BUSINESS OF THE VILLAGE BOARD

MEETING DATE: May 19, 2025

PLACEMENT: Action Item

ITEM TITLE: Award a contract to reconstruct Pleasant View Drive to Wolf Paving Co., Inc. in the amount of \$677,237 (Action)

SUBMITTED BY: Matthew Mortwedt, Public Works Director

SUMMARY EXPLANATION:

The Wisconsin Department of Transportation selected Germantown for the Agricultural Road Improvement Program grant. This grant funding is for the reconstruction of Pleasant View Drive and Rockfield Road. This work is anticipated in multiple phases, and is in coordination with the Town of Germantown. The Village of Germantown advertised and opened bids for the second phase to reconstruct Pleasant View Drive from Bonniwell Road to Lovers Lane, a 1.5 mile rural road segment. The bids are summarized below and bid item details are attached.

Contractor	Amount
Wolf	\$615,670
Payne and Dolan	\$638,164
Stark Paving	\$668,224

The lowest bid is \$164,330 less than the \$780,000 construction estimate. The schedule is to begin work this summer, in coordination with the Rockfield Road work. Two cross culverts are scheduled for replacement, so a temporary detour will be required to complete that work. Staff will be sending notification letters to adjacent property owners. A copy of the outreach letter is attached.

WisDOT will reimburse Germantown at 90% of the construction and inspection costs to Village for this phase. The remaining budget for the final phase of ARIP will replace a box culvert and a 0.5 mile segment of Pleasant View between Freistadt Road and Lovers Lane. That work is anticipated to be completed in 2026.

The base bid of \$615,670, plus a 10% contingency in the amount \$61,567, totals \$677,237.

MEETING DATE: May 19, 2025

PLACEMENT: Action Item

ITEM TITLE: Award of a contract for the 2025 Sealcoating Program to Fahrner Asphalt Sealers, LLC in the amount of \$259,716 (Action)

SUBMITTED BY: Matthew Mortwedt, Public Works Director

SUMMARY EXPLANATION:

The approved seal coating budget for the Highways/Engineering work is \$250,000. Staff included additive bid items to maximize the amount of work, contingent on the bid pricing. In addition, staff included bid items for driveway work at Water Utility towers and wells, and that bid amount was \$8,833.

One bid was received from Fahrner Asphalt Sealers, LLC in the amount of \$255,016.90.

Staff has reviewed the bids and recommends approval of the contract bid items in the amount of \$255,016.90 plus a contingency in the amount of \$4,699, for a total of \$259,716 to be awarded to Fahrner Asphalt Sealers, LLC.

MEETING DATE: May 19, 2025

PLACEMENT: Action Item

ITEM TITLE: Change order to raSmith for High Point Pass design services for \$36,000 (Action)

SUBMITTED BY: Matthew Mortwedt, Public Works Director

SUMMARY EXPLANATION:

raSmith was awarded the design contract for High Point Pass in July 2024, and their scope included flexibility to address necessary work for a successful project completion. They provided a range of service fees from \$79,000 to \$97,000. In July 2024, \$82,000 was identified as the amount not to exceed and that was approved by the Public Works and Highways Committee in addition to the Village Board. This scope of work included road design and water main design. The original scope was to extend sanitary along High Point Pass. After additional analysis, the depth of cover did not allow for that configuration. So, the current route through the MLG parcel was designed. This was done to meet the terms of Germantown's development agreement with Truck Country.

Staff is requesting approval of an additional \$36,000 for the sanitary sewer design, sanitary sewer easement and storm sewer easement. Per the municipal code section 3.08(d) the change order was approved by the Village Administrator and is being reported to the committee for final approval. The majority of work associated with this change order has been completed.

CHANGE ORDER #1

Date: April 29, 2025
Project Number: 2245358 (RA Smith)
Project Name: High Point Pass-South Roadway
and Utility

Client: Village of Germantown
Address: N112 W17001 Mequon Road
Germantown, WI 53022

Attention: Kevin Driscoll, PE
Title: Village Engineer
Phone: 262-250-4724
E-Mail: kdriscoll@germantownwi.gov

SITE ADDRESS / LOCATION

High Point Pass-South of Holy Hill Road

SCOPE OF WORK

The original contract included the design of the High Point Pass Roadway, south of Holy Hill Road, with the exact terminus unknown (was unknown if it should end south or north of the RR Tracks) and the type of ending unknown. The design of any sanitary sewer or watermain were either unknown (sanitary sewer) or not needed (watermain). As part of the design process, most notably due to the adjacent developments, including various design and easement updates were needed to either serve the adjacent site, or set up to accommodate the future sites. Some of these items included:

