BUSINESS OF THE PUBLIC SAFETY COMMITTEE

MEETING DATE: July 7, 2025

PLACEMENT: Action Item

ITEM TITLE: 2025-2026 Alcohol Beverage License Application for Jase Golf LLC (ACTION)

SUBMITTED BY: Kasie Miller, Chief Deputy Clerk

SUMMARY EXPLANATION:

Applicant Adam Altis (Jase Golf LLC) has submitted the attached Alcohol Beverage License application and requests to be granted an **original** "Class B" Alcohol Beverage License for the 2025-2026 licensing period. A background check was conducted by the Police Department and approved on June 10, 2025.

The Village of Germantown has a quota of 24 Original and 6 Reserve "Class B" Licenses. Currently, the Village has issued 23 Original and 2 Reserve Licenses. One Original license became available when Gamroths Kuhburg Junction did not renew for the 2024-2025 licensing period. The Village cannot obtain additional Original Licenses, only Reserve licenses through census data or transfer from another municipality. Reserve Licenses authorize the same sales as an Original "Class B" license but have an additional initial issuance fee (starting at \$10,000) and are not eligible for transfer to another premises.

Conditional Use Permit

4A-Description of Existing Operation-

The 9,600 sq. ft. is currently vacant. The space has recently been used as an indoor dog training facility.

5-Description of proposed operation-

5A-Write the name of the proposed conditional use exactly as it appears in the Municipal code-

- *Municipal Code: 17.33(3)(h) Commercial activities permitted in the B-2, Community Business District when the Plan Commission finds that the activity will directly support the businesses of the industrial park and can be integrated into an overall plan for the industrial park.*

5B-Describe the proposed use, including size, number of employees, hours of operation and extent of any new construction/alterations-

The proposed business will specialize in indoor golf entertainment. We will use all of the 9,600 sq. ft. to have large golf bays with individual putting greens at each bay. We are working with the city clerk on permits for beer and alcohol and will have an electric beverage cart with attendant that will serve the drinks for the customers. The beverage cart is just like one from a real golf course which is essentially a work cart with coolers in the back. We will offer light food options such as pizza and other snack food. We will have two owners, one full-time and two part-time employees. The hours of operation will be 10AM-10PM Monday through Friday, and 9AM until 11PM Saturday and Sunday. The beverage cart will primarily used in the afternoon and evening hours. There will be no significant alterations to the building itself on the outside. On the inside, we will be adding a bathroom as well as the bays for golf. There will currently be no large outdoor sign but we plan on adding that at a future date.

Pursuant to the following condition(s):

1. The uses and activities allowed on the property shall be limited to those uses and activities specified in the Conditional Use Permit (CUP) application and supporting documents received April 14, 2025, and floor plan dated May 5, 2025. Days and hours of operation shall be limited to those specified in the CUP supporting documents submitted to the Village.
2. The owner/operator is responsible for reporting any significant changes in the type, intensity, amount, or location of the land uses and activities, days and hours of operation, size or location or other operational characteristics of said uses and activities authorized under this CUP to the Village Zoning Administrator.
3. If the use, activities and/or operation subject of this permit falls out of conformity with the conditions herein, or, where there is a change in the nature, character, intensity or extent of the activities or uses which causes problems or harmful effects that were not anticipated at the time of approval of this CUP, the Conditional Use Permit (CUP) may be modified or terminated by the Village Board by the amendment to or addition of conditions after public hearing thereon.
4. All temporary and permanent exterior signs require a permit and shall comply with all current sign regulations. Off-premises advertising and directional signage is regulated by the Village and requires a permit if/when allowed.

