds.

What's in the Park?

- Flag Football Fields (3)
- Concession Stand/Press Box
- Baseball Diamond
- Paved and Gravel Pathways
- Regulation Football Field
- Retention Ponds
- Practice Football Fields (3)
- Parking Lots
- Soccer Fields (6)
- Bleachers
- Playground
- Storage Shed

Voices from the community

What does this park need?

- More parking (3 comments)
- Drainage on side football fields needs improvement - there is standing water on the fields often
- Add softball fields
- Central baseball/softball complex with lights
- Bathrooms (4 comments)
- Community center

Haupt Strasse (Main Street) Park is a 13-acre neighborhood park located about one quarter mile west of Firemen's Park in central Germantown. Haupt Strasse Park's main features are a single lighted softball diamond, skate park, and four pickle ball courts. The skate park was installed in 2003, replacing one of the tennis courts. The park shelter was constructed in 1997. There is a paved pathway to the playground structure.

What's in the Park?

- Lighted Softball Field
- Skate Park
- Pickleball Courts (4) (2017)
- Playground Structure (2018)
- Soccer Fields (2)
- Parking Lot
- Shelter
- Bleachers
- Port-a-John
- Sand Volleyball Court

Voices from the community

What does this park need?

- Back stop needs to be updated
- Covered dugouts
- Address drainage issues

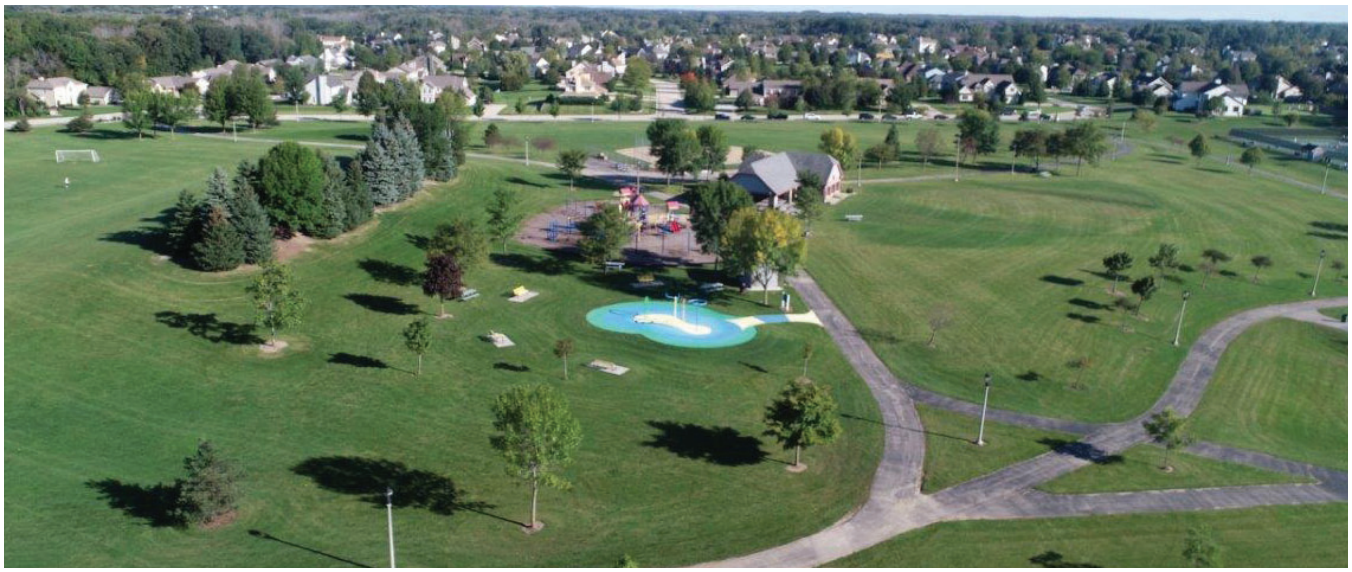

Kinderberg (Children's Hill) Park is a 23 acre neighborhood park purchased in 1992 by the Village. The property is off of Donges Bay Road west of Heritage Hills Subdivision. In spring of 1995 the Village completed negotiations with the Germantown School District for a land swap with Spassland Park. The sprayground was completed in 2005 and is the only public outdoor aquatic amenity in the community.

What's in the Park?

- Baseball Field
- Sprayground
- Soccer Fields (2)
- Multi-purpose Indoor/Outdoor Shelter
- Tennis Courts (4)
- Basketball Court (2017)
- Permanent Restrooms
- Ice Rink
- Sledding Hill
- Playground Structure (1999)
- Paved Pathways
- Bleachers

Voices from the community

What does this park need?

- Building to warm participants on the sledding hill
- Bring back and maintain an ice skating rink
- Handicap parking
- Outbuilding needs to be larger to store more equipment
- Lights on the sledding hill
- Fenced in dog park/off leash area
- a bocce court

Little League Park is a 10-acre baseball complex. The land is leased to the Germantown Little League by the village. All facilities have been developed and maintained by the Germantown Little League.

What's in the Park?

- 3 baseball fields
- Concessions & Restroom building
- Parking

Voices from the community

What does this park need?

- Drainage
- Weed control
- More Diamond Mix

Schoen Laufen (Beautiful Walk) Park is located along the Menomonee River at the corner of Maple Road and Lilac Lane. The park is divided into two by the Menomonee River. The acquisition of this park site was initiated in response to the Village's 1990 Comprehensive Outdoor Recreation Plan. Schoen Laufen Park gives residents access to the Menomonee River, a wooded area with nature trails and spring ephemerals and begins implementation of a multi-purpose trail development along the river corridor.

What's in the Park?

- Shelter
- Gravel Pathways
- Parking Lot
- Port-A-John

Voices from the community

What does this park need?

- Loved the growth of the native plants which were allowed to flourish this summer. Please continue!
- Dog waste on trail is an issue
- Additional native plantings
- Kayak launch
- Outdoor education area
- Security camera in parking lot

Spassland (Play Land) Park is located in southern Germantown, north of and adjacent to County Line School. County Line School's 10-acre outside recreation area adds to Spassland Park's effectiveness as a neighborhood park. This park was leased from the Germantown School District until the Village acquired the park in 1995 via a land swap for a 15 acre parcel adjacent to Kinderberg Park. The park is served by two parking lots. Most facilities are connected with an accessible paved pathway.

What's in the Park?

- Disc Golf Course (9 holes)
- Paved Pathways
- Shelter
- Tennis Courts (2) – *2019*
- Playground Structure – *2018*
- Parking Lots (2)
- Basketball Courts (2)
- Permanent Restrooms
- Sand Volleyball Courts (2)
- Fitness Equipment – *2014*

Voices from the community

What does this park need?

- Drainage is needed along the trail and in the grass
- The disc golf course is un-useable because drainage is so poor
- Rain Gardens
- Redo/refinish the basketball courts