1. Sanitary Sewer Re-Alignment (instead of within the right of way, the route went through the adjacent MLG site)
2. Sanitary Sewer Easement (to accommodate the aforementioned sanitary route)
3. Storm Sewer Re-Alignment (to work with the MLG site and direct storm water off their site)
4. Storm Sewer Easement (to accommodate the aforementioned storm sewer)
5. Watermain Design (it was determined to connect to the watermain at Holy Hill Road and extend to the south limits; originally the watermain may have traversed through the adjacent west parcel)
6. Lighting Design south of Holy Hill Road
7. Updates to the Roadway to include both an interim and future build-out condition
8. Stormwater Management plan for ultimate buildout and work with MLG for potential new easement and satisfy MMSD requirements
9. Updates to MLG storm sewer and easements

The cost for items 1 through 7 were already completed and some of these costs were within the estimated range of fees given of \$79,000 to \$97,000; however, the budget was approved at \$82,000 and the cost to complete items 1 through 7 is \$23,900 which will put us over the estimated range at \$105,900 (thus the need for a change order). The costs for items 8 and 9, will be required as part of the final construction drawings due to items discovered during the design and working with the adjacent property owner (MLG). This cost is estimated at \$12,100.

BUSINESS OF THE VILLAGE BOARD

MEETING DATE: May 19, 2025

PLACEMENT: Action Item

ITEM TITLE: 2025 PASER Road Condition Report compiled by DPW-Engineering staff (Action)

SUBMITTED BY: Matthew Mortwedt, Public Works Director

SUMMARY EXPLANATION:

This spring, DPW-Engineering staff conducted Germantown's every other year Pavement Surface Evaluation and Rating (PASER). The PASER rating is a condition assessment of Village-owned roads and serves as the primary data driver to prioritize annual road reconstruction and maintenance funding. The condition ratings are on a scale of 1 to 10, where 1 is "failed" and 10 is "excellent". The ratings are loaded into the Wisconsin Department of Transportation (WisDOT) WISLR database and can also be used by WisDOT and the County for grant funding decision-making. In this rating cycle, Germantown road segments averaged just over a 6 rating, a slight improvement over the 2023 ratings.

The staff-led effort means that there was a different evaluator of roads this year as compared to the previous couple of cycles. Since the evaluation has some subjectivity, staff created a comparison of old to new scores and looked at large score changes more closely. Moving forward it is the Department's intent to keep staff conducting this rating.

Following acceptance of this report, and in order to start working ahead, DPW-Engineering would like to begin the re-prioritization of the 10-year plan and bring the proposed 2026 road program for early approval by this committee and the Village Board. The 2025 PASER report will also be posted to the Public Works website.

Rating system

Surface rating	Visible distress*	General condition/ treatment measures
10 Excellent	None.	New construction.
9 Excellent	None.	Recent overlay. Like new.
8 Very Good	No longitudinal cracks except reflection of paving joints. Occasional transverse cracks, widely spaced (40' or greater). All cracks sealed or tight (open less than 1/4").	Recent sealcoat or new cold mix. Little or no maintenance required.
7 Good	Very slight or no raveling, surface shows some traffic wear. Longitudinal cracks (open 1/4") due to reflection or paving joints. Transverse cracks (open 1/4") spaced 10' or more apart, little or slight crack raveling. No patching or very few patches in excellent condition.	First signs of aging. Maintain with routine crack filling.
6 Good	Slight raveling (loss of fines) and traffic wear. Longitudinal cracks (open 1/4"–1/2"). Transverse cracks (open 1/4"–1/2"), some spaced less than 10'. First sign of block cracking. Slight to moderate flushing or polishing. Occasional patching in good condition.	Shows signs of aging. Sound structural condition. Could extend life with sealcoat.
5 Fair	Moderate to severe raveling (loss of fine and coarse aggregate). Longitudinal and transverse cracks (open 1/2" or more) show first signs of slight raveling and secondary cracks. First signs of longitudinal cracks near pavement edge. Block cracking up to 50% of surface. Extensive to severe flushing or polishing. Some patching or edge wedging in good condition.	Surface aging. Sound structural condition. Needs sealcoat or thin non-structural overlay (less than 2")
4 Fair	Severe surface raveling. Multiple longitudinal and transverse cracking with slight raveling. Longitudinal cracking in wheel path. Block cracking (over 50% of surface). Patching in fair condition. Slight rutting or distortions (1/2" deep or less).	Significant aging and first signs of need for strengthening. Would benefit from a structural overlay (2" or more).
3 Poor	Closely spaced longitudinal and transverse cracks often showing raveling and crack erosion. Severe block cracking. Some alligator cracking (less than 25% of surface). Patches in fair to poor condition. Moderate rutting or distortion (greater than 1/2" but less than 2" deep). Occasional potholes.	Needs patching and repair prior to major overlay. Milling and removal of deterioration extends the life of overlay.
2 Very Poor	Alligator cracking (over 25% of surface). Severe rutting or distortions (2" or more deep). Extensive patching in poor condition. Potholes.	Severe deterioration. Needs reconstruction with extensive base repair. Pulverization of old pavement is effective.
1 Failed	Severe distress with extensive loss of surface integrity.	Failed. Needs total reconstruction.