5. All future site improvements, including all building, parking area, landscaping, storm water management facilities, signage, exterior lighting, and any other improvements made to or on the property that are necessary for the land uses and activities authorized under this CUP shall be submitted for review and approval by the Village through the Zoning Permit or Site Plan application process as determined by the Village Zoning Administrator. If required, Site Plan review and approval will include Plan Commission review and approval.
6. State agency (DSPS) approved plans and a \$20,000 occupancy bond are required by Inspection Services. The Village of Germantown is an authorized delegated agent of DSPS and may be used as an alternative to provide all commercial plan review and inspection services through SAFEBuilt of WI and the Village of Germantown.
7. The owner/operator shall be responsible for obtaining any/all liquor license(s) required under State statutes and/or Village ordinances, and, complying with same for the facility. The owner/operator is responsible for contacting the Village Clerk's Office to initiate a license application separate from the Conditional Use Permit approval process.
8. The owner/operator shall be responsible for obtaining any/all permits required under County or State statutes for the proposed sale of food.
9. Pursuant to Section 17.47 of the Zoning Code, if the Village observes and/or receives complaints regarding negative impacts associated with and/or created by business-related activities conducted on the property, including but not limited to noise, dust or other airborne materials, the Property Owner/Operator shall work with the Village to identify the source of such impact(s), evaluate alternative mitigation measures, and implement a mutually-agreeable solution to mitigating the impact(s).
10. This Conditional Use Permit (CUP) shall be non-transferable. In the event there is a change in the owner/operator of the indoor golf entertainment/recreation establishment for which this CUP was issued, this CUP shall become null and void. If a new business owner/operator wants to operate a business that provides indoor golf entertainment/recreation, a new CUP would have to be obtained pursuant to Sections 17.33 and 17.42 of the Zoning Code in order for the new owner/operator to operate said business from this property.

Background/Proposal

Adam Altis, Agent for Blades Indoor Golf, and Ozaukee Development Corporation, Property Owner. Conditional Use Permit (CUP) for a 9,600 square foot Indoor Golf Entertainment/Recreation Establishment located at W188 N11770 Maple Road in the Germantown Industrial Park.

As shown in the application materials, Blades Indoor Golf will provide indoor golf entertainment including golf simulator bays and a putting green. The proposed use will occupy 9,600 square feet (Suites 2, 3, and 4) of an existing 25,700 square foot industrial/office building. The applicant also mentions the business will offer alcoholic beverages with an electric beverage cart and light food/snack options for patrons. Note the following list of details associated with the proposal:

- Hours of Operation
 - M-F (10:00am – 10:00pm)
 - Saturday and Sunday (9:00am – 11:00pm)
- Number of Employees
 - 1 owner
 - 1 full-time
 - 2 part-time
- (8) golf simulator bays
- (1) putting green
- (1) office
- Garage space for beverage cart
- Restrooms
- Front desk/vestibule

Additionally, the application states no significant exterior site/building alterations will be made outside of infilling and insulating two (2) existing door openings on the rear side of the building (as shown per submitted floor plan). While business signage on the building is intended at a future date, there is no signage proposed at this time.

Existing driveway access to the site will remain as is, with one (1) driveway entrance off Maple Road and two (2) driveway entrances off Fulton Drive. The site will continue to maintain 56 parking spaces for the building.

Staff Comments**Community Development: Planning and Zoning**

Although an "indoor golf entertainment establishment" is not specifically listed as a permitted use in any of the Village zoning districts, the proposed use could be allowed in the property's M-1: Limited Industrial District with a conditional use permit. As set forth in the Zoning Code, the list of CUP uses that may be allowed in the M-1 District includes **"Commercial activities allowed in the B-2 Community Business District when the Plan Commission finds that the activity directly supports the businesses in the Industrial Park and can be integrated into an overall plan..."** [see Code Sec. 17.33(3)(h)]. Based on previous discussion and action by the Village to approve other "unclassified" uses such as martial arts and health training/recreation operations, as well

as other dog-related daycare-type establishments, this "unclassified" use is likely suited in this multi-tenant business setting in the Industrial Park. As a matter of procedure, the PC needs to consider and determine if the proposed use is the type of business or activity is similar to and compatible with other uses in the Industrial Park. Staff is of the opinion that it does.

Community Development: Inspection Services

State agency (DSPS) approved plans and a \$20,000 occupancy bond are required by Inspection Services. The Village of Germantown is an authorized delegated agent of DSPS to provide all commercial plan review and inspection services through SAFEBuilt of Wisconsin and the Village of Germantown.

Fire Department

No comments. The Fire Department reviewed the fire rating on the proposed equipment associated with the golf simulators and found them to be rated within code.