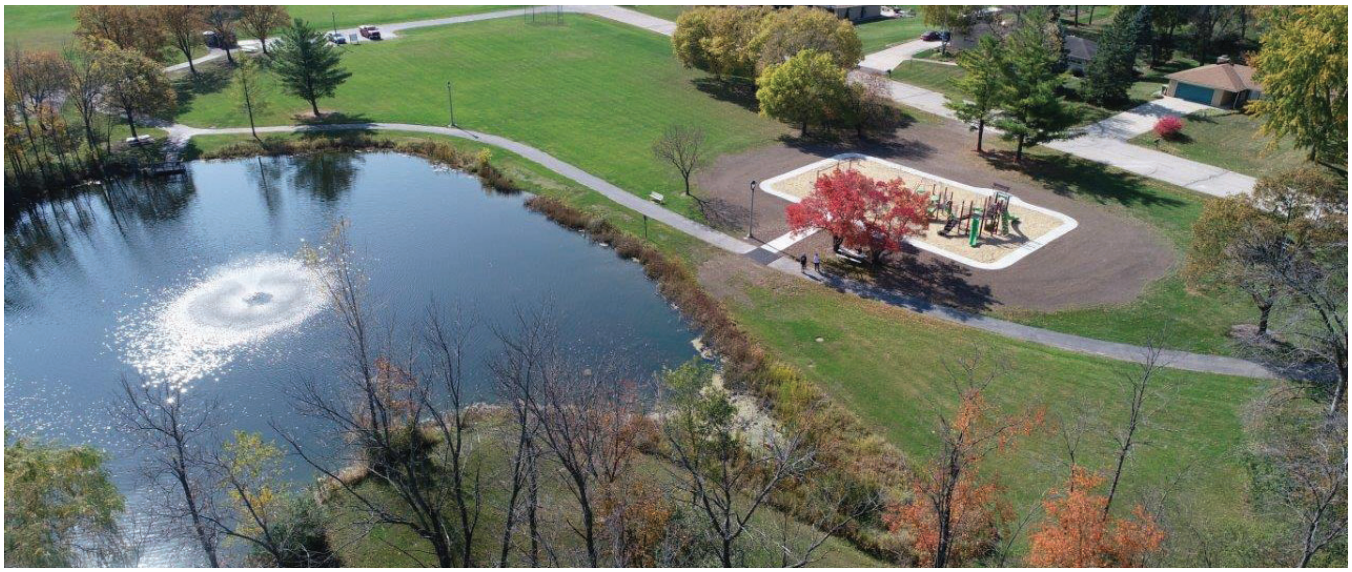

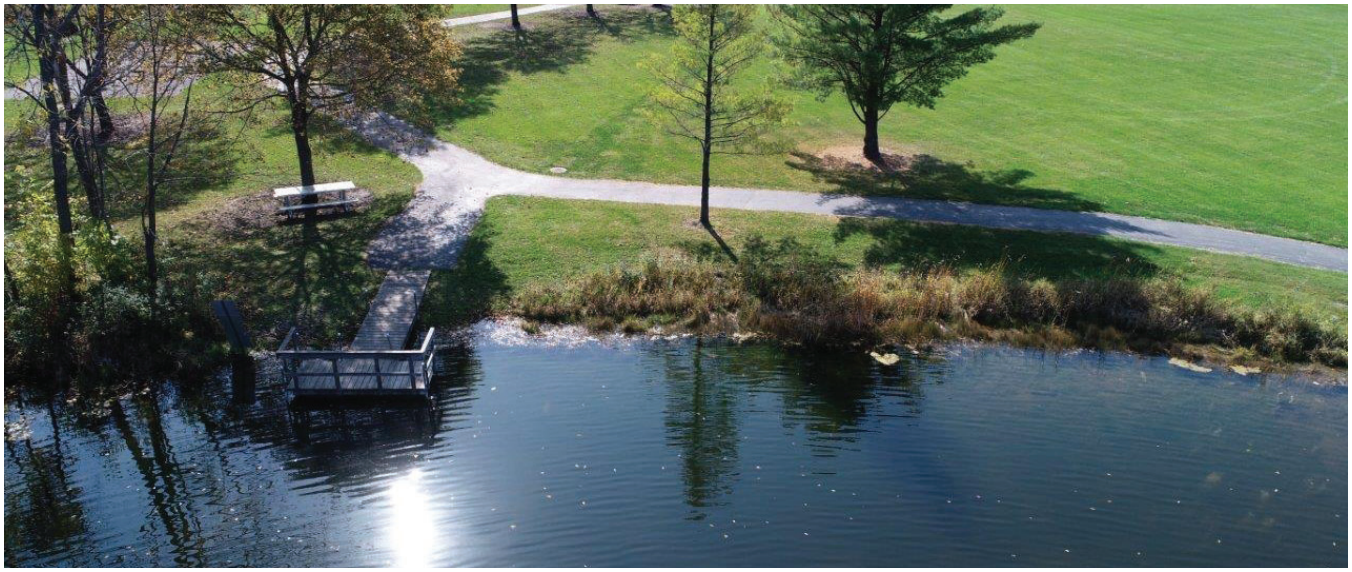

Weidenbach Park (Meadow by the Brook) is a four-acre play lot serving a small residential neighborhood in the southwest corner of the Village. The park serves as both an active and passive recreation area and features a one acre pond. The pond provides fishing but swimming and ice skating are not allowed. There is a small lighted paved parking lot and a paved pathway connecting the facilities.

A new modular playground structure was installed in 2020.

What's in the Park?

- Fishing Pond
- Basketball Court
- Fishing Pier
- Baseball Backstop
- Playground Structure
- Parking Lot
- Paved Pathways
- Port-a-John

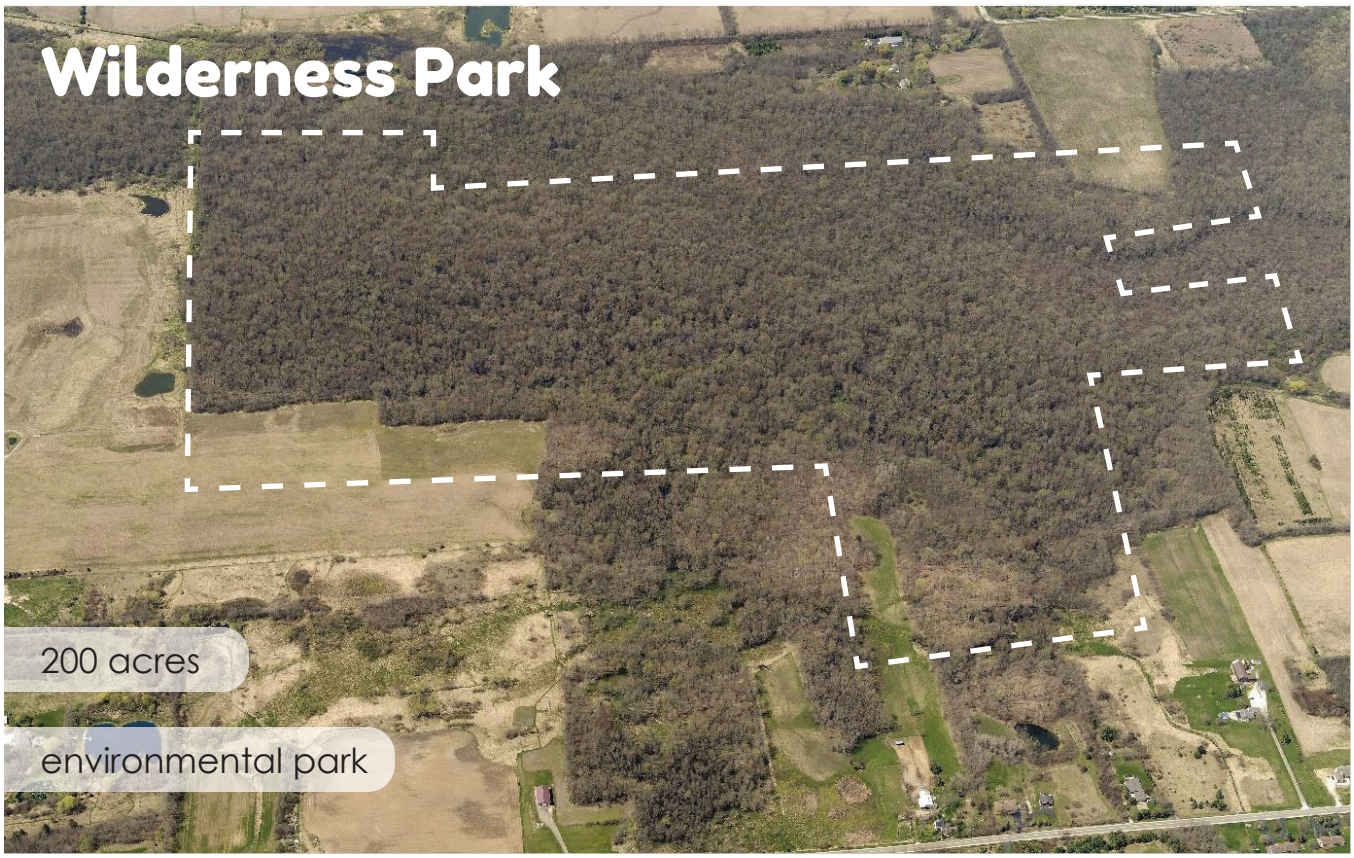

Voices from the community

What does this park need?

- Do not cut down the plants surrounding the lagoon – expect to find cattails and swamp milkweed around a pond. It also acts as a natural fence
- More picnic tables
- Another bench
- Awareness that this park exists!

Wilderness Park is located in the north eastern corner of Germantown, in the headwaters of the Little Menomonee River. The Conservation Fund on behalf of the Milwaukee Metropolitan Sewer District has been purchasing land around the property as part of the Greenseams Program (see page 4).

What's in the Park?

The wilderness area does not have any facilities, amenities, trails, nor does it have a public access point.

Voices from the community

What does this park need?

- Nature/walking trail similar to trails @ Homestead Hollow (4 comments)
- X-country ski trails with planned activities
- Mountain biking trails
- Allow dog walking
- Parking lot
- Eco-park/education
- Geo-caching
- Birding/Bird banding
- Beekeeping (partner w/ Mequon Nature Preserve)

Chapter Four
Community Needs Assessment

Throughout the Comprehensive Outdoor Recreation planning process, residents and leaders of the Village of Germantown have had the chance to weigh in on the Park & Recreation system and their priorities for the future. Key opportunities for community input included:

- Park and Recreation questions on the **Village-wide Survey** in 2019 allowed residents the ability to express their overall impression of the park land in the Village.
- A **Park Planning Party** community open house in October of 2019, which allowed participants the opportunity to comment on facility and maintenance needs within each park, express desires for new facilities using inspiration boards, discuss the park and trail system as a whole with interactive mapping exercises, and give feedback through a live, digital poll.
- Three **Stakeholder Focus Groups** were conducted with Germantown residents in October 2020 to discuss community desires from multiple perspectives, including sports organizations, community groups, and families of all ages.
- The **Park & Recreation Commission** provided key input and review of the planning process to determine Village priorities and guide next steps.

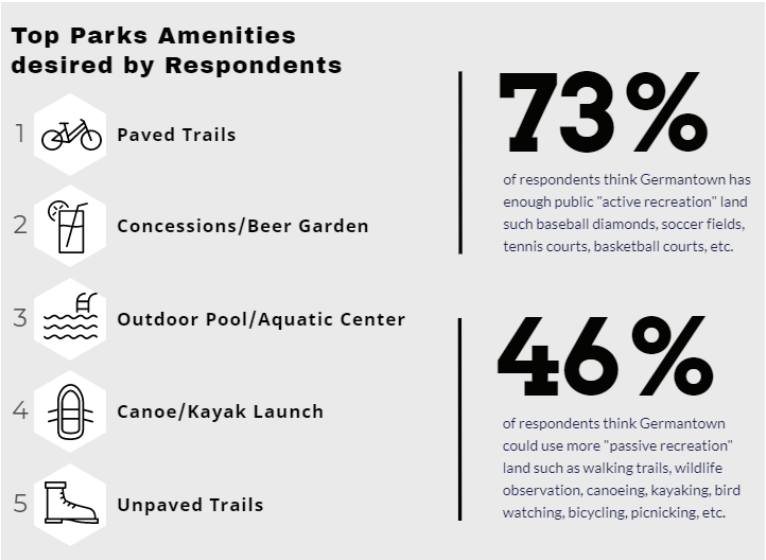

The community needs, priorities, and details that resulted from these engagement activities and community conversations are woven throughout this plan. The key lessons learned and needs identified throughout this engagement process are summarized in this section.