* Individual pavements will not have all of the types of distress listed for any particular rating. They may have only one or two types.

BUSINESS OF THE VILLAGE BOARD

MEETING DATE: May 19, 2025

PLACEMENT: Presentation

ITEM TITLE: Update on "Grosenick Properties" purchased by the Village during 2024. (Discussion Only)

SUBMITTED BY: Steve Kreklow, Administrator

SUMMARY EXPLANATION:

During 2024, the Village purchased two properties that were listed for sale in the Main Street area in order to have more control over the type of development that would occur in this sensitive area. One parcel is approximately five acres of vacant land and has access to Main Street. The other is a small parcel with a two-story office building that has access to Fondulac Avenue. This parcel is important to long-term development plans since access to Fondulac Avenue will like be necessary. The two parcels have commonly been referred to as the "Grosenick" properties.

Village staff have had several meetings with nearby Main Street businesses regarding potential future uses for the site. Generally, businesses have expressed a need to additional parking on Main Street, an interest in additional residential development, and flexible public spaces. Staff also worked with a Germantown company and a developer on a more conceptual analysis construction of office space for the business along with mixed-use development. Unfortunately, even with significant Tax Increment District support, the project costs and revenues were too far apart to be financially feasible.

Looking forward, the Board has several options available regarding the eventual disposition of the Grosenick properties.

1. The Village could list the properties for sale, "as-is."
2. The Village could improve the properties by demolishing existing buildings, improving drainage, constructing public roads with access to Fondulac Avenue, and then list the remaining parcel(s) for sale.
3. The Village could complete the improvements above and develop the remainder of the property for additional parking, green space, gathering places and possibly a small concert venue.
4. The Village could issue an RFP soliciting re-development ideas from developers before any improvements are made. If this alternative is chosen, it would be helpful to re-zone the parcels in advance to narrow the range of development proposals.

I should also note that since we have identified some contamination issues, we may be able to obtain some grant funds to plan for re-development of the site as well as demolition and clean up costs.

PLACEMENT: Action Item

ITEM TITLE: Washington County Site Redevelopment Program Scope of Services with Vandewalle & Associates Inc. for Public Engagement and Site Planning Services (Action)

SUBMITTED BY: Steve Kreklow, Administrator

SUMMARY EXPLANATION:

The Village Board has decided to temporarily place the process for creating TID 10 for the Pilgrim and Mequon Road area, in order to obtain additional public input. We have worked with staff from Washington County to determine that funding may be available from the County's Site Redevelopment Program for additional planning services. Washington County communities using Site Redevelopment funding for planning are required to utilize Vandewalle & Associates who are under contract with the County. We have reviewed planning work completed so far, with Vandewalle, and discussed the types of additional community input desired. Vandewalle prepared the attached scope of services that includes the following deliverables:

- Community Engagement Plan
- 3 Concept Alternatives
- Content for Project Website & Social Media
- Four Focus Groups
- Public Meeting & Support Materials
- Community Survey
- Summary of Public Input and Next Steps Memo

While the scope is very thorough and represents a sound plan for moving forward, staff recommend that we ask Vandewalle to amend the proposed scope of services to include up to two presentations to the Plan Commission.

The total cost of the planning project is \$41,650, of which the County would pay 80% (\$33,320) and the Village would pay 20% (\$8,330). The Village's share would be reimbursable from TID 10, if the Village ultimately moves forward with creating it.

STAFF RECOMMENDATION:

Authorize the Village Administrator to apply for and accept a Washington County Site Redevelopment Grant for Public Engagement and Site Planning Services, and enter

The meeting may include a combination of presentations, small group discussions, individual comment forms, and the format will be determined during the planning process. V&A will provide an FAQ handout, all meeting materials, and comment forms. The team will prepare a summary of all input received. V&A will provide a digital flyer to promote the meeting. The Village will be responsible for securing a meeting location, distributing the flyer, promoting the event, and providing refreshments if desired.