<u>VILLAGE STAFF RECOMMENDATION</u>

APPROVE a Conditional Use Permit for a 9,600 square foot (Suites 2, 3, and 4) indoor golf entertainment/recreation establishment located at W188 N11770 Maple Road, subject to the following conditions:

1. The uses and activities allowed on the property shall be limited to those uses and activities specified in the Conditional Use Permit (CUP) application and supporting documents received April 14, 2025, and floor plan dated May 5, 2025. Days and hours of operation shall be limited to those specified in the CUP supporting documents submitted to the Village.
2. The owner/operator is responsible for reporting any significant changes in the type, intensity, amount, or location of the land uses and activities, days and hours of operation, size or location or other operational characteristics of said uses and activities authorized under this CUP to the Village Zoning Administrator.
3. If the use, activities and/or operation subject of this permit falls out of conformity with the conditions herein, or, where there is a change in the nature, character, intensity or extent of the activities or uses which causes problems or harmful effects that were not anticipated at the time of approval of this CUP, the Conditional Use Permit (CUP) may be modified or terminated by the Village Board by the amendment to or addition of conditions after public hearing thereon.
4. All temporary and permanent exterior signs require a permit and shall comply with all current sign regulations. Off-premises advertising and directional signage is regulated by the Village and requires a permit if/when allowed.
5. All future site improvements, including all building, parking area, landscaping, storm water management facilities, signage, exterior lighting, and any other improvements made to or on the property that are necessary for the land uses and activities authorized under this CUP shall be submitted for review and approval by the Village through the Zoning Permit or Site Plan application process

- as determined by the Village Zoning Administrator. If required, Site Plan review and approval will include Plan Commission review and approval.
6. State agency (DSPS) approved plans and a \$20,000 occupancy bond are required by Inspection Services. The Village of Germantown is an authorized delegated agent of DSPS and may be used as an alternative to provide all commercial plan review and inspection services through SAFEBuilt of WI and the Village of Germantown.
 7. The owner/operator shall be responsible for obtaining any/all liquor license(s) required under State statutes and/or Village ordinances, and, complying with same for the facility. The owner/operator is responsible for contacting the Village Clerk's Office to initiate a license application separate from the Conditional Use Permit approval process.
 8. The owner/operator shall be responsible for obtaining any/all permits required under County or State statutes for the proposed sale of food.
 9. Pursuant to Section 17.47 of the Zoning Code, if the Village observes and/or receives complaints regarding negative impacts associated with and/or created by business-related activities conducted on the property, including but not limited to noise, dust or other airborne materials, the Property Owner/Operator shall work with the Village to identify the source of such impact(s), evaluate alternative mitigation measures, and implement a mutually-agreeable solution to mitigating the impact(s).
 10. This Conditional Use Permit (CUP) shall be non-transferable. In the event there is a change in the owner/operator of the indoor golf entertainment/recreation establishment for which this CUP was issued, this CUP shall become null and void. If a new business owner/operator wants to operate a business that provides indoor golf entertainment/recreation, a new CUP would have to be obtained pursuant to Sections 17.33 and 17.42 of the Zoning Code in order for the new owner/operator to operate said business from this property. **(ADDED BY PLAN COMMISSION)**

Describe the area where the outdoor entertainment permit will be utilized, including the property address and a description of the area on the Property to be utilized. You MUST include a detailed, scale drawing of the area with dimensions, locations of speakers, televisions, performance location, and the like.

See attached scaled drawing. Both events will be held inside & outside on the back grass area as well as the back patio, as we have for the last 5 years. These are annual events.

Describe the hours of outdoor entertainment. For Temporary Permits, List Dates and Hours of Event. For Annual Permits, List Proposed Days and Hours of outdoor entertainment (e.g., Between June 1 and September 30, Fridays 4pm to 8pm, Saturdays Noon to 9 pm). You MUST include a detailed plan of operation setting forth the dates, hours, location, type and scope of the operation for all outdoor entertainment.

August 16th - Annual Heaven's Devils party. They bring in music (starts at 3pm & runs thorough 10pm). The event starts at 2pm (set up begins at 10am) and runs till 2am. *(amplified live music)*

August 23rd - Buzdum's customer appreciation party. Starts at 9am & runs till 10pm. We run a bags tournament on the same grassy area. As of right now, we have no music set up for this event, but are aware we will need to get the village approval before allowed. If we can find a musician, it would be from 2-5pm on the covered back patio.