Land & Facilities

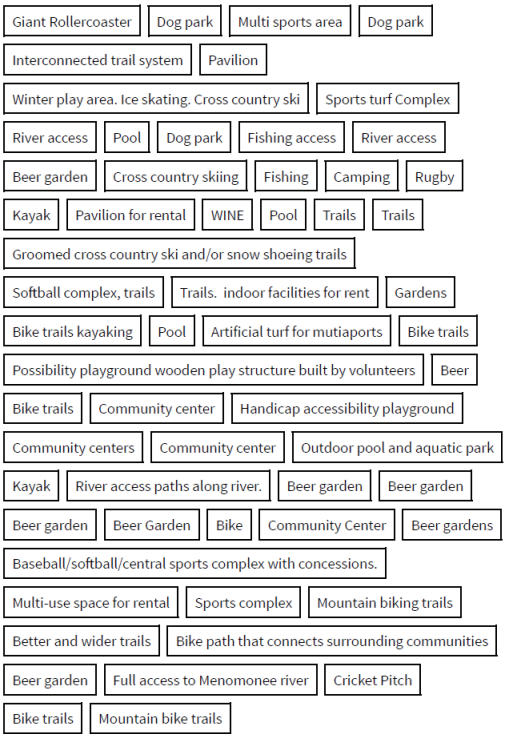

Two questions that were asked of community members throughout the planning process were"Do you think Germantown has enough public active recreation land such as baseball diamonds, soccer fields, tennis courts, basketball courts, etc.?" and "Do you think Germantown has enough passive recreation land such as walking, trails, wildlife observation, canoeing, kayaking, bird watching...etc?" The answers to these questions differed depending on where and when it was asked to community members. At the Park Planning Party open house in October of 2019, 64% of respondents said that the Village did not have enough active recreation land, and 86% of respondents said the Village did not have enough passive recreation land. The results of the Village-wide survey show a different view of community opinion. In that forum, 73% of respondents stated that Germantown has enough active recreation land.

This discrepancy could be due to the differing viewpoints that community members have about recreation land based on the activities that they take part in within the Germantown Community. While the overall community may not see a need for additional sports fields, those who coordinate active recreation activities are more intimately familiar with the land needs of those activities. It is possible that the respondents at the Park Planning Party open house represented a range of sports groups that felt as though their facility needs were not entirely met by Germantown's existing active recreation land.

However, the Stakeholder Focus groups

▲ Results from the Village-wide survey show that most respondents believe that Germantown has enough active recreation land. The top amenities desired by respondents listed here were essentially the same as those listed by respondents at the Park Planning Party open house, but in a different order.

▲ Community members weighed in on park and recreation facilities and amenities that they would like to see in Germantown during the Park Planning Party open house.

revealed that most sports organization representatives generally feel that they have sufficient space and facilities for their organization's needs, though baseball and soccer representatives mention that space and facilities could be expanded to better serve their programming. These stakeholders pointed to a different issue with the active sports facilities in Germantown: that the quality of the space available for sports organization use is not always suitable or ideal due to issues with maintenance, especially drainage. Issues with quality and maintenance of existing facilities may be one reason for widely differing opinions regarding Germantown's active recreation land needs.

The Sports Organization stakeholders also emphasized that a destination game and tournament space for hosting visiting teams is a community desire and economic development opportunity, and that a **Youth Sports Complex** would be well-used in the Village. A feasibility study for a potential Youth Sports Complex is recommended as a next step in Chapter Six: Capital Improvement Recommendations to further plan the exact programmatic elements needed for the facility to be successful in Germantown.

Park facilities and amenities that were identified as areas of need were beer gardens and concessions; canoe/kayak launch and water access; pathways and trails, both paved and unpaved; restroom facilities; cross country ski trails; and an outdoor pool / aquatic center. As seen in the graphic above, this list of top priorities is very similar to the list of priority amenities identified by the Village-wide survey.

Stakeholder focus groups also focused in on an outdoor Aquatic Center as a community desire, as well as more permanent restroom facilities throughout the park network. Stakeholder groups also discussed an expanded trail network as a community need, which is further detailed in the section below.

Trail Network

Germantown residents identified the expansion of the Village's trail network as one of the top community needs, both through the Village survey and at the Park Planning Party open house. Stakeholder groups provided even more detail about this need, expressing a desire to connect to other area trail system such as the Bugline or the Oak Leaf Trails and a desire for more hiking-style trails. Participants saw the expansion of the trail network not only as an expanded opportunity for recreation, but also as a wider transportation and connectivity issue. Some stakeholders also identified the economic development benefits of a trail network, expressing that an expanded trail network could connect Germantown businesses to new customers. Participants also noted that connecting park properties was an exciting opportunity for the Village.

It is possible that focusing on land acquisition that will help the Village expand the trail network, including a mixture of paved and ADA-accessible mixed use trails and unpaved trails through environmental areas will fulfill the community's desire for more **passive recreation land**. More information about planning for an expanded trail network, especially along the river corridors, is included on page 22 of this plan.

Village Center Park/Plaza

One potential gap in the Village's open space network is the lack of a featured park, plaza, or open space close to the Village Center that could function as a center of mixed-use development and urban activity in the Village. While Haupt Strasse Park is located at the western end of Main Street, it primarily serves as a neighborhood park with a few active recreation uses, including pickleball, a baseball field with lights, and the Haupt Strasse Skate Park.

Stakeholders saw the opportunity for an open space that was more urban in character and integrated with development along Mequon Road as a key opportunity for the Village, one that could support a wide-variety of park and recreation uses, including potentially an urban splashpad experience, with passive recreation opportunities such as outdoor seating that could compliment restaurants and other Village Center uses. Further discussion regarding the need and desire for an urban open space in the Village Center of Germantown should be focused around providing an experience that is unique and different than the opportunities found in other parks in the Village, and on ensuring that future urban open space is walkable both to restaurants and housing close to the Village Center and to the wider network of Germantown parks.

Outdoor Aquatic Facility

Community members identified an outdoor pool/aquatic center as one of the Village's primary needs in both the Village-wide survey and through the Park Planning Party open house. Though Germantown currently offers some limited aquatics programming through the school district at the indoor high school pool, the community members have expressed a need for an outdoor aquatic experience that serves as a true community amenity. Attendees of the Park Planning Party open house also noted that a pool would be an amenity they would like to see as part of a potential future community center. When asked how important it is that Germantown have an outdoor aquatics center, 13 open house attendees indicated that it was somewhat important, and 10 indicated

that it was very important. Community members also specifically called out a pool as a feature that other communities have that they would like to see in the Village.

In the stakeholder focus group sessions, participants provided more detail about why an outdoor pool in the Village was of interest to them. Residents expressed that an outdoor pool serves a recreation need for a wide range of ages within the Village, including preteens and teenagers who are too old to be interested in a splashpad. Stakeholders noted that there are not many activities within the Village that are suitable for teenagers to do with their peers. Stakeholders also shared that their families and friends regularly buy memberships to outdoor pool facilities in nearby communities, but that they wish that there were more opportunities to swim close by.

In the stakeholder focus groups, residents also discussed the possibility of expanding the Kinderberg Park splashpad or adding an entirely new splashpad as one way to meet the need of an outdoor aquatic experience, with the understanding that this will likely not meet the needs of every age group in Germantown nor allow for the widest range of aquatics programming.

General Park Upgrades & Maintenance

As noted elsewhere in this plan, community members identified general park upgrades and maintenance as a strong desire and need within the community.

Winter Activities

Stakeholders noted that there is a need for more winter activity options in Germantown. Ideas included a groomed cross country ski trails and skating. The group noted that warming shelters and a system of equipment rental would also be needed.

Community Center

Stakeholders noted that there is currently no indoor multipurpose room in the community for winter programming, nor is there a centralized place for kid's programming, both of which were noted as community needs. Stakeholders also noted that a community center would potentially allow the community to expand programming offerings and the schedule of when programming is offered without coordinating with the school district for limited indoor space.

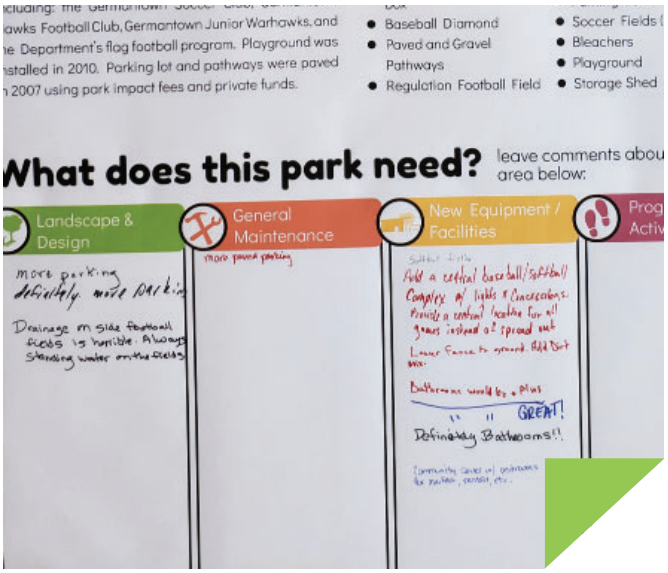

could a sidewalk fit on North side?
wooden path
awesome

In the next five years,

Baseball Diamond
Paved and Gravel Pathways
Regulation Football Field
Soccer Fields
Bleachers
Playground
Storage Shed
What does this park need?
Landscape & Design
General Maintenance
New Equipment / Facilities
more parking
definitely more parking
Definitely Bathrooms!!

Chapter Five
Goals & Objectives

The Goals set forth for the next five years reflect the Village's past five years of experience working with their comprehensive park plan. The goals are program and policy-oriented, not specific to any one park or facility. This allows for the objectives to be implemented by the Park and Recreation Commission throughout the community, with specific park projects listed under the capital projects as implementation steps to meet the specific goals.