Task 6: Content for Project Website & Social Media

Cost Estimate: \$2,200

V&A will provide content for the Village to post to its website or social media accounts. This content will relate to public input materials and opportunities and other products produced as part of this scope of services. This online survey will be comprised of multiple-choice responses and a limited number of open-ended questions, prepared using SurveyMonkey (or another software that the Village subscribes to if desired). A printer-friendly version of the survey will be provided for limited distribution by the Village (at Village Hall, Public Library, etc.) for those who do not use computers. V&A will prepare a survey announcement/flyer, all survey materials, and a summary of all input. The Village will be responsible for distributing the announcement/flyer and promoting the survey.

Task 8: Summary of Public Input and Next Steps Memo

Cost Estimate: \$2,900

V&A will prepare a memo that summarizes all public input received and recommends next steps to the Village.

PLACEMENT: Ordinance

ITEM TITLE: An Ordinance Amending Section 12.08 of the Germantown Municipal Code to Amend the Regulations Pertaining to Direct Sellers, Transient Merchants and Solicitors (Action)

SUBMITTED BY: Brian Sajdak, Attorney

SUMMARY EXPLANATION:

This fall, the Village Board considered various issues related to door-to-door sales within the Village. This discussion resulted in the request to bring an ordinance forward that prohibited door-to-door sales after sunset and before 10 am, and also to ensure that non-profit groups were exempted from the requirements for their fundraising activities including where they are selling from a fixed location (for example the Girl Scout troop selling from the front of the grocery store). The proposed ordinance accomplishes both of these items.

MEETING DATE: May 19, 2025

PLACEMENT: Ordinance

ITEM TITLE: An Ordinance Amending Section 2.09 of the Germantown Municipal Code to Amend the Membership of the Standing Committees to Include the Appointment of a Citizen Member (Action)

SUBMITTED BY: Brian Sajdak, Attorney

SUMMARY EXPLANATION:

The Village President has proposed the addition of a citizen member to the standing committees. The proposed ordinance makes this change. In order to address concerns that have been raised, in addition to making the change to add a citizen member, the ordinance makes a couple other changes. First, the proposed ordinance codifies the standing practice for more than a decade of having four trustees on the standing committees.

Second, as I have previously indicated, the idea that the membership of a body is not fixed but could be varied based upon absences at a minimum opens upon possible legal challenges to actions taken by the "non-standard" body. Accordingly, the provision allowing any trustee from filling a vacancy has been removed. Of critical importance is to note that with electronic meeting attendance there has been less need to invoke this provision than has been the case historically.

Third, given that standing committees are typically composed of members of the governing body, quorum is defined to be at least 3 of the Trustee members of the committee. Thus, if there are two Trustees and the citizen member, a quorum does not exist. However, if you have 3 Trustees and no citizen member present, a quorum exists.

Finally, under the Village's purchasing policy, standing committees have final spending approval authority on budgeted expenditures up to \$25,000. To eliminate the public perception of "unelected" people spending Village tax dollars, the ordinance provides that the citizen member does not vote on those matters where the committee is the final spending authority.

PLACEMENT: Action Item

ITEM TITLE: Transfer of General Legal Services Engagement to Stafford
Rosenbaum LLP (Action)

SUBMITTED BY: Steve Kreklow, Administrator, Brian Sajdak, Attorney

SUMMARY EXPLANATION:

Brian C. Sajdak, as a member of Wesolowski, Reidenbach & Sajdak, S.C., has served as the Village Attorney since 2012. Recently, Attorney Sajdak announced that he was moving his legal practice to Stafford Rosenbaum LLP effective June 1, 2025. Board the Committee and Board is an agreement that will effectively transfer Mr. Sajdak's engagement from his prior firm to his new firm.

Mr. Sajdak will be moving to Stafford Rosenbaum, one of the preeminent full-service law firms in Wisconsin, with roots tracing back to 1879. Headquartered in Madison, the firm expanded to the Milwaukee market in 2007. Boasting twenty practice areas, Stafford provides legal counsel to well over fifty local governmental entities in areas that include government and administration, real estate (including land use, zoning, and development), environmental, public utilities, public construction, litigation, and labor/employment legal matters. All told, this move will provide not only greater bandwidth to handle the same legal matters Attorney Sajdak is handling for the Village, but it will also provide legal support in those areas where there might otherwise be the need to refer to outside counsel.