I hereby certify that the answers on this application are complete, true and correct to the best of my knowledge and belief and make application for an Outdoor Entertainment Permit in the Village of Germantown, Wisconsin, subject to the provisions and limitations of Wisconsin Statutes and Germantown Municipal Code, and hereby agree to comply with

MEETING DATE: July 7, 2025

PLACEMENT: Action Item

ITEM TITLE: Amendment #2 to Graef Contract for Professional Services for Public Safety Building Options (ACTION)

SUBMITTED BY: Steve Kreklow, Administrator

SUMMARY EXPLANATION:

The Public Safety Committee directed staff to ask the Graef, PRA and Moore team to submit a proposal for the analysis of seven additional options for Germantown public safety facilities. The total cost for the analysis of all seven options is \$75,200. Each option is summarized and individually costed below:

1. Review of previously presented options to identify potential cost reductions. (\$8,000)
2. Review of the feasibility and cost to re-purpose the Ascension building recently purchased by the Village as a Police Station. (\$14,900)
3. Provide a cost estimate for a new police station on the site of the old DPW building that is comparable to the Ascension option. (\$6,600)
4. Provide updated cost estimates for a scaled back renovation and expansion of Fire Station 2. (\$4,600)
5. Review the feasibility, staging plan and prepare a cost estimate to renovate and expand the current police station to meet Police Department needs. (\$14,300)
6. Prepare a cost estimate to construct a second fire station on the site of the current police station site if/when the Police Department relocates.
7. Prepare a cost estimate to construct a combined police/fire facility at Kinderberg Park, which is the only property the Village already owns that could accommodate a combined facility. (\$12,500)

The Committee may select any or all of the options listed above for further review. If the total amount is greater than \$25,000, Village Board approval for the amendment will be needed. Funding for this additional planning is included in the 2025 Capital Budget.

June 23, 2025

Mr. Matthew Mortwedt
Director of Public Works
Village of Germantown
N112 W17001 Mequon Road
Germantown, WI 53022

Subject: Public Safety Building Options
Professional Services Amendment No. 2

Dear Mr. Mortwedt:

Per your request, Graef-USA Inc. (GRAEF) is pleased to provide this Amendment No. 2 for services to Village of Germantown (Client). An executed copy of this amendment will become our Agreement.

This amendment is for professional services to prepare several conceptual plan options for a public safety building(s) and opinion of probable cost with Plunkett Raysich Architects (PRA) and Moore Construction Services. This amendment is subject to GRAEF's Terms and Conditions, which were attached to our original agreement dated June 20, 2024.

It is our understanding that the nature of the Project is to provide the feasibility and opinion of probable cost for several options as defined below as well as attendance and participation at one Public Safety Committee meeting and one Village Board meeting.

1. Review of the size and scope of previously proposed facilities and determine where cost reductions could be made. This will include two, one-hour virtual meetings with Chief Delain and Chief Merten to review and then develop a finalized, revised plan for the Public Safety Building. (\$8,000)
2. Review the feasibility and prepare a cost estimate to re-purpose the Ascension building at N112 W15415 Mequon Road to a police station. We would develop a conceptual plan for how the remodeled building could be used for office type functions of the police department and develop a plan for an addition to house the Sallyport, impound area, and as much indoor parking as the site will allow. We have not included any field verification and are assuming that some sort of floor plan drawings for the building can be provided to us. If field verification is needed, we will need to revise our proposed fee for this item. (\$14,900)

3. Update the cost estimates to build a police station on the previous DPW site that is comparable to the Ascension building option. Revise current floor plans based on meeting with the Chief Merten described in first item above and then provide updated floor plans and cost estimates. (\$6,600)
4. Update the cost estimates for a scaled back renovation of and expansion of fire station no. 2. Revise current plan based on meeting with Chief Delain described in first item above and then provide updated floor plans and cost estimates. (\$4,600)
5. Review the feasibility, staging plan and prepare a cost estimate to renovate and expand the current police station. Using the information from the current design of the Public Safety Building, develop a design for a major addition to the current police station. Review initial design with Chief Merten and then finalize plans to develop cost estimates. (\$14,300)
6. Prepare cost estimate to construct a second fire station on the current police station site if/when the police station relocates. Meet with Chief Delain to discuss what fire station staff and equipment would be housed at this site and then develop a floor plan to develop cost estimates for a potential second fire station at this site. (\$14,300)
7. Prepare a cost estimate to construct a combined police/fire facility on property currently owned by the Village at Kinderberg Park at N106 W14937 Buckthorn Drive. We have assumed that for this option we will take the design for the Public Safety Building and develop a one-story version for the potential Kinderberg Park site. (\$12,500)

Additional Services:

We can also provide the following additional services at your request for additional compensation on an hourly basis.