The goals and objectives are not listed in any specific order, nor do they highlight any specific timing unless stated. All of these goals are important. They interact to form the basis of the Village of Germantown's policy toward park and recreation planning, facility usage, and inter-governmental cooperation. Together, these statements provide the foundation for the priorities, recommendations and capital plans recommended later in the Plan. These statements are the focus of the Plan and represent the best intentions of the Commission members and citizens of Germantown based on the community feedback received.

The long-range vision of the Germantown Park and Recreation Department considers neighborhood parks as the back bone of the system. These parks are the social and daily recreation centers for residents.

In prior plans, the Goals and Objectives section noted that:

- the purchase of a community park would serve a very important role for the Village for large group gatherings and organized athletics complexes.
- preservation and acquisition of environmentally sensitive areas is significant as land becomes more flood-prone and water filtration becomes more difficult.
- the development of a community pathway system will tie the park and open space system together as well as residential neighborhoods, schools and businesses. Extensions of this pathway system will connect the village with regional trails.

These primary goals from previous plan version - new community parks, preservation of environmentally sensitive areas, and the development of a community pathway system – remain goals of the Village and Department today. However, new priorities have joined their ranks as well.

Goals and objectives on the pages below that represent the Village's priorities for the 2021-2026 plan are identified with a P .

Village of Germantown Comprehensive Outdoor Recreation Plan Goals & Objectives

1		Establish a Village-wide system of open spaces, parks and recreational facilities that will economically provide Germantown residents of all ages with adequate, convenient, varied and high-quality recreational opportunities on a year-round basis.
	1.1	Expand recreational programming to meet the needs and interests of pre-school, teens, older adults, and special needs populations.
	1.2	Explore the feasibility of developing an indoor recreational facility, where sport courts and space for classroom type activities are housed.
P	1.3	Explore the feasibility of developing an outdoor aquatic experience (i.e. aquatic center and/or community splashpad).
	1.4	Continue collecting public input on park issues at public informational meetings.
2		Acquire and maintain an adequate amount of active and passive recreational lands to meet future recreational needs.
P	2.1	Pursue an Outdoor Sports Complex Feasibility Study that identifies a potential location and design for active recreation facilities.
P	2.2	Cooperate with other public and private agencies to identify and acquire recreational lands, with an emphasis on river corridors for trail plan implementation.
	2.3	As part of any future development plans at Blackstone Creek, require a development agreement that includes dedication of land for purposes of a public park.
	2.4	Identify additional land needs and priorities using feedback from residents and benchmark metrics from peer agencies and Washington County.
	2.5	Seek public/private grant monies for land acquisition.
	2.6	Establish criteria for acceptance of property in lieu of Impact Fee Assessments.

P	2.7	Develop park master plans for each park based on community needs, as well as accepted Park & Recreation standards. Prioritize Friedenfeld Park for a master planning process within the 5 year planning period.

3 Provide adequate facilities at all parks within the Village's park system to meet the diverse needs and interests of Germantown's residents.

	3.1	Identify facility and programming needs in the Village through resident feedback and surveys, and by referencing metrics and standards from Washington County and peer agencies nationally.
	3.2	Monitor park facility and recreational program usage and condition on an ongoing basis.

4 Coordinate development efforts and the use of recreational facilities between the Village of Germantown, local schools, places of worship, and Washington County.

	4.1	Work with community groups and organizations on collaborative programming.
	4.2	Continue to work with the Germantown School District to utilize facilities (indoor and outdoor) for park and recreation activities.
	4.3	Continue to partner with local churches as potential locations for community recreation programs and events.
	4.4	Continue to partner with Washington County for use of Homestead Hollow Park for community recreation programs and events.
	4.5	Continue to facilitate community use of the Senior Center, Firemen's Park Community Building (former fire station), and park shelters.
	4.6	Continue to explore private facilities in the community as potentials spaces for recreation program use.

5 Encourage the preservation and acquisition of environmentally sensitive and historically significant areas.

P	5.1	Work with public and private agencies to obtain access to the Menomonee River throughout Germantown.
P	5.2	Encourage the preservation of prime environmental corridors throughout the Village and development of linear park and trail systems, and acquire land on a case-by-base basis to maintain these corridors.

5.3	Assist the Germantown Historical Society in the continued development of Dheinsville Park.

6 Provide residents with safe and accessible facilities and recreation equipment throughout the Village's park system.

6.1	Conduct an annual inspection tour of parks to identify safety and ADA accessibility issues and work to correct all issues in a timely manner.
6.2	Ensure that new park facilities and play equipment are designed and installed to meet ADA accessibility guidelines and standards.
6.3	Explore the planning and construction of an inclusive and fully-accessible playground facility to meet the needs of the entire community.
6.4	Perform feasibility analysis for existing field and playground surfaces/ materials and explore the use of sustainable synthetic turf options.

7 Use all available financial tools to further enhance the quality of the Village park system.

7.1	Update the Impact Fee Ordinance on a continual basis.
7.2	Monitor park land dedication ordinances to provide quality recreation lands.
7.3	Explore funding park facilities and programming through community donations and "Friends of the Parks" groups.
7.4	Develop a gift catalog as a fundraising tool.
7.5	Apply for funds with State and Federal grant programs whenever possible. Utilize 2019 Washington County Bikeway & Trail Network Plan - Grant Opportunities (page 112).

8 Coordinate subdivision review with all departments responsible for providing or maintaining adequate park facilities to ensure that adequate park facilities are provided to future Village residents.

8.1	Update Capital Improvements Program based on recommendations of the updated (and adopted by the Village Board) Comprehensive Outdoor Recreation Plan.

	8.2	Review preliminary plans when Plan Commission applications are presented to identify land for public recreation, as well as opportunities for trail/pathway linkages.
	8.3	Coordinate potential park land dedication with Public Works Department so that utility systems are adequately considered.

9 Continue a village-wide urban forestry program which replaces unsafe or diseased trees and improves the aesthetic nature of existing public lands.

	9.1	Complete the Village-wide tree inventory and work to keep it up-to-date in the future.
	9.2	Recommend budget allocations to help minimize the impact of the emerald ash borer and loss of ash trees using the best scientific advice and lowest cost to the community.
	9.3	Recommend a budget allocation of $2 per capita for Forestry maintenance, and planting.
	9.4	Continue to utilize the services of a certified arborist.
	9.5	Continually review the Urban Tree Ordinance and Street Tree Plan.
	9.6	Continue to organize an annual Arbor Day proclamation and ceremony.
	9.7	Work with the Public Works Committee to identify future street tree locations in coordination with trail systems, sidewalk system and drainage ways.
	9.8	Apply for DNR Urban Forestry Grants to assist in the management of the Village Urban Forest.

P 10 Create a village-wide Trail System Plan that identifies location, facility type, and priorities for trails.

	10.1	Identify and develop a system of trails that provides links between current and future recreation lands and provides opportunities for pedestrians, bicycles, snowmobiles, horseback or cross country skiing activities in the Village.
	10.2	As the trail system is developed, purchase lands or secure easements so that the trail network is publicly controlled.
	10.3	Ensure that the primary routes within the trail system in the Village of Germantown are ADA accessible.

	10.4	Pursue funding opportunities through State & Federal grant programs.
	10.5	Reference the recommendations in the Washington County Bikeway and Trail Network Plan when developing a Village-wide trail system.

11 Ensure that operations and maintenance of the park, open space and trail system is supported through appropriate levels of staffing and funding.

	11.1	Recognize the resources required for long term, quality management and maintenance of the park and open space system and ensure that the system is realistic and affordable for the Village.
	11.2	Ensure that the parks, open space, and trails are managed and maintained in an environmentally responsible and cost-effective manner to limit operating costs where feasible.
	11.3	Evaluate maintenance staffing levels and recommend increases as required to ensure the proper care of new and existing park facilities.

12 Transform Village of Germantown parks into sustainable public spaces using environmental design and management practices.

	12.1	Where feasible, reduce adverse impacts associated with site pollutants by incorporating features such as bioswales, rain gardens, infiltration strips, and associated storm water management facilities.
	12.2	Utilize recycled materials where feasible and cost effective in the design and construction of park landscape features.
	12.3	Make use of water-wise landscape maintenance principles, such as using low water demand vegetation, and installing efficient irrigation systems.
	12.4	Explore the possibility of converting open grass areas into native landscaping and/or “no-mow” areas.
	12.5	Where practical, minimize night light pollution related to park lighting by selecting appropriate fixtures and timing systems.

6

Chapter Six
Capital Improvement Recommendations

Overall the existing park facilities are in good condition. However, maintenance of the parks is an ongoing process, and capital improvements are required to bring the parks up to standards proposed in this plan. Maintenance projects are completed by the Village DPW staff or contracted out with money from the parks and recreation operation budget. Capital improvement projects go through the Village budgeting process and are subject to review by the Village Board each year.

This section of the plan is intended to be used by the staff, Park and Recreation Commission and Village Board for the planning and maintenance of park and facility improvements. All future improvement projects and decisions should be guided by these recommendations to ensure that the parks system reaches its full potential.

The following page identifies projects that are recommended for possible inclusion in the 2021 – 2026 CIP Budget.

2021 CIP Budget – these items were approved for the 2021 CIP Budget

- Dheinsville Park parking lot and trail paving - $80,000
- Kinderberg Park Splashpad/Playground Feasibility Study - $15,000
- Total Cost = $95,000
- Note: With the likely loss of the Little League Park ball diamonds, preliminary discussions have taken place regarding existing park facility upgrades to help "bridge the gap" between losing the GTLL diamonds and acquiring park land and developing new facilities. A budgetary number for materials and labor to upgrade fencing and renovation of existing ball diamonds would be $60,000.