Notwithstanding the level of service Stafford will provide, their hourly rates (as reflected in the attached agreement) are highly competitive with other firms who specialize in local government representation. In a comparison of all the cities and villages in the five county Milwaukee-Metro area (Milwaukee, Ozaukee, Racine, Washington, and Waukesha Counties) conducted last summer, rates for general legal services ranged from \$180/hour to \$345/hour. More recently, as part of the Village's efforts to periodically review its outside professional services, the Village completed an RFP process last fall. Similarly, the Village of Newberg completed an RFP at approximately the same time. The proposals received by both communities included a range of rates depending on the nature of the work and who was completing it, including general legal rates of \$225/hour to \$300/hour and specialized rates such as development/tax increment rates as high as \$366/hour.

Fiscally, the costs of these services are paid for through multiple means depending on the type of work being completed, and can include the general fund, utility funds, tax increment district project costs, and direct reimbursement from developers under sec. 18.10(8) of the municipal code. Additionally, depending on the nature of the work to be completed, some cost savings can be achieved through the use of associates at the new firm, who are billed at a lower rate. At the request of the Village President, the

agreement also provides for a process for access to legal services which is designed to allow the Village to control the overall costs of services.

As a limited liability partnership, each attorney who will render services to the Village may be liable for his or her acts and omissions, as may each attorney who actually supervises and controls that attorney. The firm as an entity may also be liable for the acts and omissions of its attorneys. In the event of termination, the Village Attorney will be compensated for services rendered and expenses incurred prior to such termination in accordance with the terms set forth above. Wisconsin's Rules of Professional Conduct for Attorneys shall govern any termination of this Agreement.
 - 7. *Return of Village Records.* The Village Attorney shall return to the Village all Village Records and files upon termination or expiration of this Agreement.
 - 8. *Non-Assignment.* The Village Attorney's rights and obligations under this Agreement are not assignable without the Village's prior written consent.

VILLAGE ATTORNEY CONTACT POLICY

There are times when the Village, Village officials and Village staff need legal advice or legal services from the Village Attorney. Because legal services are costly and because requests for legal services should be coordinated to avoid unnecessary expense, this VILLAGE ATTORNEY CONTACT POLICY should be followed when seeking legal services.

1. Any person seeking legal services from the Village Attorney should first determine whether the Village already has a formal or informal legal opinion on file that addresses the question. Changes in the law or different circumstances may make it advisable to obtain legal advice even where the Village has an existing opinion.
2. The Village President, Village Board as a body, Village Administrator, Village Clerk, Police Chief, Fire Chief, Finance Director, Director of Parks and Recreation, Director of Public Works, Village Engineer, Community Development Director, or Assistant Planner are each authorized to request legal services from the Village Attorney, on the Village's behalf, as they deem necessary.
3. Any elected Village official is authorized to directly request legal advice from the Village Attorney on matters related to his or her individual compliance with the open meetings law, ethics laws, and open records law. Any elected Village official or appointed member of any Village board, committee or commission is authorized to request an advisory ethics opinion from the Village Attorney pursuant to Wis. Stat. § 19.59(5)(a).
4. Individual trustees, appointed members of any Village board, commission, or committee, Village employees (except as identified above) and others who wish to request legal services may make such request through the Village Board, President, or Administrator.

Except as provided in Section 3, individual trustees, appointed members of any Village board, commission, or committee, Village employees (except as identified above) and others who wish to request legal services directly from the Village Attorney shall do so as follows:

- a. The person requesting legal services shall inform the Village President or Village Administrator that he or she will be contacting the Village Attorney.

The person requesting legal services shall ask the Village Attorney for estimate of the amount of time required to provide the legal services. If the estimated time is more than 1 hour, the Village Board, President or Administrator must approve the request for legal services.

5. Legal services requests relating to personnel, employment or labor law related matters shall be directed to the Village Administrator or Support Services Manager, unless such request pertains to the Village Administrator or Support Services Manager, in which case such request shall be directed to the Village President.

6. Written formal legal opinions from the Village Attorney shall generally be provided as deemed appropriate by the Village Attorney, or as may be expressly requested by the Village Board, President or Administrator, or as may be required by law. In some cases, such as ethics opinions under Wis. Stat. § 19.59(5)(a), confidentiality rules may apply to legal opinions. In some cases, distribution of communications with legal council may need to be restricted to protect the Village's interests, as determined by the President, Administrator and/or Village Board, in consultation with the Village Attorney. Written and verbal communications between Village Officials and the Village Attorney may also be privileged. No person may disclose privileged communications without prior approval from the Village Board.