- Additional meeting attendance.
- Additional conceptual plans preparation.
- Additional opinion of probable costs.
- Site reviews, property searches, evaluations of properties for the combined safety building.
- Construction Documents for the safety building(s).

For the Basic Services detailed above, the Village of Germantown agrees to compensate GRAEF on a lump sum basis fee of \$75,200.00, plus reimbursable expenses. Reimbursable expenses include express mail and delivery charges, printing fees, geotechnical services, permitting fees, all plan review fees, lab testing fees, and mileage.

collaborāte / formulāte / innovāte

To accept this amendment, please sign and date both enclosed copies and return one to us. Upon receipt of an executed copy, GRAEF will commence work on the Project. It is estimated that the project will be completed approximately 8-10 weeks after we receive the executed amendment. Graef-USA Inc. looks forward to providing services to the Village of Germantown.

Definitions

Basic Life Support Emergency (BLS Emergency)

When the ambulance provider or supplier is called, it responds immediately. The ambulance must be staffed by an individual who is qualified as an EMT-Basic per state guidelines.

Advanced Life Support (ALS)

An ALS assessment is an assessment performed by an ALS crew as part of an emergency response that was necessary because the patient's reported condition was such that only an ALS crew was qualified to perform the assessment. An ALS intervention must be medically necessary to qualify as an intervention for payment for an ALS level of service.

Advanced Life Support 1 Emergency (ALS 1 Emergency)

When medically necessary, the provision of ALS1 services (ALS assessment or ALS intervention per state guidelines), are performed in the context of an emergency response and responds immediately. ALS personnel are trained to the level of EMT-Intermediate or Paramedic.

Advanced Life Support 2 (ALS 2)

Transportation by ground ambulance vehicle staffed with ALS personnel and the provision of medically necessary supplies and services including:

1. At least three separate administrations of one or more medications by intravenous push/bolus or by continuous infusion (excluding crystalloid fluids),

OR

2. Ground ambulance transport, medically necessary supplies and services, and the provision of at least one of the following ALS 2 procedures:
 - a. Manual defibrillation/cardioversion;
 - b. Endotracheal intubation;
 - c. Central venous line;
 - d. Cardiac pacing;
 - e. Chest decompression;
 - f. Surgical airway; or
 - g. Intraosseous line.

Application: Crystalloid fluids include fluids such as 5 percent Dextrose in water, Saline and Lactated Ringer's. Medications that are administered by other means (e.g., intramuscular/subcutaneous injection, oral, sublingually, or nebulized) do not qualify to determine whether the ALS2 level rate is payable. The criterion of multiple administrations of the same drug requires a suitable quantity and amount of time between administrations that is in accordance with standard medical practice guidelines.

Emergency Medical Services	
Fee Description	Explanation
Non-Transport with BLS Assessment and / or Care Provided	If the Department responds, provides basic life support care, and the patient declines transport.
Non-Transport with ALS Care Provided	If the Department responds, provides advanced life support care, and the patient declines transport.
Non-Transport Lift Assist with No Additional Care Provided (Within One Calendar Year)	One of our most frequent requests is to assist a person from the ground to a standing or seated position. Currently we bill this the same as a Non-Transport BLS call, however this does not accurately reflect the significantly shorter amounts of time we are on scene.
Basic Life Support Emergency* – Resident	If the Department responds, provides basic life support care, and the patient is a resident and transported.
Basic Life Support Emergency* – Non-Resident	If the Department responds, provides basic life support care, and the patient is <u>not</u> a resident and transported.
Advanced Life Support 1 Emergency* – Resident	If the Department responds, provides advanced life support care, and the patient is a resident and transported.
Advanced Life Support 1 Emergency* – Non-Resident	If the Department responds, provides advanced life support care, and the patient is a resident and transported.
Advanced Life Support 2* – Resident	If the Department responds, provides a higher level of advanced life support care, and the patient is a resident and transported.
Advanced Life Support 2* – Non-Resident	If the Department responds, provides a higher level of advanced life support care, and the patient is a resident and transported.
Intercept Rate	If the Department is requested to respond with a Paramedic to join with a mutual aid agency. This is not a frequent occurrence, however is still allowable.
Return Trip	If the Department is requested to return a patient from the hospital to their residence this would be the fee assessed. Note that this has only happened less than 5 times in the last 10 years. It is part of our operational plan with the State, thus having a fee for it is appropriate.