2022 CIP Budget –

- Village-Wide Trail/Pathway Network Plan - $30,000
- Land Acquisition – Community Park (location TBD) – costs partially offset by grant funding – funds available for nature-based outdoor recreation opportunities - $1,000,000 (based on 40 acres @$25,000/acre)
- Dheinsville Park Festhalle – Bird Netting System (materials and installation) - $35,000
- Kinderberg Park – resurface tennis courts - $30,000
- Total Cost = $1,095,000

2023 CIP Budget –

- Kinderberg Park Playground - $225,000 (replace year 2000 equipment)
- Community Park Master Plan & Phase 1 Development – costs TBD by Park Master Plan, costs partially offset by community fundraising - $2,000,000
- Trail/Pathway System Implementation – Phase 1 - $100,000
- Firemen's Park – parking area by Gehl's Pavilion/new park shelter - $75,000
- Total Cost = $2,400,000

2024 CIP Budget –

- Community Park Development – Phase 2 Development - $750,000
- Community Splashpad & All-Inclusive Playground - $1,000,000
- Trail/Pathway System Implementation – Phase 2 - $100,000
- Total Cost = $1,850,000

2025 CIP Budget –

- Community Park Development – Phase 3 Development - $500,000
- Friedenfeld Park Master & Design Development Plans - $30,000
- Trail/Pathway System Implementation – Phase 3 - $100,000
- Total Cost = $630,000

2026 CIP Budget –

- Friedenfeld Park Utilities & Restroom/shelter Building - $1,500,000
- Trail/Pathway System Implementation – Phase 4 - $100,000
- Total Cost = $1,600,000

	Maintenance	Capital Improvements
Alt Bauer Park	▷ Add crushed aggregate around tennis courts ▷ Improve tree and planting beds ▷ Add more picnic tables to park ▷ Evaluate park signage consistency	▷ Establish prairies in suitable areas to reduce turf maintenance ▷ Resurfaced gravel pathways with asphalt
Dheinsville Historic Park	▷ Install tree screening on north end of the property ▷ Improve tree and planting beds	▷ Pave parking lot ▷ Resurfaced gravel pathways with asphalt ▷ Replace gravel pathways nears buildings with pervious pavers ▷ Install playground equipment ▷ Install a restroom screening structure ▷ Establish prairies in suitable areas to reduce turf maintenance ▷ Historical Society to continue buildings renovations
Firemen's Park	▷ Maintain and improve tree and planting beds	▷ Complete construction of a multi-use shelter building ▷ Construct a parking lot north of the Fire Station ▷ Complete upgrades to Fire Station #1 for community use
Friedenfeld Park	▷ Improve tree and planting beds ▷ Establish prairies in areas to reduce turf maintenance	▷ Create Park Master Plan » Install permanent restrooms and shelter » Replace gravel pathways with asphalt » Install drainage system for tackle football practice field. Explore synthetic turf surface for the football field. » Install split rail fence or ballads & gates to eliminate vehicle traffic on turf » Install overflow parking lot for heavy usage days » Develop north east portion of park for athletic usage
Haupt Strasse Park	▷ Remove benches and replace with picnic tables around skate park ▷ Improve tree and planting beds	▷ Add permanent restrooms ▷ Establish prairies in suitable areas to reduce turf maintenance ▷ Add a basketball court ▷ Resurface existing parking lot ▷ Replace existing shelter ▷ Expand or renovate skate park

	Maintenance	Capital Improvements
Kinderberg Park	▷ Repair or replace broken playground curbing ▷ Improve tree and planting beds ▷ Repair damage in pathways ▷ Remove wind screens between tennis courts ▷ Have contractor evaluate leaning poles between tennis courts ▷ Remove benches & add picnic tables ▷ Establish prairies in areas to reduce turf maintenance	▷ Replace playground equipment ▷ Replace shelter roof ▷ Install shade structure over sprayground ▷ Resurface tennis courts ▷ Sprayground feasibility study to determine needed facility upgrades and possible relocation within the community
Schoen Laufen Park	▷ Repair fire ring ▷ Remove down trees in river ▷ Improve tree and planting beds	▷ Add a pedestrian bridge and trail system on the west side of the river ▷ Resurface parking lot
Spassland Park	▷ Improve tree and planting beds ▷ Crack fill tennis & basketball courts ▷ Establish turf in areas where trees and shrubs were removed ▷ Remove benches and replace with picnic tables ▷ Edge volleyball courts and add picnic tables ▷ Seal coat pathways and parking lot	▷ Replace basketball hoops, backboards and structure ▷ Correct drainage by creating a swale across the site that ends in the wetland ▷ Resurface parking lots ▷ Establish prairies in suitable areas to reduce turf maintenance
Weidenbach Park	▷ Repair fishing pier ▷ Work with DNR to declare fishing pond as an urban fishery ▷ Improve tree and planting beds ▷ Develop an aquatic management plan for water quality and eliminate nuisance plants	▷ Resurface parking lot ▷ Resurface basketball court
Wilderness Park		▷ Create Park Master Plan » Identify, develop, and advertise public access points to the park » Add a trail network and public access point » Provide amenities that support environmental education programming

What have we accomplished... since the last plan?

In Alt Bauer Park...

- Trimmed the tree canopy around the tennis courts to reduce maintenance concerns and extend longevity of court surface
- Replaced playground equipment in 2016.
- Resurfaced the tennis courts in 2017.
- Installed an entrance sign at Old Farm Road & Division Road in 2020.
- Removed and installed new benches on concrete pads around playground area in 2016.
- Resurfaced the basketball courts and the parking lot in 2015.

In Dheinsville Historic Park...

- Constructed the new Festhalle open air shelter in 2020.

In Friedenfeld Park...

- Installed concrete playground curbing/ walkway.
- Installed new benches on concrete pads.
- Upgraded the irrigation system in the practice football fields and soccer fields.

In Haupt Strasse Park...

- Renovated tennis courts into 4 pickleball courts in 2017.
- Moved the skatepark entrance from the park side (north) to the street side (south).
- Added a crosswalk near the playground equipment.
- Added an ADA accessible pathway from the playground equipment to the parking lot in 2018.
- Replaced playground equipment in 2018.

In Kinderberg Park...

- Flattened and reduced the size of the ice rink.
- Removed the plants & shrubs south of the tennis courts.
- Removed plans and shrubs at the Lincoln Court entrance.
- Removed turf and replaced with asphalt by the ball field backstop.
- Constructed a new basketball court facility in 2017.

In Schoen Laufen Park...

- Opened up views to the river by cutting and removing vegetation, including the removal of ash trees.

In Spassland Park...

- Removed playground timbers and edged around playground mulched area.
- Built a dumpster enclosure.
- Installed outdoor fitness equipment in 2015.
- Resurfaced the tennis courts in 2019.
- Replaced playground equipment in 2018.

In Weidenbach Park...

- Replaced playground equipment in 2020.

In Firemen's Park...

- Constructed the Gehl's Performing Arts Pavilion in 2018
- Renovated the Fire Station offices into community recreation space, and upgraded service bays to storage for park and recreation equipment and supplies
- Constructed 3,8000 sq ft multi-purpose park shelter building

Appendix

Table A1: Park Size Standard and Acreage Classification, 2020

Park	Acres per Park	Current Acres in Germantown's Park system (2020) per park category	2020 Recommended Acres per park category*	2025 Projected Recommended Acres per park category **
Playlot (standard size: 1-2 acres; standard acres: .5/1,000 residents)				
Weidenbach	4	4	10.3	11.3
Neighborhood (standard size: 10-25 acres; standard acres: 3/1,000 residents)				
Alt Bauer	25.6	98.6	61.8	67.9
Firemen's	17			
Haupt Strasse	13			
Kinderberg	23			
Spassland	20			
Community (standard size: 25-150 acres; standard acres: 8/1,000 residents)				
Friedenfeld	53	53	164.7	181.3
Regional (standard size: 100+ acres; standard acres: 10/1,000 residents)				
Homestead Hollow County Park	105	105	206	227
Special Use (variable size and amount)				
Dheinsville	9.5	19.5	–	–
Little League	10			
Environmental (variable size and amount)				
Schoen Laufen	39	239	–	–
Wilderness	200			
TOTAL Acres	519			

*2020 Recommended Acres based on an estimated population of 20,590

**2025 Projected Recommended Acres based on a projected population of 22,660

- Recommended acres are based on the 1995 NRPA park standards, as interpreted in the Village of Germantown's 1997 Comprehensive Outdoor Recreation Plan. As these standards are widely considered outdated, this table is included for reference only, but should ***not*** be used to exclusively evaluate Germantown's level of service.

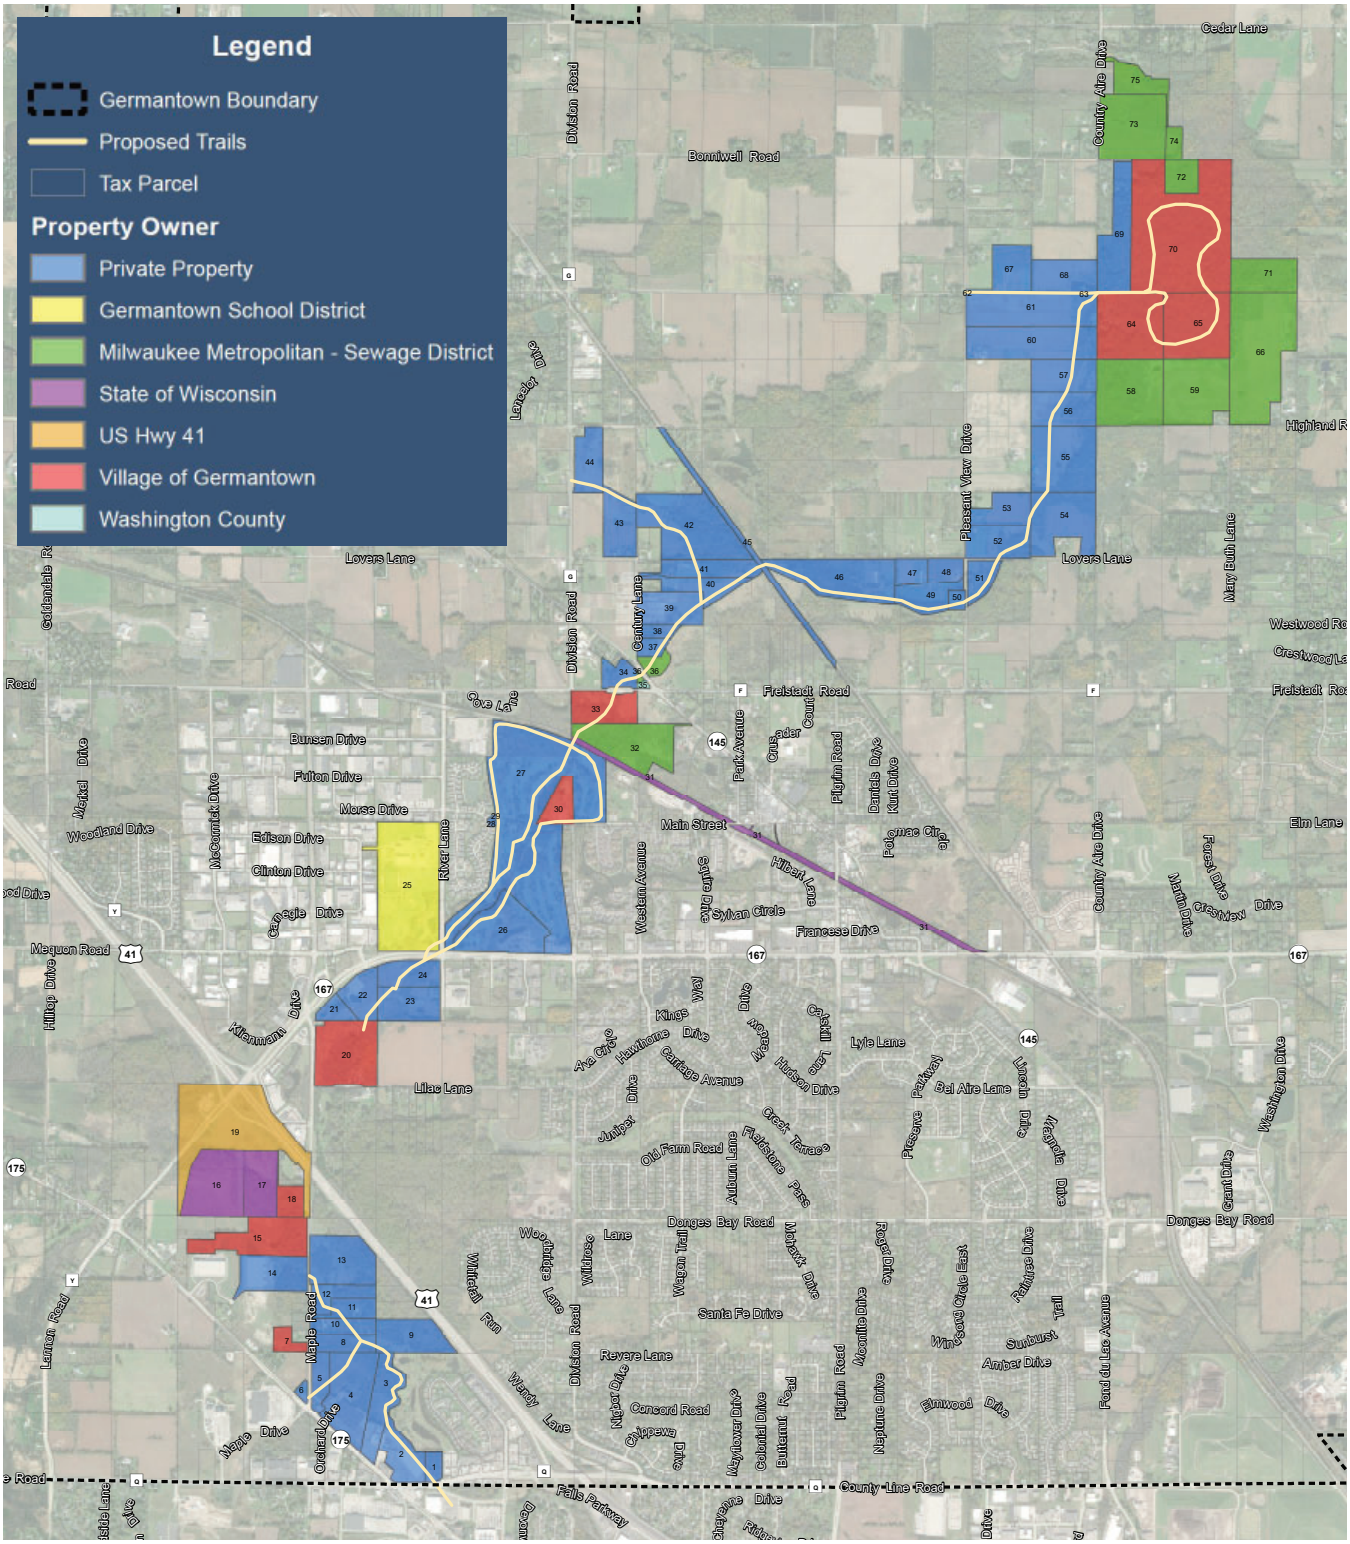

Table A2: Facility Inventory & Standards

	"Standard" facilities (Based on 1997 Plan / NRPA 1995 standards)	Existing Facilities in Parks	Existing Facilities on Schoolgrounds	Total Existing Facilities	2020 Facility Needs*	2025 Projected Facility Needs**
Baseball						
Official	1/5,000	2	2	4	4	5

Dheinsville Park Lease Agreement

This Lease ("Lease") is made and entered into this ____ day of _____, 2021 (the "Commencement Date"), by and between the Village of Germantown, a municipal corporation of the State of Wisconsin (the "Landlord"), and the Germantown Historical Society, Inc., a Wisconsin non-profit organization (the "Tenant").

1. Premises. The Landlord, for and in consideration of the rents and covenants herein specified to be paid and performed by the Tenant, hereby leases and demises to the Tenant and the Tenant leases from the Landlord the historical structures within Dheinsville Park located at N128 W18780 Holy Hill Road, Germantown, Wisconsin (the "Premises"), as more specifically shown on the Site Plan attached hereto as Exhibit A (the "Site Plan").

2. Term. This Lease shall commence on the Commencement Date and shall terminate on December 31, 2026, unless earlier terminated or renewed as provided for herein (the "Term"). Provided that Tenant is not in default under this Lease, and that this Lease has not been terminated as provided for hereunder, the Term of the lease shall automatically extend for two additional five-year terms.

3. Rental. The Tenant shall pay One Dollar ($1.00) per year during the Term of the Lease. The first such payment shall be payable upon execution of this Lease, and each such subsequent payment shall be made on or before the first day of each calendar year during the Term commencing on January 1, 2022 and each year thereafter. All Rent and other payments required by this Lease shall be made to the Village's Clerk-Treasurer at N122W17001 Mequon Road, Germantown, WI 53022. The Rent and other payments shall be paid to the Landlord without notice or demand and without abatement.

4. Condition of Premises. No representation, statement or warranty, express or implied, has been made by or on behalf of the Landlord as to the condition of the Premises, or as to the use that may be made of the Premises. In no event shall the Landlord be responsible or liable for any defect in the Premises or for any limitation on its use.

5. Taxes.

A. Real Estate Taxes. Tenant and Landlord expect that the Premises will be exempt from real property taxation by virtue of the ownership and use of the same. In the event that the Premises are not exempt from real property taxation, either party may terminate this Lease provided that in all events, Tenant shall pay any real estate taxes imposed. Tenant shall have the right to contest or review all or any real estate tax assessed against Tenant by legal proceedings.

B. Other Taxes. The Tenant shall pay all personal property, sales and use taxes due as a result of the operations conducted at the Premises and, in addition, all license, permit, occupational and inspection fees assessed or charged against the Premises by reason of the Tenant's use or occupancy of the Premises during the entire Term of this Lease. The Tenant shall hold the Landlord harmless from any loss, damage, or expense arising out of or by reason of any charges specified herein.

6. Licenses. The Tenant shall obtain, pay for and keep current, all permits and licenses necessary for the operations contemplated herein and covenants not to violate any of the terms thereof, and agrees to hold the Landlord harmless from any costs resulting from failure by it to comply therewith.

7. Use of Premises; Non-Discrimination.

A. Prohibited Activities. The Tenant shall not at any time use or occupy, or suffer or permit anyone to use or occupy, the Premises or the Land, or do or permit anything to be done on the Premises or the Land, in any manner (i) which causes or is liable to cause injury to the Premises or any equipment, facilities or systems therein; (ii) which constitutes a violation of the laws and requirements of any public authorities or the requirements of insurance bodies; or (iii) which impairs or tends to impair the proper economic maintenance, operation and repair of the Premises and/or its equipment, facilities or systems.

B. Non-Discrimination. Neither Landlord nor Tenant shall discriminate against any employee, applicant for employment, customer, visitor, or the like, because of race, color, national origin, age, gender, or handicap.

8. Repairs and Maintenance.

A. Tenant Obligations. The Tenant shall not cause or permit any waste, damage or injury to the Premises beyond ordinary wear and tear. Tenant shall not make any major interior, exterior, or aesthetic alterations to the Buildings without first obtaining the written approval of the Landlord on each occasion, which approval shall not be unreasonably withheld. The Tenant shall be responsible for: (i) bearing any and all associated costs for any part of the Premises needing repairs or maintenance as a result of intentional or negligent conduct on behalf of the Tenant; (ii) any and all costs associated with any event the Tenant holds on the Premises; and (iii) restoring the Premises to clean and good condition including but not limited to janitorial services, litter control, and garbage removal following any event hosted by the Tenant.