Emergency Medical Services **continued**		
Fee Description	Explanation	
Mileage (Per Mile Transported)	Cost per loaded mile from the scene to the hospital with the patient.	
Additional Personnel During Transport	If the call is critical enough we will take additional providers. Currently we are unable to bill for the additional provider.	

Fire Apparatus (Including Crew)		
Fee Description	Explanation	
Engine	Each of these is the cost per apparatus with crew per hour at an incident. This is largely for major incidents that require numerous operational periods. This is also used for reimbursement from the State for services provided on State or Federal property (Highways, Post Office)	
Ladder		
Tender		
Ambulance		
Brush Truck		
Other Apparatus		
Command Vehicle		

Fire / Hazardous Material	
Fee Description	Explanation
Commercial False Alarm Activation (Within One Calendar Year)	If the department is being requested numerous times to a business due to false alarms (non-functioning or malfunctioning fire alarms, erroneous sprinkler activation, etc) this puts a significant burden on our response capability. These fees help recover some of the cost of the response while also encouraging the business to have their system serviced.
Accident Recovery & Cleanup (per Vehicle)	Vehicle accidents often require multiple apparatus and numerous personnel. The Department also clears the roadway and ensures that no hazardous materials are remaining. Other disposable materials are used in assisting with roadway cleanup and haz-mat containment. Most frequently is cleanup of fluid (gas, diesel, oil, transmission fluid, etc.) this cleanup requires the use of Oil-Dry to ensure that the roadway is safe. Most vehicle
Accident Extrication	If a patient is trapped inside the vehicle and requires specialized tools and additional manpower to remove the patient from the vehicle.
Contaminated / Damaged Equipment Replacement	If any of our equipment is damaged or contaminated due to an emergency this fee would allow for the department to be reimbursed for those costs.
Materials Used for Mitigation	Any materials required to mitigate the emergency.
Outside Agencies Cost	Occasionally the department will require outside agencies such as excavators or material recovery.
Rotor Wing (Helicopter) Landing Zone	If flight or life is needed the landing zone setup requires road closures, and personnel posted to secure the landing site. It is a labor intensive process.
Fire Extinguisher Training <i>*(Funds recovered from this fee are to be placed into Public Education Line for use in accordance with 2% dues)</i>	Donation for Public Education / Community Risk Reduction.

Fire / Hazardous Material **continued**	
Fee Description	Explanation
5'x5' Area Burning Permit	Yard waste burning permit.
Greater Than 5'x5' Area Burning Permit (Per Instance)	Large area yard waste burning permit. There are many more rural areas in which yard waste can be safely burned in amounts significantly greater than 5x5, however that may require in person verifications of safety items being in place. The fee for this permit is so that these higher hazard burns can be identified and safety items can be verified.
Burning Violation <i>*Funds recovered from this fee are to be placed into Public Education Line for use in accordance with 2% dues</i> <i>**Additional fines and fees may also be applicable in addition to this fee.</i>	The Department offers free burning permits to residents that wish to burn yard debris. The purpose of the permits is so that if a passerby reports the burning debris a full-department response is not needed. These permits also help identify potential areas of hazard and inform the residents about the burning requirements. Many residents may not know of the burn permit availability and currently if we were to assess a fine it would be \$250. With the proposal the first instance would be no charge*, the second instance would be \$150*, and the third would be \$250*. Note that other fees may stack onto this category, for one example if a Burning Violation resulted in a brush fire costs for apparatus, materials, etc could be added.