B. Landlord Obligations. Landlord shall at its cost and expense make all repairs and maintenance to the interior, exterior and structural components of the Premises including but not limited to the plumbing, electrical, heating, ventilation and air conditioning systems, water, sewer, roof, foundation and other structural or mechanical components of the Premises, and any sidewalks and other paved or concrete areas adjacent to or leading to the Premises.

9. Indemnification & Liability. Each party shall indemnify and hold the other harmless from all loss and damage occasioned by the negligent use or maintenance of the Premises, or by any nuisance made or suffered on the Premises, to the extent that each is responsible therefore whether pursuant to its obligations hereunder, or as a result of any negligent or intentional act by such party, its servants, agents, employees, licensees or invitees. Notwithstanding the foregoing, under no circumstances shall the Landlord, nor any agent or employee of the Landlord, be liable for (a) loss of or damage to any property of the Tenant, or

of any other person, entrusted to any of the Landlord's agents or employees, (b) loss of or damage to any property of the Tenant or of any other person by theft or otherwise, (c) any injury or damage to any person or property resulting from fire, heat, explosion, falling plaster, steam, gas, electricity, dust, water or snow, or leaks from any part of the Premises or from the pipes, appliances or plumbing system, or from the roof, street or subsurface or any other place or by dampness, or from any other cause whatsoever, (d) any such damage caused by other occupants or persons in the Premises or by construction of any private, public or quasi-public work, or (e) any latent defect in the Premises. Nothing contained within this Lease is intended to be a waiver or estoppel of the Landlord or its insurer to rely upon the limitations, defenses, and immunities contained within Wisconsin law, including those contained within Wisconsin Statutes §§ 893.80, 895.52, and 345.05. To the extent that indemnification is available and enforceable, the Landlord or its insurer shall not be liable in indemnity or contribution for an amount greater than the limits of liability for municipal claims established by Wisconsin Law.

10. Assignment, Subletting and Mortgages. Tenant shall not assign nor sublet the whole or any part of the Premises without Landlord's prior written consent in each instance, which consent may be withheld at the sole discretion of Landlord.

11. Insurance.

A. Tenant's Insurance. During the Term, Tenant shall procure and maintain at its sole expense appropriate levels of insurance coverage to include worker's compensation, commercial general liability, business auto liability, umbrella liability and/or renters or contents insurance. Tenant shall not use or occupy the Premises until proof of insurance required has been provided in writing to Landlord. Tenant shall provide Commercial General Liability and Umbrella Liability insurance for its activities on the Premises, and may, in Tenant's sole discretion, obtain Property Insurance as follows:

i. Commercial General Liability coverage at least as broad as Insurance Services Office Commercial General Liability Form CG 00 01 including coverage for Premises and Operations liability, Products and Completed Operations, Contractual Liability (including joint negligence coverage), personal injury coverage, and fire damage limits as follows:

a.	Each Occurrence limit	$1,000,000
b.	Personal and Advertising Injury limit	$1,000,000
c.	General aggregate limit (other than Products-Completed Operations) per location	$2,000,000
d.	Products-Completed Operations aggregate	$2,000,000
e.	Fire Damage limit - any one fire	$250,000
f.	Medical Expense limit - any one person	$5,000

ii. Umbrella Liability providing coverage at least as broad as all the underlying liability policies with a minimum limit of $1,000,000 each occurrence and $1,000,000 aggregate, and a maximum self-insured retention of $25,000. The umbrella must be primary and non-contributory to any insurance or self-insurance carried by Landlord.

iii. Applicable Requirements and Provisions for Liability Insurance

a. Primary and Non-contributory requirement. All insurance must be primary and non-contributory to any insurance or self-insurance carried by Landlord.

b. Acceptability of Insurers. Insurance is to be placed with insurers who have an A.M. Best rating of no less than A- and a Financial Size Category of no less than Class VII, and who are authorized as an admitted insurance company in the state of Wisconsin.

c. Additional Insured Requirements. The Village of Germantown, and its officers, council members, agents, employees, and authorized volunteers must be named as additional insureds on all liability policies for liability arising out of leased premises. The Commercial General Liability, and Umbrella Policies shall include the above-named parties as additional insured using ISO Forms CG 20 10 (ongoing operations) and CG 20 37 (completed operations) or their equivalents. Coverage must include "joint negligence" coverage. The Commercial General Liability general aggregate limit must apply "per location". This additional insured requirement does not apply to Worker's Compensation/Employer liability coverage.

d. Waivers of Subrogation. All Tenant liability, workers compensation, and property policies, as required herein, must be endorsed with a waiver of subrogation in favor of the Village of Germantown, its officers, council members, agents, employees, and authorized volunteers.

e. Deductibles and Self Insured Retentions. Any deductible or self-insured retention in the lessee's policy must be declared to the Landlord and satisfied by the Tenant.

f. Evidences of Insurance. Prior to using or occupying the leased premises the lessee shall file with the Landlord a certificate of insurance (Acord Form or equivalent for all coverages) signed by the insurer's authorized representative evidencing the coverage required by this agreement. All additional insured forms must be attached to the certificate of insurance. The Commercial General Liability "per location" form must also be attached to the certificate of insurance or shown on the certificate of insurance.

g. Limits and Coverage. The insurance requirements under this Lease shall be the greater of the minimum limits and coverage specified herein, or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the Named Insured. It is agreed that these insurance requirements shall not in any way act to reduce coverage that is broader or that includes higher limits. No representation is made that the minimum insurance requirements stated hereinabove are sufficient to cover the obligations of Tenant under this Lease.

h. Claims Made Coverage. If any coverage is maintained on a claims-made basis, the following shall apply:

(i) The retroactive date must be shown, and must be before the date of this Lease.

(ii) Insurance must be maintained and evidence of insurance must be provided for a minimum of three years after completion of this Lease.

(iii) If coverage is cancelled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of this Lease, Tenant must purchase an extended reporting period for a minimum of three years after completion of this Lease.

i. [Intentionally Deleted]

j. Cancellation/Non-Renewal. No policy of insurance required to be maintained hereunder shall be cancelled, non-renewed, or voided without 30 days prior written notice to Landlord, except where cancelation is due to the non-payment of premiums, in which event, 10-days prior written notice shall be provided.

iii. Tenant, in its discretion, may maintain Property Insurance ("renter's insurance" or the like) on their owned, leased or borrowed personal property (including property of employees) and personal property in the care, custody and control of the Tenant that is kept, stored or maintained on the Premises. The Landlord shall not be liable for any damage, loss, loss of use, or extra expense to such property including business income from any cause whatsoever, including theft, fire or flood damage, and environmental hazards.

B. Landlord Insurance. Landlord agrees to maintain building insurance for the structures on the Premises, and insurance against loss or damage by fire and other risks which are customarily comprehended by the term "extended coverage" in endorsements to fire insurance policies, in amounts not less than the replacement value of the improvements thereon. Such insurance shall not cover Tenant's property, which shall be Tenant's sole responsibility as provided for above.

12. Compliance with Laws. The Tenant shall, at its own cost and expense: (a) comply with all governmental laws, ordinances, orders and regulations affecting the Land and the Premises now in force or which hereafter may be in force; (b) comply with and execute all rules, requirements and regulations of the Board of Fire Underwriters, and other organizations establishing insurance rates; and (c) not suffer, permit, or commit any waste or nuisance.

13. Fire or Casualty. In the event the Premises are partially or totally destroyed by fire or other casualty, this Lease shall immediately terminate with no continuing obligations on the part of either party.

14. Eminent Domain. In case all or part of the Premises is taken by the exercise of the power of eminent domain or similar authority by whatever name called, then this lease shall immediately terminate with no continuing obligations on the part of either party. All compensation awarded or paid upon such a total or partial taking of the Premises shall belong to and be the property of the Landlord without any participation by the Tenant.

15. Security. The Tenant shall have the option for providing a reasonable level of security for the Premises, considering the nature of the events and activities conducted at the Premises and incur all liability as a result of failure to provide a reasonable level of security. Tenant shall be responsible for payment of all costs and expenses related to security.

16. Access to Premises.

A. Inspection. The Landlord shall have the right to enter upon the Premises at reasonable times upon reasonable notice, or at any time during an emergency, for the purpose of maintaining the Premises and/or inspecting the same for compliance with this Lease.

17. Default.

A. Tenant's Default. This Lease is on the condition that: (i) if Tenant shall default in the performance of any of its obligations hereunder, including the payment of rent, and if such default shall continue for ten (10) days after written notice from Landlord designating such default, or (ii) if any assignment shall be made by Tenant for the benefit of creditors, or (iii) if Tenant's leasehold interest shall be taken on execution, or (iv) if a petition for liquidation pursuant to Chapter 7 of Title 11 of the U. S. Code is filed by Tenant or if such a petition is filed against Tenant and such petition is not dismissed within ninety (90) days thereafter, then, and in any of such cases, Landlord lawfully may, in addition to and not in derogation of any remedies for any preceding breach of covenant, immediately or at any time thereafter declare this Lease terminated and the Term ended and may exercise all remedies available under Wisconsin Law.

B. Landlord's Default. If Landlord defaults in the performance or observance of any agreement or condition contained in this Lease to be performed or observed by it, and does not cure such default within a reasonable time under the circumstances, but in no event more than thirty (30) days after notice in writing from Tenant specifying the default (or does not commence such cure within said period and thereafter prosecute

same to completion with due diligence), then Tenant may, as its sole available remedy, terminate this Lease and vacate the premises without further obligations hereunder.