Administrative	
Fee Description	Explanation
Fire Sprinkler Plan Review	These fees are performed in conjunction with SafeBuilt and they would receive their contractual amount from the amounts listed. These processes take time, knowledge, and occasionally multiple people to perform or review. Some of the processes are multiple hours long, or require multiple visits. The increases reflect the skills and time required to perform these tests.
Fire Alarm Plan Review	
Fire Sprinkler with Fire Pump Review	
Fire Alarm System Test / Acceptance	
Sprinkler System Test / Acceptance	
Fire Suppression System Test / Acceptance	
Standpipe System Test / Acceptance	
Private Fire Hydrant Flow Test	
Smoke Evacuation System	
Inspection Outside Normal Hours (Before 0700 or After 1600)	The Departments inspectors work Monday-Friday 0700-1600. This fee would apply if the business requests an inspection outside of these hours.
Public Record Request Fire or EMS Report	Although the cost of office supplies has increased, the true cost for Records requests is in the labor. The potentially significant amount of time going through records and compiling the correct data. This adjustment better reflects the time spent performing records requests. Note that this fee is significantly under our estimated cost. This was intentional as to not discourage the public from seeking information.
Public Record Request 8.5"x11"	
Public Record Request 11"x17"	
AHA Heartsaver CPR & AED Training (Minimum of 5 to host class)**	These are courses taught by the Fire Department to Civilians, Businesses, and First Responders. It should be noted that the Department acts as a pass-through for these fees as a portion is sent to the American Heart Association for course materials and certificates.
AHA BLS CPR Course **	
AHA Bloodborne Pathogens (Online course access only, not in person)**	
AHA Heartcode Advanced Cardiac Life Support (ACLS) Refresher**	
AHA Heartcode Pediatric Advanced Life Support (PALS) Refresher**	

Fire Inspection of Commercial & Multi-Family Structures	
Fee Description	Explanation
Reinspection <i>*(Funds recovered from this fee are to be placed into Public Education Line for use in accordance with 2% dues)</i>	With some exception the State requires the Department to inspect every business 2 times per year within the coverage area. During these inspections occasionally there are violations that require remediation from the property owner. The Department establishes a timeline for the repairs to be completed based on several factors including severity of violation, realistic timeline, and occasionally input from the business. Once the timeline is complete the Department must return to verify the violations were remedied. If the violations are not remedied the Department establishes another timeline and the cycle repeats. From time to time there are businesses that do not follow the Department mandated timeline and therefore require numerous trips and time back to the business. This fee would assist in covering some of those costs while encouraging the business owners to fix these life safety violations.
Violation	The Department has multiple avenues to determine what steps need to occur if there is a violation. One of the routes is to assess fines in accordance with local ordinances each day that the violation exists. This is also how the Department operates currently and is only used in very extreme circumstances. This may only get used once every decade but is important for the Department to have in order to ensure life safety.

BUSINESS OF THE GENERAL GOVERNMENT AND FINANCE COMMITTEE

MEETING DATE: July 7th, 2025

PLACEMENT: Action Item

ITEM TITLE: Update Billable Services

SUBMITTED BY: John Delain, Fire Chief

SUMMARY EXPLANATION:

We are requesting modification and additions to our Fire and EMS fee schedule.

- The costs of supplies, equipment, and personnel have and continue to increase substantially each year.
- Some items on the current fee schedule are outdated, while other items are non-existent.
- New State and Federal programs require a fee schedule to qualify for certain reimbursements.
- A full review of cost to provide services was completed in 2023 for the Center for Medicare Services (CMS) called the Ground Ambulance Data Collection System (GADCS).
 - Average cost per call is over \$2,000.
- **Updating fees does not guarantee an increase in payment.**
 - Medicare / Medicaid are fixed amounts.
 - State and Federal Reimbursements are fixed amounts.
 - Some calls are never paid, others are only partially paid.
 - Negotiated payments with billing company contract
- Significant reduction in man hours spent reviewing calls for billing purposes.
 - Currently Each call is reviewed prior to being billed, which takes approximately 5-7 minutes per call or 175 hours per year.
 - This update will reduce the time required to less than half.

As part of the negotiations with Paramedic Billing Services (The Fire Departments EMS Billing Agency), the Department was able to negotiate the same percentage cost share for Fire calls as EMS calls, which is 3%. For reference prior to changing companies our old company had a 7% fee for EMS, and an 18% fee for fire. The board approved this transfer in 2024.

Many of the EMS fees appear to have very significant increases. While the updated fees are generally an increased amount, the actual percent increase will vary from call to call. This is largely because the current billing method takes into account every supply used from linens and pillows, to IV's and medications. Whereas the recommended method all of the costs are seen in one line.

Updating fees is a challenging process that has taken a considerable amount of thought and time. In this process we have heavily weighed the impact on users, the increases in costs for services, and our unwavering commitment to the Village. The updated fees more accurately reflect the fire department's cost for service and will improve department capacity to apply for State and Federal reimbursements.