18. Attorney Fees. The Landlord and/or Tenant shall, upon success, be entitled to reasonable attorneys' fees in the event that either of them shall retain an attorney to enforce the provisions of this Lease or because of the breach of any other covenant herein contained on the part of the other party to be performed.

19. Quiet Enjoyment. The Landlord hereby warrants that it has full authority to execute this Lease and agrees that the Tenant, upon paying rent and performing the covenants and conditions of this Lease, shall quietly have, hold and enjoy the Premises during the Term hereof, subject to all existing easements, restrictions and covenants of record.

20. Use of Surrounding Park. Landlord and Tenant acknowledge that the Premises are contained within Dheinsville Park (the "Park"), a publicly accessible park maintained by the Village. Use of the Park shall be as follows:

A. The Tenant shall generally have the right to utilize the Park to allow for parking and access between the various buildings that make up the Premises.

B. Landlord shall have the right to utilize all areas of the Park, including areas immediately surrounding the Premises, at all times except as provided in Paragraph C below. Explicit in this right includes the ability to host community events within the Park which may prohibit access to the Premises. Any such event shall require at least 60-day's notice to Tenant. Further, Tenant acknowledges that certain events including the Landlord's rental of the Dheinsville Festhalle to third parties and/or sporting activities (e.g., soccer) within the Park may conflict with Tenant's access to the Premises including limiting parking availability.

C. In addition to the use of the Premises during the Term, this Lease shall allow the Tenant the exclusive use of the full Park, including the Dheinsville Festhalle, for the annual Oktoberfest event over the last full weekend of September. The use of the Park is included in the rent called for under this Lease. However, the Landlord reserves the right to require additional or increased insurance coverage from Tenant during this event.

21. Entire Agreement. Any prior conversations or writings are merged herein and extinguished. No subsequent amendment to this Lease shall be binding upon the Landlord or the Tenant unless reduced to writing and signed. Submission of this Lease for examination does not constitute an option for the Land and becomes effective as a lease only upon execution and delivery thereof by the Landlord to the Tenant.

22. No Waiver. No waiver of default hereunder shall be implied from any omission by a party to take any action on account of such default if such default persists or is repeated, and no express waiver shall affect any default other than the default specified in the express waiver and then only for the time and to the extent therein stated. One or more waivers of any covenant,

term or condition of this Lease by either party shall not be construed as a waiver of a subsequent breach of the same covenant, term or condition.

23. Partial Invalidity. The invalidity or unenforceability of any provision hereof in a particular instance shall not affect or impair any other provisions or that provision in other instances.

24. Notices. Every notice, approval, consent or other communication authorized or required by this Lease shall not be effective unless the same shall be in writing and sent postage prepaid by United States registered or certified mail, overnight delivery service or personal service directed to the other party at the address designated below, or such other address as either party may designate by notice given from time to time in accordance with this Paragraph. Notices shall be effective when received by the designated party.

Notice to the Landlord and the Tenant shall be as follows:

Landlord:	Village of Germantown N112 W17001 Mequon Road Germantown, Wisconsin 53022 Attn: City Administrator
Tenant:	Germantown Historical Society Post Office Box 31 Germantown, WI 53022 Attention: President

25. No Mechanic's Liens. The Tenant shall not allow any mechanic's or materialmen's liens to stand against the Land or the Premises relating to work performed at the request of the Tenant. All work shall be done in a good and workmanlike manner employing materials of good quality. The Tenant shall hold the Landlord harmless and shall indemnify the Landlord for all injury, loss, claims or damages to any person or property occasioned by or growing out of said work and for all costs therefor.

26. Performance. In the event the Landlord or Tenant fails to perform any of its obligations or pay any amounts that is its responsibility to perform or pay hereunder, the other party shall be permitted, but shall not be obligated, to perform or pay the same and bill the party who failed to perform or pay. The nonperforming party shall reimburse the other party upon demand.

27. Holdover. In the event the Tenant remains, with the consent of the Landlord, in possession of the Premises after the expiration of this Lease, and without any renewal or extension hereof having been agreed to in writing, the Tenant shall be deemed to be occupying the Premises as a Tenant on a month-to-month basis. All other obligations contained herein shall continue to be applicable to such month-to-month tenancy.

28. Termination. Notwithstanding any other provision of this Lease, this Lease may be terminated at any time by either party upon not less than sixty (60) days written notice to the other party.

29. Force Majeure. The Landlord shall be excused for the period of any delay in the performance of any obligations hereunder, when prevented from so doing by cause or causes beyond the Landlord's control which shall include, without limitation, all labor disputes, civil commotion, war, war-like operations, invasion, rebellion, hostilities, military or usurped power, sabotage, fire or other casualty, inability to obtain any material services or financing or through acts of God.

30. Headings. The headings of the several Paragraphs contained herein are for convenience only and do not affect or impair any other provision.

31. Governing Law. This Lease shall be interpreted and governed under the laws of the State of Wisconsin and Washington County shall be the forum for any litigation hereunder.

32. Binding Effect. The terms, covenants and conditions hereof shall be binding upon and inure to the benefit of the parties hereto, their respective successors and assigns.

In Witness Whereof, the parties hereto have caused these presents to be duly executed on the date first above written.

Exhibit A
(Site Plan)

August 25, 2021

Director's Report

Firemen's Park Shelter Project Update –

A follow-up punch list meeting was held on August 12th. While most of the items have been addressed, there are a couple project items that are outstanding including: concrete floor solution (epoxy or sealant) for the open shelter, replacement of the laminate countertop in the multi-purpose room, replacement of 2 overhead doors in the multi-purpose room, and re-location of the exterior drinking fountain. Staff is anticipating all items will be completed in September so the project can be closed out and the warranty period can begin.

Park & Recreation Director Update –

As of August 15th, approximately 20 applications have been received. Village staff is in the process of reviewing applications, with the start of interviews planned for early to mid-September.

Comprehensive Outdoor Recreation Plan 2021-2026 – Review & Recommendation on Plan Approval -

Over the last several meetings, the commission has discussed various capital projects for the parks system, as well as a proposed Capital Improvements Budget for 2021-2026. Included in the meeting packets is the final version of the plan. The goal is to review the document and recommend approval of the CORP at the August meeting, and to forward to the Plan Commission and Village Board for review and approval in October/November 2021 at the same time as the 2050 Comprehensive Plan is approved.

Dheinsville Park Lease Agreement – Review & Recommendation

Per earlier meeting discussions, the 1995 lease agreement with the Germantown Historical Society (GHS) expired in 2019. Attached is an updated draft lease agreement that Village Attorney Brian Sajdak has prepared. This agreement was forwarded to the GHS on August 11th for review. Village staff and representatives of the GHS will be meeting later this month to discuss. The new agreement will be brought back to the Park & Recreation Commission at the September meeting for review and recommendation, before sending to the Village Board for final approval.

Dheinsville Park Festhalle Project –

An agreement was reached in early May whereby Keller would pay for materials and labor to install an epoxy product throughout the concrete floor of the shelter. It was determined that epoxy would provide the most durability as well as an overall uniform appearance. The village has approved the epoxy product with installation scheduled for the week of September 13th – 17th.

Spassland Park Pickleball Courts – Review & Approval –

To help address the frequent requests for additional pickleball court facilities, staff is recommending striping the existing two tennis courts at Spassland Park with four pickleball court layouts. Included in the meeting packets is a cost proposal from Frank Armstrong Enterprises for this work. The project would be completed in September.

2022 Park & Recreation Operating & Capital Improvements Budget –

Staff presented the 2022 department budget to village administration in July. The 2022 Budget will be presented to the Park & Recreation Commission at the September meeting, and reviewed by the Village Board Committee of the Whole at a to be determined date.

Germantown School District & Village of Germantown Intergovernmental Use Agreement –

The existing 2-year IGA for use of school facilities officially expires at the end of August 2021. Village Administrator Kreklow and School District Superintendent Stousland have been in discussion regarding a one-year extension under the same terms and conditions. The Village and School District are planning a joint meeting for Monday, August 30th to discuss several items of business including the IGA.

Recreation Program Update –

Recreation Supervisors Patti Heinen and Katie Rodger will be in attendance at the meeting to provide a general update on Summer programming, as well as a summary of the start of Fall programs/events.

In August, the department had 29 programs that started including: Heroes Volunteer Program, Day of Fun in the Sun, Lego Robotics, 1,2,3 Build, Reading with Robots, Technology Trip, Bricks Bricks and more Bricks!, Mad Science Robot Invasion, The Science of Slime Camp, Youth Police Academy, Little Tykes and Youth Martial Arts, Horseback Riding, Tae Kwon Do, Band Concerts, Yoga, PULSE, Rise & Shine Boot Camp, Disc Golf Extravaganza, Learn Magic, Princess Dance Camp – Mulan, Canvas Tote Painting, Acrylic Painting, Watercolor Painting, Canvas Tote Painting, Miss Julie's Music Fun for Families, Zumba, Learn to Decorate with Frosting, Verbal Defense Against Bullies.

The Fall/Winter 2021/2022 Recreation Guide was posted on the village website in early August. Registration for Village & School District Residents began on Monday, August 16th, and for Non-residents on Wednesday, August 18th.

Upcoming events include the following:

Flag Football: Our Flag Football Coaches meeting was held on August 16th this year. We had to combine the 1st and 2nd grade leagues and 3rd-5th grade leagues. We have 4 teams each in 1st/2nd grade and 6 teams in 3rd-5th grade. We have 23 volunteer coaches.

Soccer/Gridders: Pee Wee & U6 Soccer and Little Gridders Football will be starting on September 12th. The coach's meetings are set for August 31st and September 1st to help coaches prepare for their upcoming season.

Girls Volleyball Leagues: The registration deadline was August 13th and the coaches meeting is set for August 26th.
